### CORONER'S JURY Where the New School Houses Will Be U. IN SPRUCE ROAD

FREES F. G. KERN OF MANSLAUGHTER

F. G. Kern, 27, facing charges of manslaughter in connection with the death, June 19, of Edward Cushmore, 61-year-old piano polisher, was held not responsible for the fatality by a coroner's jury which inquired into the death Monday night. Cushmore died as the result of a fracture of the skull received in the course of a fist fight with Kern. "We hold no one responsible for the

death," the verdict read.

The findings of the jury will have nothing to do with the criminal prosecution of the case, according to Deputy District Attorney John Mowry, who is preparing to present the case for pre-liminary hearing before Municipal Judge Ekwall July 6.

According to the verdict, Cushmore came to his death "as the result of a fall, his head coming in contract with a tile floor, causing a fracture of the skull; such fall resulting from a fist fight with F. G. Kern in the office of the Ellers Music House."

Funeral services for Cushmore were held at 2 o'clock this afternoon at the Holman undertaking chapel. The United Spanish-American War Veterans vere in charge. Interment was in Riverview cemetery.' A final salute over the grave fired by a squad from Vancouver barracks was the conclud lug features. Cushmore served with the Second Pennsylvania volunteers Uuring the Spanish-American war.
