Says he and Hill are the Best of Friends.
NEW YORK, Feb. 12.—Ex-president Cleveland, in an interview with a Herald, reported in regard to the meeting between Hill and himself, recently said "Governor Hill and I are on the best of terms, and always have been. We had no private conversation the evening of the dinner. I did remark, however, that notwithstanding the recent democratic cyclone in the country. The democratic party would have to do a good deal to beat the republican party."

AN UNFORTUNATE GIRL.
She Falls into the Hands of a Disreputable Couple.

SPOKANE FALLS, Feb. 10.—Some days ago Miss Lutie Works of Philadelphia, left home to visit her aunt, Mrs. C. B. Taylor, who resides at Wardner. At St. Paul, on her way out, she became acquainted with a couple, well known here, who pass in this city as Teddy Brooks and his wife, who are hangers on at the dives of the town and the three became most intimate, the woman referring to the young lady as her daughter, in order to avoid the comment of other passengers. On their arrival at Spokane instead of allowing the girl to proceed to Wardner they took her to a vile resort in this city and kept her there for three or four days, when all three left, presumably going to Seattle or some other Sound town. The young girl's father in the meantime telegraphed Mrs. Taylor that Lutie had started, and when she failed to put in an appearance in due time, the aunt came to Spokane to inquire for her. The police learned where she had been staying and with whom, but were too late to detain her. Mrs. Taylor has had warrants issued for the arrest of Brooks and his wife, which will be served as soon as they are found.

A DEN OF VICE.
Children of Tender Years Indulging in Debauchery.

SAN FRANCISCO, Feb. 11.—About 150 children, in various stages of intoxication, were discovered early this (Wednesday) morning in the Sarpore wine cellar, a resort frequented by the low class Italian and Spanish residents of this city, and located in the Italian quarter. The children were dancing to the music of a wheezy old accordion, played by a 13-year-old boy, and after each tune the boys engaged in dancing was compelled to buy a glass of wine for his girl or he would be debarred the privilege of the floor. How long the place has been running is not known, but the attention of the Society for the Prevention of Vice was called to it by belated pedestrians who saw children of tender ages rolling around the streets in the early morning too full to talk. The keeper of the place, Kate Sarpore, and Frank Valera, her 13-year-old musician, were arrested. The police will try to make an example of the woman.

THE KAISER'S ECCENTRICITIES.
In Some Respects They Resemble Those of Bavaria's Mad King.

BERLIN, Feb. 10.—The Kaiser's eccentricities are attracting more and more attention every day. In some respects he seems to be imitating the mad King Louis, of Bavaria, by taking unexpected trips here and there, and appearing where he is little looked for. These peculiarities are much more prominent than when he first ascended the throne. The Kaiser exacts the most rigid devotion from everybody, and the promotion of Count DeSchleffen to chief of staff is said to have been prompted by that officer's obligations courtesy to his sovereign, whom Schlieffen ever proclaims as a military genius, uniting the qualities of Caesar and Hannibal.

Toboggan Collision.
DONALD, B. C., Feb. 10.—A sad toboggan accident occurred here last night at 10 o'clock. There is a double slide across the Columbia, and while two toboggans were running in opposite directions they met with terrible force about the middle of the slide, badly injuring five persons. Miss Lawrence had a leg broken in two places and was injured about the head. Miss May Evans was injured internally and about the head; Thomas Taylor had a leg broken; Charles Crandon was injured about the head and had an ankle sprained, and T. Henderson was injured about the face and head.

Pendleton Celebrating.
PENDLETON, Feb. 10.—After a delay of ten years the long expected proclamation for opening that grand body of land known as the Umatilla Indian reservation was received yesterday, setting the date of sale for April 1. The land to be sold involves rich farming, grazing and timber adjoining the city of Pendleton, comprising 140,000 acres. It sells at public auction to actual settlers only. There is tremendous excitement. Cannons are booming, fireworks illuminating the heavens, brass bands playing, torchlight processions, mass meetings and speeches in progress. The Indians join in the festivities.

Canadian Reciprocity.
LONDON, Feb. 10.—The Chronicle says the fact that Blaine treats Canada's advances with hauteur causes surprise in England, but it is easily explained, once we grasp the fact that Blaine is maturing a great scheme of policy wherein Canadian reciprocity forms rather a trivial element. In commenting on Sir John's manifesto, the News declares the theory of imperial Zollverein fallacious, and that the plan will never work.

The Balloon Proposed for polar exploration is 99 feet in diameter and 500,000 cubic feet in volume. The journey will be from Spitzbergen, and with a favorable wind will last four or five days.

NOT DEFEATED YET.

General Sherman Still in the Land of the Living with a Fighting Chance for Life.

The House at Salem Passes a Bill Appropriating \$50,000 for the World's Fair.

GENERAL SHERMAN.
His Condition Much the Same as Was Reported Yesterday.

NEW YORK, Feb. 12.—The fitting lights and shadows in the death chamber of General W. T. Sherman were eagerly watched last night. The General was for the first time in life on retreat. His last march was begun battling with that grim warrior who knows not defeat; now retreating, now advancing, with the courage of one wont to conquer. The General never regained the coign of vantage but is slowly being driven back to the last trench, his base of supplies, strength and vitality, cut off, and annihilation is deferred but a little while. At noon a bulletin was issued saying he is still alive, but no encouraging symptoms.

LATEST.
NEW YORK, Feb. 12.—2:30—At 2 o'clock this afternoon Sherman showed signs of improvement. He has risen from his bed and is walking across the floor, and sat down in his chair. Physicians regard this as a very hopeful indication.

They do not now fear erysipilas so much. Their chief fears are of pneumonia because of accumulation of mucus in the general's lungs.

THE WORLD'S FAIR.
The House at Salem Appropriates Fifty Thousand Dollars.

The house Tuesday refuted the charge that it was composed principally of mossbacks, and passed a bill to appropriate \$50,000 for the world's fair. The bill was that introduced by Moore, of Benton, as amended by the committee on agriculture. It provides that \$10,000 shall be appropriated this year, \$20,000 in 1892 and \$20,000 in 1893. Judge Moore said he had favored a larger appropriation, but had become convinced that no more than \$50,000 would be appropriated by this legislature. Several opposed the bill because the amount was not large enough, and one member moved to refer the bill to the committee on ways and means, who have still under consideration the bill of the state board of trade, which appropriates a much larger sum for the same purpose. Minto said he was in favor of a larger appropriation, but was satisfied it could not be passed. The people of Marion county whom he represented, did not favor a large appropriation. A good display could be made with \$50,000. It might not do much advertising, but it would make a fine display. Jennings introduced a remonstrance from 800 citizens of Lane county against a larger appropriation than \$50,000. The motion to refer was lost, and the bill then passed by the following vote:

Senator Raley's Portage Bill to Be Considered Next Tuesday.

SALEM, Feb. 12.—The senate this morning passed a number of unimportant bills. Among the bills passed was house bill providing for a free bridge at Portland, also a bill permitting the A. & A. R. R. Co. to build a bridge at Albany. In the house a number of senate bills was received, read and referred to proper committees.

Raley's bill appropriating \$400,000 for the portage railway was made a special order for next Tuesday.

The bill allowing The Dalles to issue \$50,000 water bonds referred to committee on public buildings.
