It is impossible not to wish for just such coats as those that greet you in this group. They hang with grace in straight and bloused lines. They welcome the Autumn days, confident that they impart an air of individuality and distinction to

the costume of their wearer. They are tailored with an expertness that assures you of many months of wear wherein they will marvelously maintain the style and freshness they had the day you bought them.

Assuredly graceful, these dresses follow the longer waistline silhouette that fashion has looked upon with favor. They lend a certain air of dignity and charm that imparts the atmosphere of studied

perfection in apparel. And with all, these dresses are so Parisian in their smartness—so modern in their treatment that they claim your admiration instantly and retain it indefinitely.

Canton crepe and crepe back satin are successfully fashioned into the slender looking gowns in the varying fall shades of brown, navy and black.

New Fall Tailleurs

The furs chosen to trim these suits are caracul, squirrel, nutria and wolf. They are in the new shades of brown, Hawaiian, navy and black.
