## June Brides Are Now Center of Social Attention

By Helen Hutchison  
WITH the approach of summer, functions for June brides begin to loom on the horizon. This week will witness two weddings of wide social interest to Portland folk, although one of them will take place in Seattle. The marriage of Miss Ruth Small and Mr. Preston Brady Delano of San Francisco is to be an event of Tuesday evening and the wedding of Miss Grace Fischer of Seattle and Mr. George Alson Kribs of this city will occur the same day at the home of the bride's parents in the Sound city. The week's chronicle bears the record of many teas and luncheons and dinner parties for out of town visitors. The presence in the city of a number of distinguished physicians attending the tenth annual reunion of the alumni of the University of Oregon Medical school has been the inspiration for several social affairs. Sir Thomas Lewis of London and Lady Lewis, who have been guests of Dr. and Mrs. Noble Wiley Jones, have been extensively entertained and other visitors have shared in festivities planned for their pleasure. The return of the first large coterie of college folk, the Mills college group, begins a round of informal affairs among the younger set and soon the summer program of social doings will be under way.

Dr. Richard B. Fitchum, dean of the University of Oregon medical school, was host for a dinner at the University club Tuesday evening in honor of Sir Thomas Lewis of London, who was in Portland last week for the tenth annual reunion of the alumni of the school. ## Rose Show Will Be Largest Ever Held in Portland

MANY Portland folk are keenly interested in the weather predictions and temperature reports just now, meanwhile keeping an anxious eye upon the cherished buds from which prize-winning roses are expected to materialize for the annual rose show, the central feature of next month's Rose Festival. Currey, veteran rose culturist, who is supervising the working out of extensive plans outlined by Mr. Guy W. Talbot, president of the Rose society, before his departure. A large and enthusiastic committee is busy under Mr. Currey's direction, at various tasks. One of the most energetic workers is Mrs. W. E. Roberson, to whom was assigned the task of interesting new exhibitors of former years who have not been displaying their blooms for several seasons.
