sutrer struction is showing a mixed condition today but prices are generally unchanged. City hakers report an actual shortage of butter as simpared with the demand while some of the out of town receivers claim their inability to force a ctick morement without sacrificing values. In any event it is noted that the price of cubes has not followed the advance in prints.

City prints are moving at 36c a pound but those that have trued to secure such a price for cut of town make, have been unable to do so. There is usually a differential of 15c to 1c a fut of town make, have been unable to do so. Here is usually a differential of %c to 1c a pound in favor of the centralized product.

Butter continues to move into storage at all points. Shere is an increasing movement into ne houses aithough this is done in spite of the fact that the market demand appears sufficient to absorb all offerings. California appears to have run riot in regard to storage and its holdings in ice houses are above those of a year ago at this period despite the fact that in the country generally the volume in storage is smaller as yet.

Those desiring special information regarders any market should write the Market Editor, bregon Journal, enclosing stamp for reply. EGG TRADE IS STILL UNCHANGED Egg trade continued unchanged, both as regarding buying and selling prices for the day. There is a decreasing movement to market noted but as cold storage operations are smaller, all wants are being filled.

CHEESE MARKET HOLDS STEADY Cheese market reflects a steady tone here for Tillamook stock with little price shading indi-cated. Other cheese is showing a good move-ment but 4c to 5c below the Tillamook. STORAGE VEALS ARE SOLD FOR

By Hyman H. Cohen Potato market has dropped into extreme pression in this territory and many belated fair sellers are vainly trying to interest buyers in their supplies. Yakima is today selling potatoes at Pertland at a price that in some instances is less than the freight charge, while numerous sales have been made of late at values that the winter worth to a local firm around live per cental f. o. b. Portland, while the better class offerings from that territory are available around 100 cc 11 for Portland delivery. There are practically no takers at the higher values. For local potatoes very limited purchases have been made around 75c for good quality. Off grade stock has sold around 50c with few willing to take hold.

Selling price of potatoes along Front street, is rather mixed. Some of the dealers have high frieed stock on hand and are trying to lighten their losses with an asking price of \$1.50 per cental. Armour Buying Checks Declines In Chicago Wheat

Chicago, May 25,-It was generally believed

Chicago, May 25.—It was generally believed that the May wheat deal is over. There were \$22,000 bushels of wheat delivered to May longs before the market opened and no one seemed to want to finance the cash wheat, nost of which came out in the pit again. This liquidation caused a break of nearly 5 cents from the close of the day before. Later Armour bought the wheat, checking the decline, and caused some recovery. The deferred futures were depressed by the action of the May, but there was heavy ocvering by shorts on the break and this held the losses down to narrow limits. Weather and erop news was generally favor-Weather and crop news was generally favorable, Receipts continued heavy. Milling demand for wheat is quiet and the demand for export wheat was confined to a little wheat for nearby slipment for Germany, Cabins were lower with Argentine chipments about the lower with Argentine chipments about the same as a week ago,

Corn was depressed by the break in wheat. There was selling by commission houses and locals early. Later prices recovered much of the loss on buying of July by an export house and covering by local shorts. The demand for cash corn was quiet both for domestic and export secunt. locais early. Later prices recovered much of the loss on buying of July by an export house and covering by locai shorts. The demand for cash corn was quiet both for domestic and export account.

Outs held well. There was little broak at the outset, but a recovery was noted when shorts attemped to cover. There was a good demand for cash cats in evidence. YOUNG ROOSTERS EXCEPTED and covering by local shorts. The demand for cash corn was quiet both for domestic and export account.

Outs held well. There was little break at oversupplied market. Broilers and frees the outset, but a recovery was noted when classes of poultry suffered thirp declines on a weak oversupplied market. Bruilors and fryers weighing from 1 pound to 2 ½ pounds were generally lower in price and not in great demand. On the other hand, young colored roosters weighing 3 pounds or better are rather scarce and in fair demand. They are advanced to 54 % 60c a pound. Trading in large colored hense was very slow and prices lower while ducks are hard to move at any reasonable price.

The supply of cherries and gooseberries was more liberal but they were selling more allowly. Cherries were selling from 10 to 17c a pound. Strewberries were easier and much fewer drawers were bringing 50 cents while most sales were recorded from 45 to 55 cents depending on quality.

Oats held well. There was little break at the outset, but a recovery was noted when shorts attemped to cover. There was a good demand for cash cats in evidence.

Provisions were quiet with trade mostly in lard. Prices were firmer with hogs.

AMERICAN LIVESTOCK PRICES
Chicago, May 25.—Demand for all kinds of livestock showed improvement during the present week, Cattle supply increased nearly 4000, compared with last week, while hogs also show a larger total. This did not seem to hurt the trade, however. A decrease of about 17,000 live mustoms compared with a week age helped values to a big gain during the period. Receipts were estimated at 11,000 cattle; 24,000 hogs; 12,000 sheep and 6000 calves.

Cattle—Choice steers were in good demand, and values were steady to strong. Yearlings and heavy steers sold at \$9 @ 9.25, with two heads of young stock at \$9.50. Some 1500-pound steers were fully steady, and many sales were made at \$8.50 @ 9. Unite cover and heifers were steady, yet the trade was not active here. Canners sold at \$3.60 @ 3.85 on a strong market, while bologna bulls also were a dime up, with good lots at \$4.75 @ 4.85. Small killers paid up to \$11 for calves, with bulk of vealers at \$9 @ 9.50, on a steady to firm market.

Hogs—Light hogs sold strong with yesterday's best time, or at \$10.35 @ 10.75, with 240.260-pound stock at \$10.60 @ 10.65. Rough packing grades went at \$10.35 @ 10.75, with 240.260-pound stock at \$10.60 @ 10.65. Rough packing grades went at \$9 @ 9.50, with good lots at \$9.60 @ 9.80. The trade was easy at the close.

Sheed—Best lambs held steady. Choice Calilose. Sheep—Best lambs held steady. Choice California springers sold at \$15.50 @ 15.75, while good natives went at \$15.50. Shorn lambs at \$13.25 were 25c lower, while aged mut-

Two more charters of Japanese steam ers for the movement of the old grain crop from Portland were announced today, bringing the number of vessels en route for this business to 11. Another of the en route list has been removed from the grain boards with the arrival of the British steamer Cape Ortegal, which is lining at Peninsula mill today One of the new charters is the steamer Vancouver Maru, which was reporte to have left Kobe today for the Columbla river. This ship has been taken by Balfour-Guthrie for June loading and is of 4259 tons net. This vessel will take grain for the United Kingdom or the continent.

Another new charter is the Liverpool Maru, which was reported to have left Kobe May 19 for the Columbia river. The Liverpool Maru has been taken by the Portland Flouring mills company for June leading to the United Kingdom or the continent. This ship is also 4259 net. Both of these vessels are owned by Su zuki & Co. and bring the number of ships intended for this port next month to six from this company. The Japanese steamers have been getting the edge of the business on the old crop movement. The British have four en

The announcement by the Portland Flouring mills is the first on the en route board for them and the other is the second for Balfour-Guthrie. BUILD SMALL WAREHOUSE Permission was granted the Port of Portland today by the commission of public docks at its regular meeting, to onstruct a small warehouse north of the O-W. R. & N. bridge between North Front street and the river. The port commission intends to place several floats at this point and build an incline to the small warehouse which will serve as a storage point for gears and small stores of supplies.

The commission authorized the purchase of a new automobile and likewise the sale of an old automobile. A communication was read relative to United States warehouse act and following favorable comment on federal regulation was passed to G. B. Hegardt for further consideration and a report. Granting of a permit for the sheer leg dock, which was erected recently by the Willamette Iron & Steel company without wermit, was authorized with. the provision that certain additions be made to the structure. Completion of the sprinkler system in municipal terminal No. Iwas authorized and the claim against the Continental Pipe company for a small sum was ordered written off.

THREE MORE ATLANTIC-GULF SHIPS HEAD FOR PORTLAND Three more Atlantic Gulf & Pacific steamers are en route to Portland following the Cape Henry, which left down Wednesday night and passed out to sea hai. at 6:20 o'clock this morning with a consignment of general cargo, including fr lumber, cascara bark and machinery. 1.25 The Cape Henry will go to Puget Sound, where she will take aboard a full cargo lumber for Atlantic Coast points. The steamer Liberator will call here June 5 with a good tonnage for this port, and will make Savannah on 9.... 924 \$ 4.00 her return to the Atlantic.

SCHOONER TO BE BUILT HERE FOR S. S. FREEMAN COMPANY Construction of a steam schooner similar to the Quinault will be started immediately by G. F. Matthews, who took over the plant of the Peninsula Shipbuilding company last year, according to announcement made by Matthews on his return from San Francisco Wednesday. The vessel will be turned over to the S. S. Freeman company of San Francisco. It will be 215 feet in length, or 225 over all, with a beam of 43.6 and a depth of hold of 15.6 feet. She will be equipped with a triple ex-pansion engine of 750 horsepower and will have a carrying capacity of 1,300,-000 feet of lumber. Work will not be hastened on the craft, which probably will not be in service until early in 1923.

INTERCOASTAL CARRIERS IN PROCESSION TO SEA TODAY Intercoastal carriers were formed in a procession to sea today from Port-land, one of the heaviest outbound movements of this class of steamers recorded in several months being noted today.

The Pleiades of the Gulf service for Luckenbach got away, followed by the 80 miles south of Columbia river.

Cello, San Francisco for Columbia River, 105 cott of the Atlantic service for the same company. The Selma City was sent out late today by Norton-Lilly, and the Cape Henry of the Atlantic, Guif & Pacific left Wednesday night.

The steamer Red Hook, Swayne & Hoyt, with an unusually large cargo of eastiron pipe consigned to Portland from New Orleans, left San Francisco Wednesday, according to advice received by the Merchants Exchange. The ship will be handled here by Swayne & Hoyt.

After completing a deck load of lumber at the pastern & Wastern plant Wednesday, the steamer West Keats of the Columbia-Pacific Shipping company, moved to the Shell Oil company dock today to take aboard fuel oil for her voyage. today to take aboard fuel oil for her voyage.

Although the San Francisco Guide carried the report of the chartering of the Kinkasan Maru by the Pacific Export Lumber company for loading in the Columbia river, the local office of the company said the vessel would be diverted to Puget Sound for loading creosoted lumber for India. The St. Helens Creosoting plant was supposed to have handled the creosoting work for this vessel's cargo, but has been overloaded with orders for similar work for cargoes destined to Mexico.

Captain William Hall, former master of the Admiral line steamers City of Topeka and more recently the Admiral Farragut, took the steamer Admiral Rodman out yesterday, relieving Captain Tibbetts, who joined the deck staff of the Admiral Farragut. The Admiral Farragut will arrive in port about 2 a. m. Friday morning and will sail at 4 p. m. Saturday for San Francisco.

CHILLICOTHE TO REPLACE WRECKED BARKENTINE BERLIN

The American ship Chillicothe, pur-

Packers' association, has been chartered to replace the barkentine Berlin, which was stranded on the flats off the Ugaguk river in Alaska last week. The Chillicothe will go north today in tow of a San Francisco tug, so a quick journey will be made. The Chillicothe was formerly the German sailer Arnoldus Vinnen, which was seized during the war, Masts of the Berlin have been cut down to give the wreck buoyancy, so some of the supplies in the lower hold may be
