$566,585 IS VALUE OF WATER BUREAU EXPERT REPORTS

A total valuation of $566,583.25 has been placed on the property within the city of Portland owned by the waterworks bureau. Ernest C. Willard, who was employed some time ago to make the valuation of the water system of Portland, has filed this phase of his report, and it will be placed before the city council at its session Wednesday.

Willard states that this report is based on appraisals made under his direction by Strong & MacNaughton, and on a basis of "such values as those which would be paid by a willing buyer to a willing seller, and no recognition being given to the so-called 'public utility factor' in determining valuation," that being left to the judgment of the engineers.

There are three classifications of these properties: Used and useful in the operation of the bureau, amounting to $455,755.75; not used at present but held as reserve operating property, $175; non-operating or investment property, $110,607.50.

The schedule of "property used and useful" includes:

Moun tTabor reservoir site, $178,172; City park reservoir site, $176,680; Portland Heights reservoir site, $5500; Council Crest standpipe site, $1750; Willamette Heights tank site, $100; Burlingame standpipe site, $200; Fulton Park pumping station site, $550; Vernon standpipe site, $7900; St. Johns standpipe site, $2213.75; Ppper Linnton reservoir site, $50; Ppper Whitwood reservoir site, $100; Lower Whitwood reservoir site, $400; Kings Heights reservoir site, $450; Whitwood Court pumping station site, $75; east side water office site, $4100; east side storage yard site, $13,970; Albina office site, $3175; Albina warehouse site, $29,370; repair and meter shop site, $21,506; submerged pipe line rights of way, $9500.

CITY PHYSICIAN REQUESTS LEGAL CUSTODY OF PATIENT

Dr. George Parrish this morning appealed to Judge Jacob Kanzler of the court of domestic relations for an order placing in Parrish's custody as a temporary matter Zoe Thompson, young daughter of Hiram Thompson, so that she may be given treatment for diphtheria at the isolation hospital. Judge Kanzler is to pass upon the request this afternoon.

The little soin of Thompson died of diphtheria last week. The girl is now ill of the same disease and is at the home of her grandmother, Mrs. J. C. Wood, No. 194 Abernathy street, where, it is said, relatives refused to have medical treatment for her because of their religious beliefs.

The case was reported to the city health office Sunday. Dr. East of this department visited the house and administered antitoxin despite the protests of the grandmother and other relatives.

TO CHANGE ORDINANCE ON DEFINITION OF VAGRANCY

An ordinance will be before the city council Wednesday for the change of one word, by which city officials expect to be able to secure convictions in the municipal court in certain classes of vagrancy cases which heretofore have been difficult.

The ordinance defining vagrancy at present defines such a person as one "who has no lawful means of support." It is proposed to change the word "support" to that of "occupation."

This is especially designed, says City Attorney Grant, for the purpose of securing conviction as vagrants of men who habitually loiter about drinking establishments and act as lookouts and runners.

ORDINANCE COMMENDED

Carl B. Jenkins, secretary of the department of civics of the Kansas City Chamber of Commerce, has written to Mayor Baker congratulating Portland on having an ordinance that places personal responsibility for costs on individuals who start grass or brush fires that call out the fire department. He asked for a copy of the ordinance, stating that Kansas City proposes ot adopt similar legislation.

The bond of Martin was fixed at $300, which he has been unable to raise.

Toasts to Quezon On 44th Birthday Costs Manila $1500

(Special Wireless to The Journal and Chicago Daily News.) Copyright, 1922.

Manila, Aug. 21. — Manuel Quezon was 44 years old last Saturday and his American and Filipino friends joined in celebrating the event as well as his return from the United States, with a big "blowout" at the Santa Anna cabaret, which is to Manila what Rector's was to New York and Chicago in the old days.

The celebration lasted well into Sunday and proved that while the constitution, including the eighteenth amendment, may have followed the flag, the Volstead act has not yet reached the Philippines. Quezon's friends are said to have spent $1500 gold in wishing the house leader a happy birthday.

Some American residents who like Quezon personally, did not attend the affair for fear that their presence would be construed as an indorsement of his political attitude in demanding independence.

Sergio Osmena and his adherents on the Washington mission arrived home Thursday on the steamer President Lincoln ahead of the Quezon contingent.

"My wife and myself like America so much we intend making several trips there," said the president of the senate today. He declared that the missions to Washington had been fully justified and he would vote for more of them as a senator although he could no longer do so as head of the majority party.

A resolution has been introduced in the house by a member of the party Democrata asking for an investigation of expenditures of the independence fund and talk of testing the legality of the fund is growing, eminent lawyers believing it unconstitutional to assess taxes for a purpose contrary to federal policy.

500 Journal Boys' Annual Excursion Is Joyous Success

Nearly 500 riotously happy youngsters, accompanied in most cases by older members of their families, indulged all their energies in the program of the annual excursion of the Journal Carriers' association at Dodge park Sunday.

In a train of Portland Railway, Light & Power company cars the carriers, with their helpers and guests, departed from Water street and Hawthorne avenue soon after 9 o'clock Sunday morning. They were laden in every case with burdened lunch baskets, which later in the day yielded a marvelous assortment of delectable foods and nick-nacks for juvenile consumption.

At the park there was no prearranged program of events, the boys and their guests framing their fun and frolic as the day wore on. Of course, there were games of every size, style and variety, with swimming for a majority of the lads, and typical sports of the field and forest.

Harry Ely, assistant circulation manager of The Journal, who has observed the success of the association excursion each year, declared the event Sunday to have eclipsed all others from the standpoint of attendance and fun enthusiasm and good time.

The excursion was conducted by officers of the association whose committees provided coffee and cream, buttermilk and ice cream to enhance the collections of viands contained in basket lunches.

Woman Lost, When Ferry Pulls Away, Letting Auto Drop

Martinez, Cal., Aug. 21.—(I. N. S.)—A searching investigation was under way today to determine responsibility for the accident Sunday which cost the life of Mrs. C. D. Whiting, wife of the chief deputy sheriff of Jackson county, Missouri.

C. D. Whiting and Mr. and Mrs. E. F. Jones were rescued with difficulty. The automobile in which the party was riding was half way on the gangplank of the Benitie-Martinez auto ferry when the boat pulled out, precipitating the car into the water. Mrs. Whiting went down with the car. Her body was recovered.
