

# PORTLAND UNVEILS STATUE OF ROOSEVELT AS CROWNING ARMISTICE DAY FEATURE

Impressive ceremonies marked the unveiling of the equestrian statue of Theodore Roosevelt, the work of A. Phimister Proctor, and the gift of Dr. Henry Waldo Coe, Saturday, in celebration of Armistice day. Upper left hand corner—David McArthur, Company E, Illinois infantry, with flag, and R. E. Markee, 34th Illinois infantry, representing G. A. R.; 4-year-old Jean Mackenzie, daughter of Ronald S. Mackenzie and granddaughter of the late Dr. K. A. J. Mackenzie, who touched the ropes releasing flags at unveiling of statue; the bronze figure of the Rough Rider, Theodore Roosevelt; Dr. Coe and his mother, Mrs. Mary Coe, who came from Chicago to attend the ceremony; (Insert) Arthur S. Haynes of General Pershing's band, leader of the Seventh infantry band of Vancouver barracks. Below, left—School children marching with flags at morning ceremonies. Right—Fred W. Angel, Over the Top post No. 81, and W. W. Harper, World War post, bearing wreaths for the monument.

Engineer Laurgaard to make plans, specifications and estimates for the improvement of East Harrison street, from East Seventh to East 11th streets and for the improvement of 17th street, from Williams avenue to Vancouver avenue. Petition for the improvement contained 69.44 per cent of the property along the street, and for the latter improvement there was a representation of 50.23 per cent. Holland and Germany have been given a new telephone line connecting The Hague and Crefeld.

## CITY HALL AGAIN CHEERFUL SINCE 3-MILL TAX WON

Public Works Department Especially Pleased, Since Projects May Be Gone Through With.

All departments of the city service are gratified over the decision of the voters of Portland to permit the levying of the special 3-mill tax for general municipal purposes, for this means that the present public service rendered by the city will not have to be curtailed during the ensuing year. And while this is of benefit to every city department, probably its most noticeable application may be seen through the department of public works, for it will be enabled to proceed with the street and sewer program mapped out for 1923, although not even to such a degree as is demanded by petitioners for street improvements.

There are now on file in the department of public works petitions for approximately \$8,500,000 worth of public work—street improvements and sewers mostly. The program for 1923 will take care of \$1,500,000 of this work. That is, provided the budget as it now stands on these items is given approval by the tax conservation commission.

One of the outstanding items in this program is the construction of the north branch of the Rhine street sewer, to cost about \$215,000. This will give service to the south and east slopes of the Mount Tabor district, a territory that is closely built up with homes, and in which there is much difficulty with cesspools. It will drain an area of about two square miles. More than 100 streets are on the program for permanent improvement. One of these is the 17th, 18th and Ankeny streets district, which improvement will cost about \$15,000; another probably will be the redress of six areas in the central east side district that comprises 40 blocks and which will cost approximately \$60,000; while still another is the redress of Clinton street, from 12th to 25th streets, at a cost of \$20,000. Many streets of importance on the east side are in the list for permanent improvement during the ensuing year.

## LONG SEASON OF MUSIC AND MIRTH

American Light Opera Company to Give Eight Performances at The Auditorium.

A season of eight performances of light opera by the American Light Opera company at The Auditorium is announced by W. T. Pangle, manager of the World Attractions company, under whose direction the season has been arranged. The dates are November 25 to 30, inclusive, the repertoire opening with "Bohemian Girl," Sunday afternoon. In the evening the ever-popular "Chimes of Normandy" will be the attraction. The repertoire for the rest of the engagement will be: Monday evening, "Martha"; Tuesday evening, "The Mikado"; Wednesday matinee, "H. M. S. Pinafore"; Wednesday evening, "The Misanthrope"; Thursday matinee, "The Mikado"; Thursday night, "Bohemian Girl." This will be the first season of light opera at The Auditorium, and its huge capacity permits of a schedule of popular prices. The American Light Opera company is making its fifth annual tour and is composed of well known light opera stars, including Thelma Pennington, soprano; Paula Ayers, contralto; Ed Andrews, who is one of the most popular comedians of the American singing stage; George Olsen, who will be remembered as the very attenuated man in the cast of "Robin Hood" here last season; Carl Bundeck, baritone, and Harry Pfeil, lyric tenor, with many others, and a vivacious chorus.

## COLLEGE?

New term opens in the College Preparatory School, December 4th. Men teachers, individual instruction, small classes—will enable you to complete your preparatory work more quickly and efficiently. Call Fourth Floor Y. M. C. A. or phone Main 8700 for information.

## SURVEY TO BE FAVORED

Recommendation will be made by Commissioner Barbur to the city council at its session next Wednesday that it instruct the city engineer to make a survey, plat and written report on the proposed extension of 51st avenue southeast, from 71st to 72d streets southeast, for which petitions have been filed. This would give direct access to Foster road, the main artery for the district, as 72d street intersects

Poster road a short distance to the north. The city council at its next session will grant to the Champion Manufacturing company a permit to erect and maintain an addition to its present plant building on East 27th street, between Morgan street and the O-W-R. & N. tracks, and exempting it from certain provisions of the building code. City Commissioner Barbur recommends that the council instruct City
