Paris, Nov. 7.—Premier Poincare has taken advantage of the probable conservative victory in the British elections and the consequent consolidation of the Bonar Law government to press forward his Brussels conference project. David Lloyd George, it is an open secret, was hostile to this conference. The French government, through Belgium and by direct negotiation in London, has succeeded in having the date now definitely set for December 5.

France intends to present a full plan for a final settlement by means of compensation of the allied debts, the reduction of the reparations to about 60,000,000 gold marks and the flotation of an international loan.

### FRANCE WANTS TO DELAY CONFERENCE ON PEACE

Paris, Nov. 7.—Great Britain has asked for a postponement of the Lausanne Near East conference until November 24. Lord Hardinge, the British ambassador, presented a note embodying the request late Tuesday.

Premier Poincare, however, is said to favor proceeding with the conference. November 7 was originally planned, believing that delay would be dangerous to peace in view of the state of affairs at Constantinople and the arrogant tendencies of the Angora government.

Andrew Felle, the French commissioner at Constantinople, has been instructed to collaborate with other allied representatives there in maintenance of order.

Refaat Pasha, the Turkish governor general of Thrace, in Tuesday, according to agency dispatches. His trip was ostensibly one of inspection in Eastern Thrace, but it is understood it was due to hints from the allies that his presence was not desired at Constantinople because of his truculent attitude. Allied generals at Constantinople are understood to have threatened to resign unless their governments give them power to declare martial law.

### FASCISTI, SOCIALISTS Fighting in Bavaria

Amsterdam, Nov. 7.—(U. P.)—Fighting has broken out in Bavaria between newly organized "Fascisti" and socialists, according to unconfirmed dispatches from Munich today. The socialists were reported to have been defeated, after which the Bavarian Fascisti, who adopted the grey shirt and swastika cross as their emblem, demonstrated in Augsburg and Rosenheim.

### DEMANDS COAST SHIPS BE CUT

Washington, Nov. 7.—WASHINGTON BUREAU OF THE JOURNAL)—Julius H. Barnes, president of the United States Chamber of Commerce, announced Tuesday the sending of a letter to the shipping board in support of the request of the American Steamship Owners' association for withdrawal of government vessels from the coast to coast trade.

His letter challenges the position taken by Commissioner George E. Chamberlain, who recently reported to his colleagues after careful investigation that government vessels should remain in intercoastal trade to assure permanency of service for the North Pacific and North Atlantic ports.

"The conclusion reached by our committee has been that there is an excess of privately owned tonnage engaged in the trades under consideration," says Barnes. "Government tonnage in coast to coast service should be discontinued."

### TURKISH POLICY IS CHALLENGE TO EUROPE, CURZON DECLARES

London, Nov. 7.—(U. P.)—"The Turkish policy—nationalism gone wild—is an affront to the allies and a challenge to Europe that cannot be tolerated," Lord Curzon, foreign secretary, declared in a speech here today.

"The Near Eastern situation is now the most definite menace to world peace," he continued, adding that the Kemalists' pretensions are "unjustifiable."

The speech was taken to mean that Great Britain will not tolerate the offensive attitude taken by the Turks.

### ALLIES THREATEN TO USE MARTIAL LAWS ON TURKS

London, Nov. 7.—(U. P.)—The allied high commissioners at Constantinople have united in a stern warning—a virtual ultimatum—to the Turkish nationalists threatening immediate martial law, enforced by both troops and warships, unless the Turkish demands are withdrawn, according to a dispatch to the foreign office at noon.

### Attempt on Life Proves Failure

Albany, Or., Nov. 7.—John Lewis, 73, is reported to have a good chance to recover from a self-inflicted cut that nearly severed his cordial artery, it was reported at a local hospital late yesterday. Lewis, who lives with his son, A. R. Lewis, on the Pacific highway five miles northeast of Albany, had been suffering from ill health it is said and had become despondent, he attempted suicide by cutting his throat with a butcher knife.

Rio De Janeiro, Nov. 7.—A celebration in honor of the officers, sailors and marines on the United States battleship Nevada was held today at the exposition by the American colony and the Brazilian government. The Nevada is scheduled to sail on November 18 after a visit of two months at Rio De Janeiro in honor of the centennial. On November 15 the Nevada will take part in the ceremonies in connection with the inauguration of Dr. Arturo Bernardes as president of Brazil.

The feature of the celebration today was a military parade in which 15,000 Brazilian and American soldiers and sailors were in line. The largest crowd that has yet witnessed the exposition was present, attracted by the American and Brazilian aviators who gave an exhibition of flying and dropped 10,000 free tickets, redeemable for admissions, for chances in lotteries, for cases of beer and bottles of champagne and wine. In the evening the program included movies and boxing matches by sailors from the Nevada. There was also a big ball and festival.

### Kiwanis Observes Music, Father and Son Week Program

Music week, Father and Son week and Armistice day were crowded together in one impressive ceremony and celebration at the Kiwanis club luncheon at the Multnomah hotel Tuesday.

Dr. Charles W. MacCaughy, pastor of Centenary-Wilbur Methodist church, spoke on the armistice, telling of his experiences as a British-born citizen of the United States and the process of Americanization. Anthony Erver, illustrator and poet, recited several of his own war poems.

Music week was explained by J. C. Henderson. The Multnomah orchestra filled in, while Miss Elsie Worden on the cello and Mrs. Winifred Worrall, pianist, played. Mrs. Cecile Lamoureux, soprano, with Mrs. Ella Connell Jensen, accompanist, gave "The Invocation of Eros," "The Wreck of the Julie Plant" and "The Song of the Open."

## Sale of 350 Oriental Rugs & Carpets

(Room size, extra large and hall runners)

### Radically Underpriced

THIS is, we believe, one of the most exceptional opportunities that have occurred in years. The rugs are of the finer kinds—up to the usual Atiyeh standards. They are beautiful in design, rich in color, superior in quality. At each price the value is decidedly out of the ordinary. In many instances the prices are below pre-war levels. Check our prices against other prices you have seen for the same grade and quality. Compare them with purchases you or your friends have made.

Only recently have the industrial clouds lifted sufficiently to allow us a clear view of the course that the ambition of years has prompted us to take. We have, therefore, now decided to separate the wholesale and retail departments and to conduct the former under an individual management in New York. We have found that we can thus bring about greater efficiency in our retail business and can serve our dealers much better.

Our investment in stocks on hand in Portland must be materially reduced. The money so released will go at once into building up our wholesale department in the East. Profits are not now any object. Our surplus stock of Persian Carpets will be sold at wholesale prices less the cost of shipping to New York.

Dealers and retail customers alike will share in the savings. We offer the greatest savings on imported Persian carpets ever presented on the Pacific coast.

The quantity is definitely limited. Wholesale prices will obtain only while the present number last. Values are so unusual that immediate selection is advisable.
