

CHURCH PLAN IS TO SPEND \$21,000,000

Episcopal Expenditure Program for Three Years Is to Be Presented to House of Bishops and House of Deputies Friday

A three year program for Episcopal church work requiring for its execution \$21,000,000, will be presented to the first joint session of the House of Bishops and House of Deputies to be held during this General Convention at 11 o'clock Friday morning. The suggested program has already received the approval of the national council of the denomination.

Included in the program are projects for churches, schools and hospitals and religious, charitable and social service effort throughout the world. It is the program of the national organization of the church and does not include the sums which will be raised and expended by the various dioceses and parishes for their own work.

PREPARED WITH CARE

The program is said to be the most clearly defined ever put forth by a national church organization, and has been prepared from an intensive study of church conditions in every diocese and missionary district where the American church operates, and after consultation with the bishops in charge of the most promising centers in their various jurisdictions. It is proposed to raise and expend the \$21,000,000 on the basis of \$6,000,000 in 1922, \$7,000,000 in 1923 and \$8,000,000 in 1924 and 1925. After the necessary amounts have been set aside for carrying on the existing work of the church, it is proposed that the balance available shall be applied up to the maximum fixed for the year for the new work outlined in the program, according to a priority list which is being prepared to meet in the order the most urgent needs of the church. By pointing to these specific needs and awakening the church to their importance, it is expected that the program, if adopted by the general convention, will be carried out.

A notable feature of the program is the million and a half dollars worth of work proposed to be carried on in the form of such things as theological scholarships and the like, in which is included \$1,000,000 for the purpose of assisting the church colleges to take care of the

BRITISH CABINET FRAMING REPLY

Paris, Sept. 7.—(U. P.)—Greece has offered to evacuate Asia-Minor on condition that it be repaid for immediate armistice. It was semi-officially reported tonight.

London, Sept. 7.—(I. N. S.)—With Premier Lloyd George presiding, the British cabinet met today to discuss the Greek ultimatum. It is understood that Great Britain will propose a new treaty to take the place of the treaty of Sevres.

The British reply to the French war debt note is expected to be conciliatory in view of the attitude of foreign office officials that there should be no controversy before the next meeting of the supreme council.

The British are now said to be inclined to accept the French attitude that the allies shall not intervene, but shall allow the Turks and Greeks to fight it out and arrange their own armistice terms. This is suitable to the Turks, but not to the Greeks, who believe the allies would get them better terms.

Italy suggests that the Near East peace conference open in Venice on September 16. The Greeks are urging speed in reaching the treaty.

BRITISH WAR MARSHAL TO DEFEND CONSTANTINOPLE

Constantinople, Sept. 7.—(U. P.)—Great Britain has sent Field Marshal Lord Plumer, famed World war commander, to take charge of the defense of Constantinople, threatened by attack by victorious Turks under Mustafa Kemal.

At the same time nine British warships arrived at Constantia to prevent a reported plan of Soviet Russia to send troops by water to assist the Turk nationalist commander in an assault upon the port.

General Plumer, British commander, who was field marshal Lord Plumer's chief of staff during the war in Germany, has been in charge of the defense of the former Turkish capital. He will serve under Plumer again when the latter arrives.

DESTROYER TO PROTECT AMERICANS AT SMYRNA

(Special Cable from Constantinople, Daily Journal and Chicago Daily News.)

(Copyright, 1922.)

Smyrna, Asia Minor, Sept. 6.—(Delayed.)—Members of the foreign legation are preparing to defend themselves against riots expected hourly. The American destroyer Litchfield arrived this morning and the Simpson is expected tonight to protect American residents here. Consul General Horton and Commander John B. Rhodes of the Litchfield are making the necessary measures to remove Americans from the Greek border to zones of safety.

GREEK ARMY REPORTED SUBROUNDED, CAPTURED

London, Sept. 7.—(I. N. S.)—The entire Greek army, which has been operating south of Adana, on the Anatolian battle front, has been surrounded by Turks and captured, according to advice from Constantinople this evening.

Concourse of Episcopal Prelates Assembled for Official Convention Picture

\$750,000 IS CHURCH GIFT

Woman's Auxiliary of Episcopal Church Raises Big Sum for Domestic, Foreign Missions.

Collection of the thirteenth triennial offering of the Woman's Auxiliary of the Episcopal church, totaling in excess of \$750,000, which took place this morning at the thanksgiving service and corporate communion of the women at Trinity church, was one of the most impressive and significant features of the general convention. A solemn hush fell upon the great audience of nearly 200 women and a sprinkling of men, who filled every pew and crowded the aisles and vestibule, as the historic golden altar basin on which has been placed a total of \$2,014,360.18 in gifts by the women of the church, was elevated to view while members of the clergy passed the contribution plates among the congregation.

DONATIONS FILE UP

Then the great outpouring of gold, silver, currency and checks was heaped upon the basin and passed to Bishop Sumner, who was master of ceremonies, and in turn to Bishop Tuttle, the celebrant, who placed it upon the altar, or it was taken in charge by the treasurer of the council to which the woman's organization is auxiliary, and it is being counted and placed in Portland banks temporarily. This great fund is used to finance the missionary work of the church, both foreign and domestic.

More than 750 women have been sent into the mission field through this fund. This year 10 per cent of the fund

Hart Fails To Fulfill Tradition

Los Angeles, Sept. 7.—(U. P.)—Something was wrong in movie land today, for one of its choicest traditions had collapsed.

It had failed to work out in real life, and with no less a pillar of film sentiment than William S. Hart, two-gun man and hero of the West.

The plot was time-honored. Hart and his beautiful wife, formerly Winifred Westover, had quarreled and were estranged. Then yesterday the stork flew down upon the scene and friends of Hart brought the glad news that she should have brought about a reconciliation. "It is a boy!"

All Los Angeles was ready to direct that losing scene. Almost anyone recalls the mad dash through a mile and a half of thick underbrush, and with shirt front torn away, Two-Gun Bill bursts into a quiet little room and kneels by the bedside, placing upon the spread a single flower caught up by the way. The single word "Winifred" had been the signal.

And then for the final fade-out, a touch of comic relief. Big Bill with the baby, who squalls lustily. Bill, "Ain't he a he-man, though?"

But all this did not happen. Hart received the news from his attorney. He didn't move his features upon a display of him would have been a still life.

"I'm glad it's a boy," he said, and later muttered something about property settlements. So far, the camera learned he has not communicated with the mother.

BLAST RESERVOIR; PLOT SUSPECTED

Wilkesbarre, Sept. 7.—(I. N. S.)—The Beaver Run reservoir of the Lehigh Valley railroad, the largest water supply of the company, was blown up last night and millions of gallons of water released, which caused considerable damage to the company's property. It became known here today.

Strikers are blamed by the railroad police for the dynamiting.

14 WOMEN ARRESTED FOR VIOLATING INJUNCTION

Wilkesbarre, Pa., Sept. 7.—(I. N. S.)—Fourteen women were arrested at Sayre today for violation of the Daugherty injunction.

Strikers attempted a ruse to beat the injunction, but were restrained from trespassing on company property, and doing picket duty, they turned the work over to their wives.

Peace Proposals Are to Be Made at Dail Meet Saturday

Dublin, Sept. 7.—(I. N. S.)—Peace proposals to end the warfare between Irish irregulars and the Free State forces will be proposed when the daily meets Saturday, it was learned today. William T. Cosgrave will lead the Free State in debate, while Eamonn de Valera, despite reports of his capture, is expected to head the anti-treaty side. The report that De Valera and Erskine Childers were captured is doubted here.

Mrs. S. Lockwood, D. A. R. Founder, Ill

Plymouth, Mass., Sept. 7.—(I. N. S.)—Mrs. Mary S. Lockwood, 94, founder of the Daughters of the American Revolution, is seriously ill at the Jordan hospital here.

Former Governor of Alabama Dead

Birmingham, Ala., Sept. 7.—(I. N. S.)—Former Governor Bennett O'Sell of Alabama died at his home here at 5:30 o'clock this morning of pneumonia.

SPRIT LAKE TO BE SAVED

In Interest of Recreationists, Government Refuses Use of Water for Power Purposes.

The federal water power commission has denied the application of the Spirit Lake Railway & Power company for water power development at Spirit Lake, at the base of Mount St. Helena. Colonel William Kelly, chief engineer of the water power commission from Washington, D. C., said this morning.

The decision of the commission was based largely upon the recommendations of Philip Dater, district engineer for the forest service, and is a victory for recreationists. The lake is visited during the summer season by an average of 50 campers a day, in addition to the boys at the Y. M. C. A. camp.

And indications point to a steadily increasing recreational use.

This is the traffic arrangement made by the Columbia-Pacific Shipping company and outlined in the formal request of J. W. Crichton, division agent of operations, for allocation of the vessels. This request was sent to H. W. Relyea, Pacific coast head of operations for the board.

These features of the persistent campaign being waged by F. L. Shull, president of the Portland Flouring mills, and other shippers for allocation of the vessels was outlined to the managing committee of the foreign trade department of the Chamber of Commerce today by Shull.

Shull said the formal request forwarded through Crichton to Washington made it clear that the local shippers plan definite schedules of sailings and that more ships will be requested for the north of Shanghai need more sailings.

Portland's Right To Tax Interstate Stage Is Sustained

About a half dozen cases will be cleared up by the decision in favor of the city of Portland, given today by Circuit Judge Evans. The suit of the city against E. J. Manning, operator of a stage line between Portland and Seattle.

The city maintained its right to tax the stage line and require it to submit regular reports to the city and no right to impose license thereon.

Judge Evans held that in the absence of any congressional legislation on the subject, the state, and the city as an integral unit of the state, has the right to regulate this sort of traffic and impose a tax. A similar case in which the Carnes State company brought suit against Secretary of State Keizer was decided on similar grounds in favor of the state officials.

Bishops Paddock And Morrison Are Allowed to Resign

Resignations of the Rt. Rev. Robert L. Paddock, D. D., bishop of the mission territory of Eastern Oregon, and the Rt. Rev. James D. Morrison, D. D., bishop of the diocese of Duluth, were read and accepted this morning by the house of bishops. In the report which emanates from the house at noon today, no reasons were assigned for the resignations.

Judge Scanlan Hurt, One Daughter Killed

Chicago, Sept. 7.—(U. P.)—Judge Kickham Scanlan, who has been married, his wife, a daughter and her husband and baby were seriously injured and another daughter, Miss K. Scanlan, was killed, when their automobile skidded off a bridge into a 46 foot ravine just north of Fort Sheridan late today.

Good Night, Tait's Cafe, Hello Drys!

San Francisco, Sept. 7.—Tait's, San Francisco's most brilliant cafe, has fallen before the onslaughts of prohibition.

Announcement was made today that it will close its doors as a palace of safety and reopen as a "coffee house."

With the closing of Tait's the last but one of San Francisco's once famous cafes has gone the way of the "pisco punch" and "steam beer." The "Piccolo Dog, Tortoni's, the Postal, Louvre, Teichau, Delmonico's and Marchands, one by one gave up the battle against the drought. For some six months Tait's and Marchands have struggled along alone. The passing of Tait's leaves Marchands the only survivor of the days when champagne did its bubbling publicly.

Commenting on the sale Tait said that in these dry days people eat for nourishment and not for entertainment.

The new owners have decided upon the name Palace Royal.

MEXICAN OFFICERS SLAIN BY REBELS

Nogales, Ariz., Sept. 7.—(U. P.)—Municipal Presidente Miguel and Stamp Tax Agent Rosario Montano were assassinated today by two men believed to be rebels, according to advice from San Felipe, Sonora.

Immediately following the shooting the assassins escaped.

REBELS HOLD UP TRAIN: KILL FEDERAL SOLDIERS

Mexico City, Sept. 7.—(I. N. S.)—Five federal soldiers were killed when rebels held up and robbed a Pan-American train on the isthmus of Tehuantepec railway, said official advices to the war department today. There were 15 federal soldiers on the train acting as guards.

Elks' Gathering at Seaside Is Opened

Astoria, Sept. 7.—With hundreds of delegates present from the 22 Oregon lodges the annual convention of the Oregon State Elks association was formally convened in the auditorium of the new public school building in Seaside today by George Collins of Medford, president. Bonfires on the beach with a program of stunts will be held tonight and a big parade Friday night. The Portland lodge ministers and follows will show their light. Free dancing and seafood dinners will be features. Seaside is in gala dress for the convention, which closes Saturday night. Seaside and Astoria Elks host the event.

LABOR ASKS FOR COUNTER INJUNCTION

Electrical Union Petitions for Order to Counter One Grant-Ed Daugherty; Violation of Rightful Liberties Alleged.

Washington, Sept. 7.—(U. P.)—Striking railway workers today started counter legal action against the government to prevent the agents of Attorney General Daugherty from interfering with the affairs of the union.

The International Brotherhood of Electrical Workers, one of the striking shop craft unions, filed suit in the supreme court of the District of Columbia for an injunction restraining Peyton Gordon, federal district attorney, and Edgar C. Snyder, United States marshal, from carrying out the terms of the drastic restraining order secured in Chicago.

The suit is the first legal retaliatory blow struck by organized labor against the government's institution of legal proceedings in Chicago. In effect, the electrical workers' suit asked that the federal court of the District of Columbia nullify the act of the federal court in Chicago, by restraining the government's agents from any interference with union activities. The suit asked particularly that the government agents be restrained from interfering with the lawful and peaceful meetings of the union.

The electrical workers' bill sets forth that the organization has never counseled nor been guilty of acts of violence or unlawful acts in connection with the present strike, and attached to it was a copy of general orders sent out to the membership at the beginning of the strike.

HEAT HOLDS GRIP; 6 DIE

Scores of Prostrations in Addition to Deaths Mark Record Temperatures in Mid-West.

Chicago, Sept. 7.—(U. P.)—The heat wave continued to hold the country in its grip today as far west as the Rocky mountains.

The year's heat records were broken in practically every state of the Middle West yesterday and threatened to fall again today.

Cooler weather late Friday or Saturday was the cheering word from the weather bureau here.

The hot wave was caused by a "low" over the Dakotas and a corresponding "high" over the Appalachians.

The break will come as the Dakota "low" gives way to a "high" and will move eastward.

Scores of prostrations were reported and at least six deaths resulted from the heat.

Schools were closed in many cities at noon.

Crops, especially corn, were reported burning up from the intense heat in Kansas, Nebraska, Oklahoma, Ohio, Indiana and Michigan.

NORTH DAKOTA AND PORTIONS OF MINNESOTA BELIEVED

St. Paul, Minn., Sept. 7.—(U. P.)—The "low" area over the Dakotas, which has caused the year's hottest sprees, during which he died today. Heavy rainfall throughout North Dakota and scattered thunder showers in Minnesota brought partial relief from the heat.

Two Children Killed By Intoxicated Man

Clover, N. C., Sept. 7.—(I. N. S.)—William Farris, 55 years old, textile worker, was rushed under heavy guard today to the state penitentiary at Columbia, following a wild shooting spree, during which he fired on a group of children, killing two and wounding four others, one of whom is believed to be dying. The children were all members of the family of James M. Taylor.

New Delays Facing Mine Rescue Party

Jackson, Cal., Sept. 7.—(I. N. S.)—Jackson was downcast today following the report of rescuers that it would require from seven to 13 days more to reach the 47 trapped miners in the depths of the five-ridden Argonaut gold mine. Democratic state and mine company engineers declined to comment officially on this prediction. Rescue workers began the eleventh day of their race with death in the face of heart-breaking obstacles.

LA FOLLETTE LEAD KEEPS INCREASING

Milwaukee, Wis., Sept. 7.—(U. P.)—As returns continued to come in today, Senator Robert M. La Follette increased his lead over William A. Gamble for the Republican nomination for United States senator. La Follette was leading by a majority of 200,187 with reports from 1214 precincts out of 2531 heard from. The vote was: La Follette, 233,352; Gamble, 131,635.

Governor Blaine continued his lead over William J. Morgan for the Republican gubernatorial nomination. Blaine's lead was 173,873 with reports from 2299 precincts out of 2531 heard from. The vote was: Blaine, 215,522; Morgan, 141,753.

Democratic and Socialist leaders were concerned today over the question of whether enough of their voters stayed in the party primaries to obtain the necessary vote to appear on the ballot this fall.

Under the state law 10 per cent of the largest registered voter must ballot in the state primaries if the ticket is to get on the ballot.

The discovery of America was an accident.

So declares Hendrik Van Loon, author of "The Story of Mankind"

"The Story of Mankind" in the opening chapter of his history, "America," which will be published a chapter a day in The Journal beginning next Monday.

This is an extraordinary historical feature that will appeal not only to the young people but to the grown-ups as well.

Oregon Journal
