

NEW HIGH PRICES ESTABLISHED IN NEW YORK RAIL GROUP

TELEPHONE SHARES PRICES HIGHER

Wall Street, New York, April 21.—Bond prices were higher today except in the Liberty loan group where all except the tax exempt 3 1/2s sold most of the time slightly below Thursday's quotations. Whatever was responsible for this reactionary tendency in United States government securities it failed to depress the rest of the market. The domestic railway and industrial bonds were active as they had been during the past few months. The number of new high prices increased. The advance in the better grade of railway mortgages, particularly, was moderate but quite general while the speculative issues in general advanced more than the others. Foreign government securities external bonds kept steady at their top prices. Argentine 5s were at a new high around 100.

United States Steel sinking fund 9s after their sharp advance to 100, sold after that figure today. Most of the day's irregularity in bond prices lay chiefly in the industrial list although two previous high records were broken and strength was general. Chile copper 8s, 100, was up 1/2 point to 100 1/2. American Telephone & Telegraph bonds, led by the convertible 6s, gained ground and the Atlantic Fruit 7s were active at an advance of more than a point.
