## IRELAND'S DISTRESS.

**The Potato Blight Causing Much Suffering.**  
DUBLIN, March 10.—The Irish local government board has issued a report on the failure of the potato crop and the condition in the congested districts. Districts in which the disease appears comprise about half of Ireland and is due to planting old champion seeds in light, dry soil. The crop in some places is excellent but in cold wet lands and mountain districts the failure is serious. The distress is aggravated by the reluctance of local shopkeepers, to grant credit. Relief applications are to be confined to the congested districts of the west and to the laboring and fishing classes of the south. It is expected the pressure will become more general between now and April.

## THE STEAMER WAS SAFE.

The Steamer Buckeye, Reported Lost, Sails Into Seattle.

SEATTLE, March 10.—The report that the steamer Buckeye had been lost near Edmond's with twenty passengers aboard was disproved this morning by the arrival of the steamer safe and sound. The non-arrival of the vessel when due and the washing ashore of a quantity of vegetables with which she was loaded, gave rise to the report. It now transpires that when the storm arose, the Buckeye put back to Apple Tree Cove, and did not make the return trip until yesterday morning.

## WIGGINS SAYS ITS COMING.

The Canadian Weather Sharp Predicts a Big Storm.  
OTTAWA, March 10.—Prof. Wiggins, the weather prophet, says: "There is at this moment on the north of the Atlantic and approaching the American coast, a greater storm than any that will happen during the remainder of this year or any time during the year 1892."

## THEY GO TO THE WALL.

## His Name Ought to Elect Him.

A. decided to vote tomorrow for General Palmer. The republicans, this afternoon, discussing the advisability of voting for Representative Moore as the only means of preventing the election of Palmer.

## A BAD RAILROAD WRECK.

A Jacksonville & Southern Passenger Train Jumps the Track.

PEORIA, March 8.—The Jacksonville & Southern fast passenger train, which left here at 1:30 this morning, met with a terrible accident at Havana, Ill. The train consisted of a baggage car, coach, chair car and two sleepers, and was an hour and a half late, owing to a terrible storm raging at Havana. There is a sharp curve one and one-half miles from the depot, and the engine struck the curve at a switch and left the track. All the cars followed, piling up in great confusion. The half-dressed passengers clambered out of the windows and through the roof of the demolished cars, and hastened, bare-footed through the street and over icy roads to the nearest houses. The passengers who were in the coach extracted their injured companions. Under the engine was Fireman Suddler, who was instantly killed. By the side of the engine was Engineer Birkenhead, with one arm and a leg cut off. The others injured are: Edward Hommett, of Peoria, burned and badly bruised; Walter Canover, Manitou, Ill., fatal injuries; Charles Mulvaney, of Streator, Ill., back and head crushed; will die; Miss Emma Rushton, St. Louis, seriously bruised.

Express Messenger Bates, left foot torn off and badly bruised. Frank P. Lewis, Peoria, seriously jammed in the breast. Conductor Kennedy, of Eureka, Ill., and Brakeman Hughes, severely injured. The wreck immediately took fire, and burned with great rapidity. It was with the utmost difficulty that some of the passengers were rescued, and one or two were severely burned. A wrecking train was sent out from Jacksonville at once, but when it reached the scene the fire had swept the debris away with the exception of the iron work and the engine. It is thought the wreck was caused by a broken rail or the ice on the track. The loss to the company, including death and accidents, will not fall short of \$100,000. The people in the sleeper were not injured, but had to make their way for a mile through the terrible storm to shelter.

## ENGLISHMEN ARE DISCONTENTED.

They Do Not Want So Much Honor Laid Upon Allen Princes.

LONDON, March 9.—Victoria's liking for her German relatives is causing a good deal of discontentment in England, where there is a profound sentiment against the alien princeling nests had better be bestowed on natives of Great Britain. Prince Henry, of Battenberg, who masquerades as the governor of the Isle of Wight, and really acts as a messenger to run errands for his royal mother-in-law, is said to have been grossly insulted as he calls it, at a place called Calbourne in the island. The insult consisted in the almost total ignoring of Battenberg and his pretensions at a little local celebration to which he invited himself without being accompanied by the Princess Beatrice.

## STORM SIGNALS.

Indications of a Severe Storm in Montana—Rain in New England.

WASHINGTON, March 9.—The storm has moved north from Illinois to Lake Superior, and the secondary has moved from Alabama northeast to North Carolina. A clearing condition, increasing in magnitude, has moved east from Ontario to Nova Scotia. Another clearing condition has moved southeast to Texas. A storm of great magnitude moved south to Montana with a pressure of 29.34 at Medicine Hat. Rain or snow has fallen in all districts east of the Mississippi river, excepting Florida and Northern New England. Temperature has fallen in the Mississippi valley and generally risen elsewhere. Clearing weather is indicated for the Lake regions and southeastern states; general rain in New England and Middle Atlantic states.

## THIEFISH SOLDIERS.

Six of Her Majesty's Troops at Queens-town Who Have Been Robbing Ships.

LONDON, March 9.—Recently many ships anchored in Cork harbor have been visited by thieves, who have carried off large quantities of valuable property, in spite of the vigilance of the Queenstown police. The authorities finally decided to search the town, and their efforts in that direction resulted in the discovery that six soldiers, stationed in the forts, were the culprits. It appears that these men were accustomed to slip out of their quarters after dark and proceed to a common rendezvous. After midnight they would seize any small boat available and go out on a pirating expedition, returning before daylight, and disposing of their booty through the medium of a fence, whose place of business was near the water. The men have all been arrested and will be court-martialed. The discovery of the thieves has created a great sensation in Queenstown.

## CALIFORNIA'S SENATOR.

Various Candidates are Watching Each Other Closely.

SACRAMENTO, March 9.—The senatorial fight is getting hot. Charles N. Felton came up last evening and took the same rooms in Golden Eagle hotel which W. W. Stow generally has. Stow himself is also present. Estee is here, but his lower jaw is resting on his shirt bosom. Felton seems to have come to the front. William C. Balston, a young San Francisco attorney, who is very close to Felton, says that Mr. Felton feels that he has the fight already unless Humboldt goes back on him. Each candidate has detectives here watching to catch the other fellow buying voters. There are at least ten private detectives in town.

"I think I'll take two or three days off," remarked the month of February.

## ENGLISH WEATHER.

Swept By the Fiercest Storms They Have Experienced for Years—Intense Suffering and Loss of Life.

LONDON, March 10.—The blizzard in South England still continues, although the weather in London is milder. Railroad trains are blockaded and the neighboring country covered with snow which has been piled in drifts of great depth by the hurricane accompanying the storm.

Passengers on the blockaded trains suffered severely from the cold. The blizzard prevailed from St. George's channel to the North Sea.

The mail service is completely stopped and many towns are shut off from all outside communication.

There is an immense loss of cattle and sheep.

In addition to the damage done by the storm itself, the Thames commenced to rise in a dangerously rapid manner and already has inundated the low lying district from Richmond down.

Green grocers are suffering from a dearth of vegetables, etc. All wagons coming in from the country are snowed up along the road.

At Lydd, a small seaport town of Kent, while the coast guard life boat was going to the rescue of a crew of an endangered vessel, the life boat capsized and several occupants were drowned.

Near Hastings, Sussex county, five fishing smacks were wrecked and three fishermen drowned.

## EX-EMPRESS EUGENIA.

She is Said to Be in a Very Poor Condition Physically.

LONDON, March 9.—The ex-Empress Eugenie is reported to be in a very poor condition physically, and little more than a wreck mentally. Some say it is insanity, but her unfriendly reception in Paris, when she was at first mistaken for Empress Frederick, and afterward insulted as soon as her identity became known, was a great shock to her. She has lost all traces of her former attractions, and has ceased even to cover the ravage of time with cosmetics. To the better class of Frenchmen she is an object of pity, if not sympathy, but the nabobs lose no opportunity to show their hatred.

## NEGO EXHIBITORS.

Asking for Space to Display Their Products at the World's Fair.

WASHINGTON, March 9.—Hon. John H. Smyth, ex-United States minister to Liberia, has written a letter to President Harrison urging the appointment of a colored person to represent the negro race at the World's Columbian exposition, and that a place be made in the exposition for products and scientific achievements, inventive genius and educational developments.

## Trying to Elect a Senator.

SACRAMENTO, March 10.—The legislatures in separate session voted today for United States senator to succeed the late Senator Hearst. In the senate the vote resulted as follows: Estee, 12; Felton, 7; DeYoung, 4; Blanchard, 3; Johnston, 3; Ostrom (Dem.), 10; scattering, 2. No choice. In the house the vote was: Estee, 2; DeYoung, 18; Felton, 6; Blanchard, 9; Johnston, 2; Ostrom, 15; scattering, 9. No choice.

## Pool Rooms Cannot be Closed.

LOUISVILLE, N. Y., March 10.—Judge Thompson has decided that pool rooms could not be closed as they are doing a lawful business.

## San Francisco Market.

SAN FRANCISCO, March 19.—Wheat, buyer season, 1.52.

## Is Disease a Punishment.

The following advertisement, published by a prominent western patent medicine house would indicate that they regard disease as a punishment for sin:  
"Do you wish to know the quickest way to cure a severe cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. This can always be done if you choose to, as nature in her kindness to man gives timely warning and plainly tells you in nature's way, that as a punishment for some indiscretion, you are to be afflicted with a cold unless you choose to ward it off by prompt action. The first symptoms of a cold, in most cases, is a dry, loud cough and sneezing. The cough is soon followed by a profuse watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases there is a thin white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double doses every hour. That will greatly lessen the severity of the cold and in most cases will effectually counteract it, and cure what would have been a severe cold within one or two days time. Try it and be convinced." 50 cent bottles for sale by Snipes & Kinersley, druggists.

The fifty-first congress, just adjourned has solved the problem that had confronted the nation for twelve years—"What shall we do with the surplus?"—Astorian.

The Lord never intended grief to spread; you can cry in secret, but you can't enjoy a joke alone.
