

MADDOO FLAYS HARDING REGIME; SCORES POLICIES

(By United News)
Hutchinson, Kan., May 25.—W. G. Maddoo, former secretary of the treasury, broke his long silence Wednesday night and in an address here denounced the politics of the Harding administration, and predicted that prosperity would not return to the United States until the Democrats are returned to power.

McAdoo, although boosted here as the Democratic candidate for president in 1924, refrained from touching on the next presidential campaign, but Democratic leaders felt he was discussing the issues that will be raised in the next national campaign.

McAdoo condemned the four-power treaty of the Harding administration, the administration's tax measures and the new tariff measure. He accused the Republican leaders in Washington of trying to isolate the United States both politically and economically from the rest of the world.

In discussing the change from the conditions under the Wilson administration and those existing today under Harding, McAdoo charged the next country had given up "shirt sleeve" diplomacy for "shirt tail" diplomacy.

McAdoo was the principal speaker at the meeting of the state Democratic committee to lay plans for the primary campaign and to complete arrangements for the congressional headquarters in each district.

Rigid Exclusion Act Urged for America

Washington, May 25.—A rigid exclusion law to keep out of the United States all Japanese and other aliens who are

ineligible to citizenship is recommended by Attorney General Webb of California in a letter to Senator Shortridge. The attorney general endorsed the immigration bill introduced by Shortridge which provides for registration of all aliens and the collection of a head tax upon registration. He suggested, however, that in addition to these features there should be a provision excluding from entry into the United States all who are

Woman Is Fined for Abusing Grandchild

Mrs. M. A. Hill was fined \$25 in municipal court Wednesday afternoon on a charge of cruelty preferred by agents of the Oregon Humane society. Four-

teen witnesses had testified that Mrs. Hill, who lives at 11th and Hall streets, had beaten and kicked her 7-year-old granddaughter Violet, and that beatings were almost of daily occurrence. The society had been urged by a woman's club to investigate and prosecute complaints it had received. Violet is a pupil at the Ladd school.
