## HE IS AVENGED.

The Citizens of New Orleans Rise in their Wrath and Slaughter Chief Hennessy's Assassins.

The Tennessee Insane Asylum Burned—Disastrous Fire at Syracuse—New R. R. Line to the Pacific Coast.

The Associated Press Reports are Sent Exclusively to the Chronicle at The Dalles.

NEW ORLEANS, March 14.—The scenes about Clay statue this morning brought to mind very forcibly the peculiar and ominous uprising of a September day some sixteen years ago. Ten o'clock had not yet struck and a vast multitude had already congregated on Canal street, filling the space from curb to curb on each side of the boulevard.

Just on the stroke of 10 o'clock a shout went up from the people stationed at St. Charles street and a number of gentlemen among whom were W. T. Parkerson, J. C. Wickliffe and others who signed the call, came 3000 people within earshot and more could be seen struggling pushing and running here and there on neutral ground.

Street cars were unable to pass through and vehicles of all descriptions were halted.

Parkerson spoke first. He said that once before he had appeared before the people in a grand mass meeting assembled to discuss matters of vital interest to the community and again he faced the people of New Orleans to denounce the infamous act which is consequent upon the most revolting crime in the criminal annals of any community. That was the finding of the jury in the murder trial yesterday and that crime was as everybody knows the assassination of Chief Hennessy.

After the speeches an indignant crowd of about 2000 people started for the parish prison.

After a slight resistance the jail was surrendered and the citizens rushed in and killed eleven of the nineteen men who were indicted for the assassination of Chief Hennessy. Those killed were Manuel Politz, Pietro Monastro, Antonio Marchesi, Antonio Bagnetto, Frank Romeo, Jim Carnso, Rocco Ceranchi, Charles Trahine and Comitex.

After the assassins had been put to death Parkerson addressed the crowd urging them to return to their homes or respective places of business, without demonstration.

Joe Machea had a pistol and shot Sergeant Herron in the neck, inflicting a slight wound.

Politz is hanging to a lamp post at the corner of Irene and Starr streets, Bafteno to a tree in front of the prison. Others were shot in their cells.

When the citizens' committee had completed its work at the parish prison it disbanded for the day.

A meeting was held tonight to consider what further action if any, shall be taken.

The committee is composed of the better class of people; business men are also satisfied.

## MADNESS AND DESPAIR.

The Tennessee Insane Asylum Burned With Part of Its Inmates.

NASHVILLE, Tenn., March 14.—The beautiful insane asylum seven miles from this city, is almost a mass of flames. Beneath it are the charred bodies of half a dozen unfortunate inmates. In an out house are huddled the poor demented creatures, formerly, inmates.

The fire was discovered at 10:15 last night. It started from some unknown cause in the west main wing. In a moment the alarm was given and the 400 inmates thrown into wild commotion.

There were twenty-eight men in the ward where the fire caught. Twenty-two were quickly removed to the main hall, the other six being left to their fate behind an impassible wall of flames.

At 3:10 the inmates who had been huddled together for several hours in the yards were returned to the east wing. About twenty-five escaped, the majority of whom are harmless.

At this moment the west wing is entirely demolished and about half of the main building.

Dangerous lunatics are kept locked in the east wing.

At 1:30 the fire is under control. It is impossible to estimate the loss which is fully insured.

## ANOTHER ARREST.

In Connection With the Southern Pacific Train Robbery.

PASO ROBLES, Cal., March 12.—Sheriffs O'Neil and Kay and Detective Smith today arrested William Dalton for connection with the Alila train robbery February 1, in which Fireman Radcliffe was killed. Dalton admitted to the officers that he had hidden the "boys", and had piloted them to a place of safety. He had done this, not on account of the train robbery, but because they were wanted in the East for murder. Dalton offered, if the officers would promise that the "boys" would not be turned over to the Eastern authorities, to go to the hiding place of the fugitives and notify them to come in, which they would do.

The officers offered to send an unarmed man with Dalton, but he said the "boys" would kill any one who went with him. They have 800 rounds of ammunition and are good shots. Dalton will be taken to Nisalia tomorrow. The officers claim that they have cleared up the Pixley, Goshen and Alila robberies, and that a number of other arrests will soon be made.

## Suit Against a Newspaper.

SNODGRASS, Wash., March 12.—A complaint was filed today in the superior court by G. Krueger and the Sun Publishing & Printing Company for libel and \$15,000 damages. The case arises out of some articles which appeared in the Sun, intimating that a certain real estate agent had been run down by a United States detective and made to disgorge \$1500 which was obtained in Wisconsin some years ago under peculiar circumstances. Krueger applied the insinuation to himself, hence the suit. The Sun has also been fighting disreputable land agents of late, which Krueger has also taken exception to.

## A Valuable Find.

VICTORIA, B. C., March 12.—E. Bellone, one of the owners of the Bonanza mine, Cayoosh creek, Lilloet district, arrived from Clifton Wednesday night, bringing news of a very rich strike in the Bonanza. He brought in several pieces of ore which were heavily studded with gold. The samples assayed today, showed as a result, No. 1, solid vein, of 9360 ounces, equal to \$193,471 per ton; No. 2, broken rock and dust from drill-holes, 640 ounces, \$13,235 per ton. The fortunate owner has refused an offer to bond the mine for \$30,000.

## PATSY DUFFY DEAD.

Picked Up Penniless in the Streets of New York.

NEW YORK, March 13.—Patsy Duffy, the California jockey, who rode J. B. Haggin's Ben Ali in the Kentucky derby of 1886 and Tyrant in the Withers stakes at Jerome park, died in Bellevue hospital at 2 o'clock yesterday morning of alcoholism. Several weeks ago he was found on the street, penniless and almost dead from the effects of protracted drunkenness. He was then removed to the hospital, where he remained under treatment up to the time of his death. In the '80s Duffy was famous as a rider of race-horses, and for a time promised to be the premier jockey of America. He had perfect hands and rare patience, and was one of the most brilliant and desperate finishers the turf had known. He had earned a reputation in California before Mr. Haggin engaged him and brought him east, but his fondness for drink caused his ruin, and his connection with Haggin's stable was severed after a very short time. Duffy was next engaged by Theodore Winters, and was to have ridden the crack 2-year-old, El Rio Rey, in his eastern engagements in 1889, but his weakness for liquor overcame him in St. Louis and he drifted into the gutter. His last engagement was with Porter Ashe, but he could not or would not remain sober, and was again dismissed. The last race Duffy rode was in Chicago, where he won a selling purse on one of S. Ackerman's horses at the West Side park course, and was presented with a considerable sum of money for the skill he displayed. He promptly went to drinking again, and has not been sober or in the saddle since. Duffy had many friends, for he was honest and generous, and a collection, taken up at the Guttenberg track to defray his funeral expenses, was liberally supported. The burial will take place at 10 o'clock today in Calvary cemetery. Duffy's only surviving relative is his father, who lives in California, near Los Angeles.

## TO FORCE THE ELEMENTS.

A New York Scientist Who Has a Plan for Promoting Rainfalls.

UTICA, N. Y., March 12.—Professor Carl Myers, of Frankfort, N. Y., has returned from Washington, D. C., where he was called to consult with officials regarding the carrying out of an extensive scheme for promoting rainfalls in arid regions, or during seasons of prolonged drouth, by producing concussions in the upper atmosphere, for which congress has made appropriations. Professor Myers will begin operations with 100 balloons of various sizes. The charges of mixed gases will be exploded at various heights through the medium of galvanic batteries and electric cables, which will serve both to retain captive the balloons, and conduct the electric spark to the explosive compounds. The necessary work will be done on his balloon farm at Frankfort, where the oxygen and hydrogen will be generated. The experiments will be made at Frankfort and near Washington. Finally the sky stormers will be taken to the arid regions of Texas, Colorado and other states. Theory and statistics favor the successful issue of the experiments.

## Is Disease a Punishment.

The following advertisement, published by a prominent western patent medicine house would indicate that they regard disease as a punishment for sin:

"Do you wish to know the quickest way to cure a severe cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. This can always be done if you choose to, as nature in her kindness to man gives timely warning and plainly tells you in nature's way, that as a punishment for some indiscretion, you are to be afflicted with a cold unless you choose to ward it off by prompt action. The first symptoms of a cold, in most cases, is a dry, loud cough and sneezing. The cough is soon followed by a profuse watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases there is a thin white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double doses every hour. That will greatly lessen the severity of the cold and in most cases will effectually counteract it, and cure what would have been a severe cold within one or two days time. Try it and be convinced." 50 cent bottles for sale by Snipes & Kinnersley, druggists.

## The Rio Grande and Western Coming to Oregon.

DENVER, March 14.—It is said, on good authority, that the R. G. & W., in order to secure a shorter line to the Pacific coast, is negotiating for purchase of the Oregon Pacific road which has been projected from Yaquina Bay on the Oregon coast to Boise City, Idaho, and will build the railroad from Ogden, Utah to connect with it, which would give them a first class transcontinental route.

At a secret meeting held by the Colorado and Utah lines, steps were taken to increase the freight fares from the Missouri river to Salt Lake.
