Community Chest Facts

Quota Today \$648,329.00 \$322,443.00

Give by the month. There is no reason for this appeal.

Unless the greater number of Community Chest subscribers respond, the Chest cannot be filled.

People are pledging as a total subscription 50 cents, \$1 or \$5 who could easily afford to give that much every month.

Community Chest solicitors report that it is almost impossible to get them to pledge monthly subscriptions.

But in the days before the Chest, when there were a couple of campaigns a week and people complained that "beggars for charity" didn't give them time to attend to business, the effect of repeated appeals was not only to give by the month, but by the week.

Thousands of Portland people can afford this month to give \$5 toward the relief of poverty, destitution and suffering. They can afford to do as much next month and the next throughout the year.

If they pledge by the month, the Chest will be filled. If they do not, there will come a time when there will be no funds to relieve distress.

Then the old haphazard system may be released on Portland again.

Which would you prefer—a drive a week or to give by the month? Help!

By Vella Winner In the unaroused mother-heart of Portland will lie the failure of the Community Chest; if the campaign is not crowned with success. WOMEN DRAWING SHADES "Faithful workers are reporting daily at headquarters that many women in Portland are drawing shades of their homes when they think Community Chest solicitors are approaching; that they fail to answer the telephone; that they refuse to answer the telephone—all of which means that the mother-heart of the city has not been stirred. They are drawing shades of their love and of boards and walls, while it is really a homeless baby's cry; it is a deserted old woman's poverty; it is a shelterless man's hunger; it is the moans of the needy sick; it is the striving of the handicapped—all pleading.

Klan Embarrasses Harding Department May Interfere

Washington, Nov. 28.—Prosecution of the Ku Klux Klan for alleged violations of the federal penal code is under consideration by the department of justice.
