ANTI-CATHOLICS WIN IN OUTSIDE SCHOOL LINEUPS

Injection of the religious issue into school board elections in several Oregon cities Monday resulted in victories for the anti-Catholic candidates and Mrs. Lily Crowder, Wasco, matheby overwhelming majorities.

In Eugene, where the issue was clear-cut, Mrs. Roy Loomis was elected over L. L. Ray, president of the Chamber of Commerce, by more than a 3 to 1 vote.

In Pendleton, James A. Fee re ceived all but four of the record totalof 585 votes, the volume of which resulted from & current rumor that the name of another was to be written in. As it turned out, Fee was the "dark orse" candidate as well as the de- ations for payment of troops next clared candidate.

OREGON CITY GROCER IS NAMED SCHOOL DIRECTOR

Oregon City, June 20 .- In one of the hottest fights which has ever been waged here over a school election, E. T. Beverlin, a local grocer, was elected to the school board to fill the position left vacant by the expiration of the term of J. E. Hedges, chairman of the board and candidate for reelection. The vote was 540 to 463. Five ballots were thrown out by the judges, making a total of 1008 votes, nearly 100 more than the number cast a year ago. Hedges has served on the local school

board for 18 years and is a member of the board of higher curricula, having been appointed in 1909 by Governor Chamberlain when that body was

The newly elected officer will take his position at once. Other members of the board are O. A. Pace, J. A. Roake, C. H. Meissner and Roy B. Cox. At Gladstone last night at a school election Charles T. Sievers was elected school director to succeed Brenton Vedder, whose term had expired and who was not a candidate for reelection. A hot fight was expected there, as it was considered probable that A. D. Paddock would run. Paddock, howeyer, was not nominated. Sievers was named by William Hammond, and immediately a motion was made and seconded to close the nominations and an unanimous vote was given Sievers. Paddock was the leader in a recent recall threat made against Vedder, who is the mayor of Gladstone. It

was expected then that Vedder might be a candidate for reelection. T.-F. Meeds was elected secretary of the school board over William Rivers by a vote of 142 to 60. Rivers was nominated by Paddock, and Meeds

was named by C. A. Frost, a member of the council, whose name was included in the threatened recall. The meeting also approved the school

budget, which included an increase of 10 per cent. The additional amount of \$1284 is to be used to create a fund for the purchase of additional property.

DATTON NAMES HESSLER Dayton, Or., June 20 .- At the annual meeting of the Dayton school district yesterday George Hessler was elected director and W. T. H. Tucker clerk. YIELD IN PLAN OF **ELASTIC TARIFF?**

By David Lawrence

(Copyright, 1922, by The Journal.) Washington, June 20 .- As the climax approaches in the debate over the tariff President Harding finds himself confronted with a choice between surrendering to congress on the question of elasticity and flexibility in the making of tariff rates hereafter or making determined fight for the extension of the executive or a tariff commission of power to correct such iniquities as may develop in the actual working out of rates in the pending bill.

President Harding has had many complaints that the high tariff pending now in the senate would injure American foreign trade. MONEY TO FOREFRONT

Congress has refused heretofore to permit anybody to determine tariff rates for exactly that reason-as camential men in a constituency have looked upon their representatives in themselves as being surprised and congress as their particular agents in tariff matters. Both Republicans and Democrats will admit that practically every tariff bill in the past has been influenced by considerations of party politics.

The situation today is unique. Many staunch Republicans who think Ameri-FOUND ANNOYING can prosperity depends upon getting more goods sold in Europe, more cotton and agricultural products—for the war expanded American production and left us with surplus supplies-are contending that any tariff at all will ruin American exports as well as import trade.
