### MILES HEARD FROM.

The Usual Saturday Batch from Pine Ridge—Troops Being Sent Back to Civilization.

A Horrible Mining Disaster Near Berlin—Forty Men Killed by an Explosion.

#### FROM PINE RIDGE.

The Soldiers are Being Sent Back to their Various Posts.

PINE RIDGE, Jan. 24.—The Second regiment returned to Omaha and the Seventh infantry to Cheyenne this morning.

Colonel Heyl, inspector general of the division of the Missouri with Colonel Henry of the corps of engineers left this morning to make a survey of the battle field near the mission which occurred on the 30th of last December. It was in this battle in which it is claimed Colonel Forsyth transcended his instructions in going beyond the mission.

Agent Pierce has announced the appointment of Capt. Dougherty of the First Infantry to act in his stead. All persons not regularly employed about the agency have been ordered to leave the reservation.

General Miles is holding daily talks with the Indian chiefs with a view to selecting ten of them to go to Washington.

The sick and wounded of the Seventh cavalry have been forwarded to Rushville. There are now only four wounded soldiers on the field hospital.

General Miles expects to leave here in a few days and will take with him about fifty Brule Indians whom he will quarter at Fort Sheridan, Chicago. The Indians will be under command of Lieut. Taylor of the Ninth cavalry and will be drilled and civilized.

#### ALL SHOULD CO-OPERATE.

An Illinois Senator Begs for United Action Among the States.

WASHINGTON, Jan. 24.—Commenting upon the action of several southern legislatures in declining to take steps toward participating in the world's fair pending the considering of election bill Senator Cullom of Ill., said he did not believe the proceeding would have any effect upon senators favorably disposed toward the bill. Representative Butterworth of Ohio, said the question is a grave one and if ten or a dozen states should decline to participate in the fair its success might be jeopardized. He hoped the fair would be out of politics. Senator Berry, of Arkansas, said he had not attempted to influence the Arkansas legislature in the matter but fully endorsed its proceedings.

#### Canadian Indians in Want.

OTTAWA, Ont., Jan. 24.—Boucher, chief of the St. Lawrence Indians at Three Rivers has issued an appeal to the Indian department for supplies for the Indians that are on the reservation who are claimed to be in a very destitute condition.

#### Strike Settled, but Scott not in it.

CHICAGO, Jan. 24.—Gen. Manager Tucker of the Chicago & Erie has just now settled the strike on that road. By the terms of agreement, train despatcher Scott is not to be reinstated but all other employees will be allowed to resume work.

#### A Mining Disaster.

BERLIN, Jan. 24.—A terrible disaster occurred at the Hibernia colliery at Gensenkirchen this morning. Forty men were killed and thirty severely injured by an explosion in one of the pits.

#### Narrow Minded Legislators.

ST. PAUL, Jan. 24.—The state senate this afternoon adopted a memorial to congress opposing government support or endorsement of the proposed Panama ship canal.

#### The Colorado Legislature.

#### CONCERNING THE RAILWAYS.

##### The Northern Pacific Brings Suit Against G. W. Hunt.

TACOMA, Jan. 22.—Suit has been instituted in the superior court by the Northern Pacific against G. W. Hunt, the railroad magnate, for the recovery of \$135,000 with interest due upon three promissory notes. Messrs. Mitchell, Ashton and Chapman, the attorneys for the Northern Pacific, in their complaint, state that the company first loaned \$65,000 on a promissory note made and executed and dated April 2, 1889. The second loan was made on a similar note of the same date for \$34,000. May 1, of last year, the company advanced him \$20,381. The three notes were payable on demand. The attorneys of the company state that they know nothing about the matter at present. They received instructions from the headquarters of the road in St. Paul to file the suit and thus place it on record. Hunt does not own any property in this city, nor in Pierce county, but he has extensive possessions in the eastern part of the state.

##### Considered as Evidence That Hunt has Made his Loan.

CENTRALIA, Wash., Jan. 22.—The sheriff of Lewis county today served a writ of attachment on Hunt's grade within the county and his stores of iron here at the instance of the Northern Pacific. The amount involved is \$135,000 and is believed to be the outcome of some old unsettled matter. The matter is regarded here as evidence that Hunt has secured his loan, and that the prospect of an early completion has stirred up the jealousy of his formidable rival for the Gray's harbor trade.

#### ALLIANCE MEN IN SESSION.

Expected that the Washington Meeting Will Result in a Confederation.

WASHINGTON, Jan. 22.—Representatives of the Knight's of Labor, colored Farmers' Alliance, the National Farmers' Alliance, the Farmers' Union and Citizens' Alliance began a meeting here to-day in accordance with the instructions of the Ocala conference. Representatives of three other organizations are expected to-morrow. A plan of an agreement looking to a confederation was drawn up. It provides for a joint committee of five from each organization to represent the confederation. The St. Louis platform shall be the basis. Each shall stand pledged to assist, when possible, in all local efforts to better the condition of the people. A joint committee shall have the power to admit other organizations with a similar object. Each organization shall be bound to support the plans agreed upon by the joint committee. Adjourned until to-morrow.

#### THOUSANDS UNEMPLOYED.

Suffering in Chicago of Laborers Waiting for World's Fair Work.

CHICAGO, Jan. 22.—Delay in beginning work on the world's fair grounds and buildings is causing serious apprehensions here, so the city is fairly overrun with men who have drifted in here under the impression that work would be plenty. There are 15,000 or 20,000 men unemployed here now, of whom at least 5,000 are comparatively recent arrivals. Chief of Police Marsh is receiving complaints almost daily that the city is over-run with unemployed men. The disappointment of most of the unemployed is great, when they are brought to realize that not even a posthole has yet been made nor the sod turned, and nobody has even the faintest idea when there will be. The result of it is that thousands of men and their families are starving, and, though willing to work, can't get it. Chief Marsh says the situation is a serious one, and the authorities are asked to do something to relieve the suffering which is so prevalent.

#### Fears of Violence at Glasgow.

LONDON, Jan. 22.—Although the Scotch railway strike is over, as far as any delay to business of the company is concerned, it is not over as to the strikers. It has left in several Scotch cities, and especially in Glasgow, a throng of discontented and desperate men, who may at any time break out into some striking act of lawlessness. There is no more dangerous mob than a Scottish mob, as the history of Scotland has shown. It is slow to begin, but sudden and resolute in action. As to whether the wharf strikers had anything to do with the explosion of the two gasometers last Thursday in Glasgow, there is no means of ascertaining, but it is understood that the Glasgow police are looking among the unemployed and desperates of the city for a clue to the cause of the disaster. The explosion went far toward leaving the city in darkness, which would have eminently favored a lawless outbreak.

#### Senator Hearst Still Alive.

WASHINGTON, Jan. 24.—There is no change in the condition of Senator Hearst.

#### WILL BE NO FIGHTING.

##### The Okanogan Trouble Over and a Blow-head Brigadier Coming Home.

SPOKANE FALLS, Jan. 22.—The following dispatch recording the termination of the late scare in the Okanogan country was received in this city to-day by Colonel John I. Bogge, from Brigadier-General A. P. Curry: "I held a council on the reservation with about seventy Indians including all the chiefs in this locality. I have exacted from them promises to stop dancing or carrying arms except when hunting, and to stop making threats against the men they suppose took part in the hanging of their comrade, the Indian Stephen. They also promised to assist in ferreting out the parties who sell whiskey to the Indians which is the prime cause of all the trouble. I am satisfied this conference has done much good, and think there will be no more trouble at present. I have been assisted by Father Derange and Indian Farmer Thomas, who have been very active in this matter, and whose services have been of great value. I will leave for home in the morning."

#### A RIGHTEOUS INSTRUCTION.

The Nebraska Legislature Demand Foreclosure of U. P. Mortgages.

LINCOLN, Neb., Jan. 24.—A joint resolution has passed the house instructing the Nebraska congressional delegation to demand immediate foreclosure of the government mortgages against the U. P. railroad.

A bill was introduced appropriating \$150,000 for the Nebraska exhibit at the world's fair. The bill provides for nine commissioners three each respectively of republican, democrat and farmers alliance.

#### An Astonishing Statement.

SEATTLE, Jan. 22.—During the trial of ex-Police officer Raymond and Clonette for opium smuggling, in the United States court to-day, Collector of Customs C. M. Bradshaw testified that during his entire term not a single can of prepared opium had been entered for duty at the custom house. This astonishing statement shows the extent to which opium smuggling is carried on.

#### They Won't do it, Though.

NEW YORK, Jan. 22.—The Philadelphia Press says: A leading German capitalist, to a certain extent representing the interests of the Deutsche bank of Berlin in New York, says if the silver bill is passed in its present form the people in Germany will be advised by the government to sell all American securities.

#### To Have a Receiver.

SPOKANE FALLS, Jan. 24.—The receiver of the Spokane Falls National bank will probably be appointed tomorrow. Just who will be selected is not known, except that it will not be a resident of that city.

#### Alabama's Legislature Protests.

MONTGOMERY, Ala., Jan. 24.—Both houses of the legislature have unanimously adopted a resolution protesting against the passage of the force bill by congress.

#### A Moving Mountain.

A traveling mountain is found at the Cascades of the Columbia. It is a triple-peaked mass of dark brown basalt, six or eight miles in length where it fronts the river, and rises to a height of almost 2,000 feet above the water.

That it is in motion is the last thought which would be likely to suggest itself to the mind of any one passing it; yet it is a well established fact that this entire mountain is moving slowly but steadily down the river, as if it had a deliberate purpose some time in the future to dam the Columbia and form a great lake from the Cascades to the Dalles.

The Indian traditions indicate immense movement of the mountains hereabouts, long before white men came to Oregon, and the early settlers, immigrants, many of them from New England, gave the above described mountainous ridge the name of traveling, or sliding mountain. In its forward and downward movement the forests along the base of the ridge have become submerged in the river. Large trees can be seen standing deep in the water on this shore. The railway engineers and trackmen find the line of the railroad which skirts the foot of the mountain is being continually forced out of place. At certain points the roadbed and track have been pushed eight or ten feet out of line in course of a few years. Geologists attribute this phenomenon to the fact that the basalt, which constitutes the bulk of the mountain, rests on a substratum of conglomerate, or of soft, sandstone, which the deep, swift current of the mighty river is constantly wearing away or that this softer subrock is of itself yielding, at great depths, to the enormous weight of the harder material above.

The question has been asked, "In what respect are St. Patrick's Pills better than any other?" Try them, you will find that they produce a pleasanter cathartic effect, are more certain in their action, and that they not only physic but cleanse the whole system and regulate the liver and bowels.
