CONTINUED ONCE MORE

The Consideration of Raley's Bill for the Portage Road Made the Special Order for Tomorrow at 10.

Governor Penoyer has Signed the Cascade Portage Railway Bill--The Dalles Charter Bill in Danger.

THE PORTAGE BILL.

Made the Special Order for 10 A. M. Tomorrow.
SALEM, Or., Feb. 16.—The house this morning made Raley's portage road bill the special order for 10 A. M. Wednesday, for the reason that the report of joint committee of Washington and Oregon, has not yet been made. The house members demanded a report before action is taken. It is thought that a full report would not favor the passage of the bill, but the house will not get a full report. The report will be that Oregon and Washington cannot jointly build the road, but that this does not prevent Oregon from building it.

CASCADE PORTAGE BILL A LAW.

The Governor has Affixed his Signature to the Bill.

SALEM, Feb. 17.—[Special to the CHRONICLE.]—The governor signed the Cascade railway bill yesterday.

Governor Penoyer is fighting the clause for the charter bill. The water bill was referred to the Wasco and Sherman delegation, and a compromise effected. The funds remain with the city treasurer. Commissioners are to be elected by the tax-payers and have the handling and loaning of the funds.

THE DEAD ADMIRAL

Laid to Rest with Naval Honors at Washington Today.
WASHINGTON, Feb. 17.—With military honors and all ceremony due his high rank, the body of the late David D. Porter, admiral of the navy, was this afternoon laid to rest in Arlington cemetery. Not since the burial of Sheridan has Washington witnessed such an impressive funeral.

Every branch of the military and naval service was represented. The services were held at the house and were conducted by Dr. Douglass, rector of St. James.

The body of the late admiral lay in state at the family residence all the forenoon and was viewed by a constant stream of people. The remains was dressed in full uniform encased in a casket covered with purple velvet lined with white satin and heavy silver handles and plate appropriately inscribed. A large flag was wrapped around the casket and sword and chaplet placed on the lid.

President and Mrs. Harrison and members of the cabinet, justices of the supreme court and members of the diplomatic corps were present at the service.

BIG STORMS EAST.

Rivers Overflowing Their Banks and Stopping Trains.
PITTSBURG, Feb. 17.—At 11 o'clock this morning both rivers were at 26 feet and rising at the rate of seven inches per hour. All the morning families have been moving from houses along the lower Allegheny.

Travel on the Pittsburg and Western road is stopped while many mills along the river have been forced to close. Reports from headwaters show steady rains with rivers all rising and lower towns flooded. Bridges are being carried away in every direction and the loss is great.

JOHNSTOWN, Pa., Feb. 17.—The water receded some during the night but is again within six inches of the highest point of yesterday. All Cambria and the lower part of this city from Windsor hotel are under water.

HELENA, Ark., 17.—The continued rise in the river at this place has caused considerable anxiety along the levee.

Trainman Killed at Albina.
PORTLAND, Feb. 17.—Emmett Robb, a switchman in the employ of the Union Pacific, was killed today in the Albina yard. He was coupling cars and was caught between them and fearfully crushed. He leaves a wife and one child.

THE CABLE LINE BILL.

Senator Mitchell Has Strong Hopes That Congress Will Pass the Measure.

WASHINGTON, Feb. 15.—Senator Mitchell is very hopeful that his amendment to the consular and diplomatic appropriation bill providing for the construction of cable lines in the Pacific ocean will be adopted by the senate and in all probabilities be passed before the end of this week. The adoption of the amendments in the senate will have the effect of sending it to a conference committee composed of representatives of both houses, and the fate of the cable amendment will probably be settled by conference. There was no opposition to the amendment in the committee on foreign affairs to which it was referred, and Senator Edmunds, under authority of the committee, proposed it during the consideration of the diplomatic bill. Senator Mitchell has talked with a number of senators about the amendments and they have not expressed any dissatisfaction with its provisions. The amendment will find many supporters because of the mere nominal liability imposed on the government by it, although it may be claimed that too much authority is given the president in contracting with the company to build the proposed lines. A bill like that has been introduced in the house by Morrow, of California, and has been reported favorably from the foreign affairs committee and placed on the calendar.

THE LIMIT OF SPEED.

Senator Stanford Thinks Sunol Will Reach the Lowest Possible Speed Rate.

WASHINGTON, Feb. 15.—"Mr. Bonner is right," said Senator Leland Stanford last evening. "Sunol has trotted the quarters as low down as 29 seconds, and before the coming season closes will, under favorable circumstances, trot a mile in close to 2:06, and, by the way, my belief is that time will prove about the lowest limit which any horse will be able to achieve at a trot. Sunol is no longer mine, therefore I shall not lie under the suspicion of rating her beyond her merits when I say that I almost despair of ever being able to breed another animal capable of such extreme fights of speed. She has everything in her favor, conformation, ambition, gameness, stamina, nerve power, and last, but not least, brain, which in horse parlance means a level head. When I was in New York a few days since, Mr. Bonner and myself held a consultation as to Sunol's immediate future. We agreed that, on the whole it would be wise to give Marvin a chance to lower her record, and then bring her to Mr. Bonner's private stable. The programme thus decided upon will be carried out, and in the early autumn Mr. Bonner will handle the reins over her in person."

THE KIDNAPERS.

Abductors of Lodie Wirt to Be taken Back to Spokane for Trial.

SEATTLE, Feb. 16.—M. G. Harbord, chief of police of Spokane Falls, arrived in this city this morning with warrants for the arrest of Barney Brooks and wife, who kidnaped Lodie Wirt, a 16-year-old girl, from Spokane December 7. He leaves in the morning at 6:10 o'clock with the wily couple and the girl for Spokane. He was accompanied to Seattle with Mrs. C. B. Taylor, Lodie Wirt's aunt, who has worried herself great and thin since the abduction. She spent the day with her niece at the Home of the Good Shepherd and was overjoyed at the meeting the girl. Brooks and wife are wanted at Spokane for other similar abductions, and it promises to go hard with them.

Talmage's Eulogy of Sherman.

Few York, Feb. 15.—At the Brooklyn Academy of Music today Dr. Talmage spoke as follows of General Sherman:

The century has no grander soul to surrender into eternity than the one who has just passed away from us. Frank, honest, brilliant, gallant, patriotic William T. Sherman! Thank God that I ever knew him, that I ever felt the hearty grip of his right hand, and held the friendship of his great heart. I have no part in the question which is being agitated as to whether he was a Catholic or Protestant. I heard his profession of faith on a memorable occasion, and under peculiar circumstances. In New York, at the New-England dinner, three years ago, I sat with him four hours. He was on one side, and immortal Henry W. Grady on the other, when, in conversation, he expressed to me his respect for his religion embraced by his wife, and his own faith in God and confidence in a future. He was simple as a child, brave as a lion, sympathetic as a woman, firm as a rock, wrathful as a tempest, when aroused against a great wrong, and lovely as a June morning among his friends.

Sensor Quay Will Explain.

New York, Feb. 15.—The World's Washington special says:

Sensor Quay said tonight that if his health would permit, he would rise in his place in the senate, tomorrow, and deliver a speech which he has already put on paper, and in which he will not only defend himself from charges of embezzlement and other criminal charges, made against him by the World, but also defend and explain the attitude which he has assumed toward the force bill, declaring that at the last session he temporarily forsook the force bill only to save the tariff bill, and that now the only fault he finds with the Hoar bill is that it is not strong enough, not practical, in fact. One who claims to have read Senator Quay's manuscript, says the speech will not contain over 2,000 words.

A Notable Death.

New York, Feb. 17.—"Ben Ali" Haggin died today. His death was caused from pneumonia which set in on Sunday.

OREGON LEGISLATURE.

Welche's Pilotage Bill Gets Through--Other Matters.

SALEM, Feb. 17.—In the senate this morning Welche's pilotage bill on the Columbia and Willamette rivers, was read the third time and failed to pass. The bill was afterwards reconsidered and passed, 21 to 6.

Welch, Olna, Greenville and Fox's seaside road bills were advanced to the third reading as was also the world's fair appropriation bill.

The house passed the bill increasing the powers of the state horticultural commission. The bill regulating salaries of stock inspectors and a bill repealing the mortgages tax law was laid on the table.

THE DEAD HERO.

Comrades who Fought With Sherman to View the Remains.

NEW YORK, Feb. 17.—The family of Gen. Sherman today decided to allow the friends of the old hero and old war veterans who fought with him an opportunity to view the body. For this purpose they set apart today and tomorrow from 10 A. M. to 4 P. M. The regular military guard remains on duty. A policeman keeps people in line. A cast face of the General has been taken, which is pronounced a success.

A BIG LIBEL SUIT.

Ignatius Donnelly Sues for \$100,000.

ST. PAUL, Feb. 17.—Ignatius Donnelly, author of the "Cryptogram" member of the state senate, has brought suit for libel against Ex-Congressman William King and the St. Paul Pioneer Press for \$100,000 each.

The newspaper is charged with printing letters written by King in which it is charged that Donnelly received large sums of money for his vote and influence both in the United States congress and in the Minnesota legislature.

Furious Gales Prevailing.

MODESTO, Cal., Feb. 15.—A terrific gale has prevailed all through the night from the southeast, accompanied occasionally by light showers of rain. This morning the wind continues to blow with unabated fury, blowing down signs and all the insecture articles that exposed to it. At 7 o'clock last night the barometer registered 30.4; at 11 today it shows 29.7.

Accident to Electric Light Works.

SANTA CRUZ, Feb. 15.—The city is in darkness tonight. High water entered the wheel pit of the incandescent electric light works and in consequence the lights could not burn. Recourse was had to candles and kerosene lamps, which shed but a fitful glimmer, while the streets were inky black.

GUTHRIE, Feb. 15.—Chiefs of the Otway Indians met at Tones today and drew a memorial to President Harrison, praying their treaty with the United States for the sale of their lands be ratified and the lands be allotted them before spring so they can make ready to put in crops.

India an Importer of Silver.

NEW YORK, Feb. 14.—Referring Seligman's statements before the age committee at Washington that would send immense amounts of to America, instead of sending the to China, a gentleman well versed in eastern exchange points thought India never sent any silver to China, he says, often imports silver from China. India always absorbed silver and will probably continue to do so in any event.
