# BEN HOOPER CALLED FOR CONFERENCE

(Continued From Page One)

"confer with its men" in an effort to reach an agreement.

Another optmistic development was the decision of the federal court of appeals here, reversing Federal Judge Page in the Pennsylvania case and restoring to the United States railroad labor board certain powers to protect the interests of the unions. This removes one of the grievances of the striking shopmen.

Maintenance of way chairmen were to meet in Detroit today with President E. F. Grable to definitely decide whether Grable's peace negotiations will be adhered to. Indications were that the conference will uphold their leader.

### TWO RAILROADS ASK FOR SEPARATE PEACE PARLEY

Chicago, July 21.—(I. N. S.)—Whether the striking shopmen will make separate peace with individual railroads or insist upon a blanket settlement of the controversies will be decided, it is expected, at the meeting today of the executive council of the railway employes department of the American Federation of Labor.

Two railroads, the Baltimore & Ohio and the Southern railroad, have expressed willingness to negotiate with their employes for an adjustment of the controversy. B. M. Jewell, strike leader, and his executive committee will meet here today and, it is believed, will decide whether to sanction or oppose individual settlement with the various roads.

If decision is reached to negotiate with the roads individually it is believed that other railroads will follow the lead taken by the Baltimore & Ohio and the Southern.

Much interest was manifest here today in the meeting of the grand lodge of the Brotherhood of Maintenance of Way Employes in Detroit, which is expected to decide that union's attitude toward the strike. Advices received here declared that E. F. Grable, head of the brotherhood, is confident that no strike of his organization will be ordered.

### STATE TROOPS GUARDING MEN AT WORK IN MINES

Pittsburg, Pa., July 21.—(U. P.)—Preparations to mine coal under the "Harding plan" were under way today in Western Pennsylvania bituminous coal fields.

Eleven hundred troops of the Pennsylvania National guard, equipped for modern warfare, were rushed into five western counties to afford protection to workers who would save the nation from a serious coal famine this winter.

The troops received verbal orders at Harrisburg today for immediate entrainment into parts of Washington, Fayette, Somerset, Indiana and Cambria counties, from which they can be dispatched to scenes of possible uprisings of strikers.

A battle marked with shootings and attempted dynamitings broke out in Fayette county coal fields today between striking miners and guards as national guardsmen converged on the disturbed area.

Guards at the Dearth mine, owned by the H. C. Frick Coke company, opened fire on miners as they attempted to set fire to the tipple.

Investigation showed that an attempt had been made to dynamite the mine.

### OPERATORS GIVEN TWO WEEKS TO SHOW PRODUCTION

(By United News)

Washington, July 21.—The government will give the coal operators about two weeks in which to make a production showing in their reopened mines. That such a more or less elastic limit has been fixed for the experiment by President Harding was revealed in a high official quarter late Thursday with the further statement that the administration was prepared to take one of two steps if failure were the outcome:

1. Urge the operators, in view of the fact that their reopening had not produced sufficient coal to warrant continuation of the effort to come to terms voluntarily with the miners.

2. Seize and operate the mines, if necessary, but preferably apply such added powers as are expected soon from congress to cope with the situation.

### NEW HAMPSHIRE TROOPS CALLED TO STRIKE DUTY

(By United News)

Concord, N. H., July 21.—Governor Albert Brown ordered out troops of the New Hampshire national guard for duty in the Concord area, following a conference Thursday with state officials at Manchester.

This action follows an attack upon strikebreakers in the Concord yards of the Boston & Maine railroad Tuesday night, when several armed and masked men attempted to drive the strikebreakers from their quarters in the railroad yard.

The press committee of the federated shop crafts issued a statement in which they characterized the attack as a "frame up."

### CONGRESS MAY TRY TO FIX BLAME FOR BIG COAL STRIKE

Washington, July 21.—(U. P.)—Moves to end the nation-wide coal and rail striges, which are growing more serious each day, were under way in congress today.

A sweeping congressional investigation to determine the cause and fix the blame for the coal strike, with the ultimate purpose of enacting legislation to prevent future wars in this industry, will be initiated shortly by Senator Borah.

Senator Cummins and other members of the interstate commerce committee will attempt to bring about a settlement of the rail strike, through conferences with the executives and employes. The first of these conferences was held here last night, when Senators Cummins, Kellogg and Watson, Indiana, met leading rail executives.

### UNION OFFICIALS BELIEVE LABOR BOARD BEING "SHELVED"

Cleveland, Ohio, July 21.—(U. P.)—"Shelving" of the railroad labor board was seen here today by officials of the big railroad brotherhoods in the offer of the Baltimore & Ohio railroad to negotiate with the striking shopmen.

Warren S. Stone, president of the Brotherhood of Locomotive Engineers, predicted similar moves by other railroads.

"It seems that nobody is paying much attention to the railroad labor board," was Stone's comment.

### CITIZENS ARM

Fremont, Neb., July 21.—(U. P.)—Fremont is virtually under military law today with 150 citizens forced into arms by city officials to maintain law and order as an outgrowth of the strike of railroad shopmen.

The 11 Chicago & Northwestern strikebreakers who were driven out of town last Friday morning by strikers, were returned to the city today and escorted by the deputized citizens to the Dodge county courthouse where they will appear as witnesses against 15 strikers who are to be arraigned on the charge of abduction.

### SITUATION "SERIOUS"

Washington, July 21.—(U. P.)—Reports that the strike situation is "serious" in the Couer d'Alene district of Idaho were received today by Attorney-General Daugherty. Details were not made public.

# ELECTRIC ROADS STRIKE DELAYED

(Continued From Page One)

the same grievance against these roads as against all others," said Ross. "During the wage conference prior to the last cut the managers of these lines refused conference and refused to present figures to justify their action.

"The managers left all to the Association of Railway Executives, and these roads are a part of that same governing executive body that has continually demanded reduction in wages, abrogation of overtime and similar actions. The question of seniority is purely a question for the men to decide and has always been considered so by the managers. However, if the managers raise this question, the men never will return to work unless all rights are restored.

### OPPOSE TROOP GUARD

"The managers are simply trying to weed out all the intellectual men in the organized labor movement. The threat of federal and state troops will not frighten the men. Injunctions and federal troops failed to mine coal in Kansas, and will fail in like manner to operate the railroads.

"American citizens will not work under military control, and the roads cannot work long without the aid of the men now on strike."

The message from the executives said that the men on strike could return to their work; but never would have their seniority or pension privileges restored.

### FEDERAL COURT ISSUES INJUNCTION AGAINST PICKETS

Spokane, Wash., July 21.—(I. N. S.)—An order enjoining striking shopmen of the Great Northern railway in Eastern Washington from maintaining pickets about company property or from interfering in any way with new employes was signed Thursday by Federal Judge Frank Rudkin. Other railways here contemplate bringing similar action, it is believed. Affidavits in support of the restraining order, which is effective immediately, and which will undergo hearing to show cause why it should not be made permanent, allege four incidents of intimidation of strikebreakers. Affidavits also allege direct violation of the Sherman law and Clayton act, through interruption of interstate and intrastate transportation.

### STRIKE BALLOTS SENT OUT FROM SPOKANE TO RAIL MEN

Spokane, Wash., July 21.—Strike ballots have been sent out from Spokane to 1500 clerks, freight handlers, express and station employes on the Milwaukee lines west of Mobridge, S. D., following a conference at the Couer d'Alene hotel of 18 local chairmen of the board of adjustment of the employes' organization. H. F. Love, Tacoma, general chairman for the Western division of the Milwaukee, presided. Love said the ballots were sent out in response to requests of the men at various points along the division.

### LA GRANDE STRIKERS TAKE STAND AGAINST DISORDER

La Grande, July 21.—At a mass meeting of strikers here a resolution was passed declaring that the peace officials can handle the strike situation here and reaffirming the strikers' stand that no violence will be tolerated. The resolution was passed following the circulation of rumors that O-W. R. & N. will make an effort to have troops sent here to replace the civilian guards.

E. Jones, state stationary engineer inspector, who was here today, declared that all stationary engineers working here are unlicensed and that they will be examined Friday and the unfit will not be allowed to fill the strikers' places.

# STRIKERS' WIVES ARE COMPELLED TO WORK

(Continued From Page One)

"My credit good. I always pay my bills, somehow."

Only once has she been able to save money—"when Mister McAdoo ran the railroads."

"Mister McAdoo, he fine man," she asserted warmly. "He give my husband more pay than he got any time during the 12 years he worked at the railroad shop."

"At that time I could raise my children like American children—nice clothes, good education, all that. I dunno now.

"Mister McAdoo go. My husband get cut. Then another cut. Too many cuts. Can't do much on $130 a month. Then they lay my husband off for six weeks. They did that to a lot of other men, too. They know a strike was coming.

"I no go anywhere. I never saw picture show. Josie, she goes to the 10-cent show with the American kids—sometimes. I have no heart to keep her home."

The cost of living, had Mrs. Toczylowski noticed any decline?

Yes, in March, but prices now are as high as ever, she said. Her rent still is $16 a month. It takes $80 a month to pay the butcher and grocer. Then there is $3 a month for the gas bill and an occasional dress for Josie, shoes for the family—albeit Bennie was contentedly romping in the yard in his bare feet—payments on her husband's insurance policy, union dues, more than enough to eat up the family pay check.

### TOO LATE TO CLASSIFY 25

**Jimmy Wants a Book!**

Jimmy is just one of the scores of little folk who flock to the children's room at the library. But the books are so few that the late ones find nothing—or a mere handful of pitifully worn volumes.

And so we might go on to tell how in every department there is a crying need for more books. Every day the library has dozens of calls that cannot be supplied.

Give books to the library. Truly you could not do a more worth-while deed. Leave them at the Central library or at any of the branches.
