Market for butter continues to reflect a strong tone. Here and there the trade is in-clined to shake its head and way things that are not exactly kind regarding the immediate future of prices, but the fact reinings that this same sort of talk goes on all the time. While the Shriners' convention at San Franchese aided, that searket is continuing re-markable atrength recently, and considerable stock was taken from this direction. The heated period in the South scarcely indicates that the output of butter there will be in-creased. Strawberries sold at practically unchanged prices on the market for the week's opening. Marshalls are now in

Naturally, the trend of the butter market a lways debatable, but nevertheless the South ontinues to offer strong bids for butter here and prices hold fully strong for, cubes. No hange in the price of prints is suggested. Butterfat situation continues of like char-eter. The fight is particularly warm in and prices

ter. The fight is particularly warm in fty is quoted from 30 to 40c a pound utiwestern Washington. Review of the butter market at San Fran-
