## SKAGGS Cash

Money saving UNITED STORES stores

Should you ask a friend why she likes and patronizes SKAGGS STORES she would probably analyze her reasons about like this: "Well, I know I get just what I want and pay for just what I get. I know, and they know, that I don't owe them anything, and there is no deviation of price between me and my neighbor. I know that the goods are fresh and clean, and well displayed and priced, making for an easy and quick selection. I know that I am not urged to buy in larger quantities than I desire and am never offered substitute brands; that the stocks are most complete, and that nationally advertised brands are featured; that there is a brisk, snappy, business-like air maintained by the personnel, and—Well! I just like that lingering feeling of personal independence in my buying which one can enjoy there."
