A DESPERATE AFFAIR.

A Wife Aided by Her Lover Murderously Assaults Her Husband.

GREENVILLE, Miss., Feb. 27.—W. T. Anderson, section foreman on the Georgia Pacific railroad, was shot twice yesterday morning by his wife. Anderson, who had been out on the road, returned to his home on Monday to find his wife absent and his three children in charge of a colored woman. At 9 o'clock yesterday morning, Mrs. Anderson arrived on the Georgia Pacific train, and, as she stepped on the platform, McSurry, a plantation manager, handed her a pistol. With this in her hand, she met her husband. They exchanged some angry words, then the woman leveled the weapon at the head of Anderson, who drew his pistol and knocked hers out of her hand, at the same time hitting her in the face. Mrs. Anderson then returned to the depot and procured another pistol from McSurry and also got possession of a hatchet. Armed with these and accompanied by McSurry, who renewed her attack on her husband, she by this time had been disarmed by a neighbor and had gone into the house. The woman, still accompanied by McSurry, amid the screams of her little ones, forced an entrance and leveled their pistols at Anderson, McSurry's weapon missed fire, but the wife's did not, and the ball entered Anderson's thigh. Anderson then grappled with McSurry and wrenched the weapon from his hand. In the meantime the wife fired again, the ball entering Anderson's head. At this juncture officers rushed into the house and seized McSurry. The woman rushed out, shouting: "I shot him! I killed him!" She is a handsome brunette, 30 years old. She had been married fourteen years, and is the mother of three children. She and McSurry are both in jail. Anderson may recover.

GENERAL RAILWAY AFFAIRS.

President Hill in New York.

J. J. Hill, who left London a week ago, is probably in New York by this time, and news of the result of the negotiations for the sale of the Hunt bonds may be expected any day. Friends of the road feel very confident that Mr. Hill has succeeded in disposing of the bonds, as he usually succeeds in what he undertakes. It is about a year now since Mr. Hunt undertook to float his bonds, and if Mr. Hill's mission has proved a failure, the jig is up, probably. A better outcome may be hoped for.

IT MAY BE TRUE.

The Centralia Chronicle says: We learn from parties just in from the East that the forfeited subsidy on the Hunt grade has been tendered to the Northern Pacific at their office in New York city and the same has been accepted; the only delay to the completion of the contract is the awaiting the signature of President Oakes, who is at present in Florida, but who will arrive in a few days in New York and sign the contract. The Northern Pacific will then at once build a line from Montezano to Gray's Harbor City, and up the Humpulps on the north side, and to Ocosta and on to South Bend on the south.

THIS MAY BE TRUE, BUT IT IS POSSIBLE THAT IT IS ONE OF THE NUMEROUS REPORTS, WHICH HAVE BEEN PUT IN CIRCULATION FOR THE PURPOSE OF DAMAGING MR. HUNT'S PROSPECTS FOR SELLING HIS BONDS.

JACK HAS A FRIEND.

WILLING TO BACK DEMPSEY AGAINST DOMINICK McCaffrey. NEW YORK, Feb. 27.—Gus Tuthill, the backer of Jack Dempsey, says he will match the "Nonpareil" against Dominick McCaffrey for either \$5,000 or \$10,000 for a finish fight at catch weights. It appears that McCaffrey and Tuthill met a party of friends at a certain well known sporting resort a few nights ago, and became involved in a discussion as to the respective reputations of several prominent pugilists. After considerable talk, McCaffrey said he would like to get another chance at Dempsey, and Tuthill snapped him up by offering to make a match for the above amount. He produced a big roll of bills and wanted to post \$2,500 on the spot. Dominick asked him if he was sure that Jack would fight, and Tuthill told him that Dempsey would stand by any match he would make. Finally McCaffrey said that he would put up his money in a day or two if the Manhattan Athletic Club officials would allow him to fight. Gus told him that he would get permission from the club for him to battle if he would make the match. As the matter now stands, Tuthill is waiting to hear from McCaffrey or his backers. He is anxious to back Dempsey, because he is confident that he can beat McCaffrey.

THE BOSTON ELECTROTYPERS.

BOSTON, Feb. 28.—The long-deferred strike of the electrotypers of this city occurred this morning. The strike is general among the trade. Nearly 300 men are out, and it will seriously interfere with the work of about 2000 others in the printing trade. The men have a very strong union and are confident of success. The cause of the strike is a demand for a uniform minimum rate of pay.

A SAN FRANCISCO OPINION.

Will Materially Benefit the Entire Pacific Coast. SAN FRANCISCO, Feb. 28.—Captain W. L. Merry said this afternoon that should the shipping bill be passed by congress, the effect would be in his opinion, to materially benefit the entire Pacific coast.

"Its passage is especially needed at this particular time in San Francisco when the British government, with subsidized lines to China, Japan and Australia, is striving to divert as much as possible of our commerce. That section of the bill which applies to apprentices, will be of especial value, as it affords an opportunity for our boys and young men to obtain a respectable occupation and promotion to responsible positions at sea. The bill is calculated to encourage shipbuilding on the Pacific coast, notably the building of iron ships at San Francisco and large wooden ships for foreign trade on Puget sound and in Oregon."

CHARGED WITH SEDUCTION.

TACOMA, Feb. 26.—Anna Sofia Jacobson has sworn out a warrant for the apprehension of John Arthur Fawcett who was charged with having basely betrayed the girl under promise of marriage. Fawcett is a well-known business man here, and whether he suspected that he had gone to the end of the rope or not it is impossible to say, but it was reported by Constable Davis that Fawcett was said to have gone east on the morning train. There was some talk of intercepting him by telegraph. The woman is said to be without relatives here.
