

### LOSS IN LA GRANDE STORE FIRE WILL EXCEED \$100,000

La Grande, Dec. 18.—Substantial fire, lack of wind and persistent defense by the fire department joined to save one of La Grande's principal business buildings and possibly the entire business section from destruction by fire early Sunday morning.

The blaze left the Carr Furniture company building and every iota of the stock a mass of ruins. The only item of any kind saved was an advertising elephant in the show window which a semi-intoxicated pedestrian saved by breaking in the front door while the department was being aroused.

When discovered at 3 o'clock Sunday morning the fire was so far advanced in the basement that there was no possibility of stopping it, and the department contented itself with confining it to one building. A frame theatre adjoining the Masonic building, Bohnenkamp's and the building, the Union Motor company and several restaurants and furnishing stores are in the same block.

Windows and plate glass a block away were broken by the heat. The store was one of the largest in Eastern Oregon. Thousands of dollars' worth of toys already sold and awaiting delivery at Christmas are included in the loss. The stock is roughly valued at \$100,000, partially covered by insurance.

The building, a one-story brick covering almost a quarter block, was owned by the Henry estate and was partially insured.

Ebbe Ziefel, a fireman, was seriously injured during the long struggle of a bitterly cold morning.

### Police Make Big Booze Haul in Raid On East Side Home

What police believe to be a distributing point for bootleggers was unearthed late Saturday night when the morals squad raided the home of Marvin Chamberlain, No. 4205 59th street southeast, and found 60 gallons of moonshine whiskey. Most of the liquor was in pint bottles and was packed in delivery cartons. Chamberlain was held, charged with violation of the prohibition law.

In another raid earlier in the evening the squad entered a room in the Leeds apartments, 210 Market street, and arrested Ben Bell on a liquor charge. As the officers came in the room, Bell threw a bottle out of the window, the officers said. It fell in a snow bank and did not break. It was recovered and held for evidence.

### Data to Be Given For Advertising

Pasco, Wash., Dec. 18.—Harlan Smith, representing the Burlington, Great Northern and Northern Pacific railroads in a mammoth advertising campaign of the Northwest, was in Pasco Friday gathering data for the advertising which will be carried in a number of the leading magazines of the country. A dinner was given by a number of the Pasco business men at the Hotel Pasco, at which Smith was a guest, and this was followed by a mass meeting at the Chamber of Commerce rooms later in the evening. At this meeting Smith explained the campaign which the three roads plan on conducting during the next several years, in which they expect to expend a quarter of a million dollars annually. Delegations were sent from Ilwaco, Clatsop, Richland, Burbank, Benton City, Kiona. It was decided to have each commercial organization of the several communities appoint one of its members to represent them on a committee which will prepare a comprehensive statement of the conditions and opportunities of the section of the Northwest, which will be sent to Smith for use in preparing his advertising.
