Bring the Kiddies Down to See

The "Model City"

In Full Operation in Our Window

The "Model City" is a mechanical idea giving an accurate reproduction of a city in detail—with lakes, bridges, railroad trains, street cars, steamboats, waterwheels and other wonderful attractions in motion. This "Model City" takes the space of a full size window—over a ton of material is used in its construction. It is the most wonderful thing that the kiddies have ever seen—be sure and bring them down.
