"In this case the conflict is not between the employer and the oppressed employes. The people of this gountry, through an act of congress, signed by President Wilkon, estab-lished a tribunal to decide such disputes over wages and working conditions, which are sub-mitted to it in a proper manner. It is the decision of this tribunal sgainst which the shop orfaits are striking.

They are not accepting the wages and riting conditions which an employer is try-to impose.
