

TWO GIRLS, 17, WALK HERE FROM WISCONSIN HOME

Agnes Boldt and Hazel Jensen, 17-year-old cousins from Kenosha, Wis., are the latest cross-country hikers to reach Portland. They left their home three months ago and wandered on foot and by automobile over the Santa Fe trail to California and will return by the northern route. While in Portland they are visiting their aunt, Mrs. N. Purin, 1459 Multnomah street.

The girls number among their experiences nights spent in jail in three different cities, Santa Fe, Albuquerque and Los Angeles, where they were suspected of being runaways because of their extreme youth. Although they carried with them letters from mayors and chiefs of police, the authorities thought they were faked and kept the girls in jail while they investigated.

The girls have a heavy coat of tan, wear their hair bobbed and wear enough jewelry to stock a curio shop, which they acquired at the various Indian reservations through which they passed. For about a month they saw only Indians and Mexicans.

The girls are also well supplied with guns. They started out with one each, but gradually accumulated others until they had seven. Finding these too many to carry for comfort they lost two and sent three home.

"Oh, the sheriffs and chiefs of police would give them to us," explained the girls. "We would just hand them out to us."

"We had a lot of hardships," said Miss Boldt. "It is all right so long as you don't know what is ahead of you. We are going to finish our trip, and we expect to find it pleasant going over the northern route."

Miss Boldt had no family to object to her taking such a trip. Miss Jensen's family objected strenuously, but when Miss Boldt started alone, they finally permitted Miss Jensen to join her at Kansas City.

"We are going to do more actual hiking from now on," said the girls. "We had to accept a great many rides through the desert country because of the long stretches and scarcity of houses. There were a great many wild animals in some of the parts we went through and we could hear the coyotes quite close at

nights, as well as some other animals that we did not know."

You Can't Deceive This Bootblack, Who Votes His Convictions

Out in South Portland a thoroughfare meanders toward Oswego by the name of Corbett street. When choosing a browsing ground for a distribution of literature and for questioning his would-be constituents, Harry L. Corbett, candidate for the state senate in the coming primaries, chose Corbett street as a matter of course.

He came to a young bootblack sitting at ease in front of his stand. Out came the inevitable card, which was read more or less laboriously.

"Corbett, why dats the name of dis street," said the shoe-polisher.

"Er-ah, yes," said Corbett, who is notoriously modest, "the street was named for my great-grandfather."

"Whattas ya know about dat," grinned the other. "I thought it was named for ole Jim Corbett, ex-champ. Well, you look like a Corbett, but I'll vote for ya." He extended a grimy hand.

Gold Anniversary To Be Celebrated With Relay Race

The Dalles, May 17.—Ralph M. Curl and L. Woldenberg of Canyon City, are here as representatives of the "Whiskey Gulch" gang, making arrangements for the start here of the pony express relay race which will be staged June 3 as part of the Old Discovery anniversary celebration at the "Old Diggins" in Grant county.

Four teams have been entered so far and it is expected that the number will be doubled by midnight of May 20, when the lists close. The prize will be \$1000 in gold dust, according to Curl. At least one woman will enter the race.

The riders will leave here at 15 minute intervals, starting at 1 o'clock June 3. The first relay is Shinarump bridge, 30 miles distant, where the contestants will change horses for Antelope, another 35 miles along. Thereafter the changes will be made at Burnt Ranch, 35 miles; Mitchell, 17 miles; Antone, 22 miles, and the Braga ranch, 26 miles. Canyon City is 24 miles beyond the ranch.

GOLDENDALE TO BE VISITED
The Dalles, May 17.—Thirty members of the Chamber of Commerce have signed up for the "Friendship Trip" to be made to Goldendale and other points in Klickitat county Friday afternoon to meet the business people of those sections.

The Cost of Rotting Buildings now running into millions

A ROTTING building is absolute waste, because a small investment in paint will save it. A building that is not protected by paint must either be rebuilt or repaired in a few years at a costly figure.

Check the costs. Compare the prices of paint and lumber. Can you afford to bear the expense of rebuilding or repairing your home, when to save it costs so little?

When you paint, make an additional saving by using the best paint. It spreads easily—saves labor cost. It covers more surface per gallon than "cheap" paint.

But more important, the best paint serves five or more years longer than "cheap" paint.

The best paints are scientific in formula and preparation. We've been making them for 73 years.

The best materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc, and pure colors—are combined in Fuller's Paints in scientifically exact proportions with long-time crack.

Free Advice on Painting

Ask our agent for advice, color cards, etc. Ask the Fuller Specification Department about the most desirable color schemes, color harmony and any other details. Take advantage of Fuller House Paints. Paint now! Don't let weather depreciate your investment.

W. P. Fuller & Co. Dept. 39, San Francisco Pioneer Manufacturers of Paints, Varnishes, Enamel, Stains, and PIONEER WHITE LEAD for 73 years. Established 1849. Dealers everywhere. Branches in 19 cities in the West.
