

HALL CHALLENGED BY PATTERSON TO MEET IN DEBATE

Senator I. L. Patterson, candidate for governor, through his campaign manager, W. E. Burke, has challenged Charles Hall, another candidate for the same office, to meet him in joint debate concerning Hall's is controller, direct or indirect, with the Pacific Telephone & Telegraph company.

LETTER HURTS CHALLENGE

Burke, in his written letter of challenge sent to Hall at his headquarters in the Multnomah hotel, points out that the report of the Oregon and Curry Telephone company, of which Hall is president, which report for 1921 is filed with the public service commission, shows that Hall's company is controlled by officials of the Pacific company.

COMPROMISING POSITION

"This report," Burke continues, "would naturally put you in a compromising position before the people at this time, as there will be a bill before the people at the fall election which in case it should carry, would make the public service commission appointive by the governor."
