FELTON IS SENATOR.

The California Senatorial Contest Ended Today by the Election of Felton on the First Ballot.

A Bad Failure at Black River Falls, Wisconsin—More of the Utopia's Loss at Gibraltar.

The Associated Press Reports are Sent Exclusively to the Chronicle at The Dalles.

SACRAMENTO, March 19.—Felton was elected United States senator on the first ballot today.

The following is the vote: Total number of votes cast, 118; necessary to a choice 60.—White 28; Estee 15; Felton 78; Johnston 1; Heacock 1.

A SENSIBLE SILVER ADVOCATE.

Senator Power Thinks The Silver Men Asked Too Much.

NEW YORK, March 19.—U. S. Senator Power of Montana in an interview, says he thinks the silver advocates in last congress made a mistake in trying to adopt a measure providing for the absolute free coinage of silver. He did not think in was sound policy to jump too quickly to free coinage of white metal. It will not do for three silver producing states to attempt to dictate the financial policy of the whole country. I do not believe it best to adopt free coinage while bullion is worth only \$1 per ounce. When legislation is enacted that will advance the price of bullion, free coinage law will follow naturally.

CONNECTION WITH PORTLAND.

The Coos Bay People Want Ocean Steamers on the Route.

MARSHFIELD, Or., March 19.—At a meeting of the Coos Bay board of trade last night a resolution was adopted that the board urge upon the Portland Chamber of Commerce the speedy establishment of a close and permanent commercial relations between Portland and Coos Bay by placing on the ocean route between such points a vessel of such tonnage and passenger accommodations as the traffic demands.

A Louisville Bank Succumbs.

LOUISVILLE, March 16.—Theodore Schwartz & Co., private bankers, failed today for half a million dollars. Their assignments carries to the wall the Union Tobacco Works. Fred Jannesen a member of the firm, has mysteriously disappeared and fears are entertained that he committed suicide. No dishonesty is traceable to him.

UMATILLA INDIAN COUNCIL.

Red Men on the Reservation Make Some Increased Demands.

PENDLETON, Or., March 17.—A big council of Indians was held at the agency four miles east of here. All day yesterday some thirty head men were present, and listened with reverence to the guttural orations of their leaders. The nature of their principal demands, briefly given, is as follows: "A conference is wanted with Register Cleaver of the La Grande office." This request will doubtless be granted. Mr. Cleaver has been notified and will probably be here the latter part of the week. The cash received for the land must be delivered at once to the Indians, else they threaten to prevent the sale from being made. The threat of course is an idle one.

An emphatic protest is made against the appointment of E. J. Summerville, to whom the Indians appear to have taken a dislike as one of the allotment commissioners. The Indians say they will prevent him from coming on the reservation. Whether this will have any effect is doubtful, as Mr. Summerville is said to be strongly recommended. The government has carried out its contract to the letter, and has advanced at last so far that it will not recede. The Indians first agreed to take 120,000 acres, to be allotted in severalty. Then they asked for 12,900 acres more and their request was complied with. Now that the government is ready to sell the remaining 148,000 acres it will do it in spite of protest.

The Indians purposely interpreted the Slater bill to mean that their allotments shall be made prior to sale, and that the lands not needed by them shall afterwards be sold. They cannot or will not understand the act to mean that so much has been set aside for their use, and that the surplus land will all be sold. They professed to believe that if the diminished reservation is not sufficient for their wants, they may draw on the surplus lands, and many Indians have flocked to the reservation since the census, on which the division is based, in order that as much land might be secured as possible.

COLORED PRESS ASSOCIATION.

The Opening Address by the President Full of Indignant Statements.

CINCINNATI, March 17.—The seventh annual convention of the Colored Press Association of the United States began a session here today. President John Mitchell, jr., in his address, called attention to the increase of outrages in the south, to the plain violation of rights of the citizens, etc. The attitude of the two political parties, he said, was cause of serious alarm. The defeat of the Blair educational bill and the failure to favor the elections bill were pointers to the drift of public sentiment in the south of these parties. The time was not far distant when a free American would strike back. The republican party of the nation, he said, owing to treachery in its ranks, has grievously disappointed the colored man. In future the colored man must help himself and do all he can to elevate his condition.

DEATH OF A CENTENARIAN.

David Ross Munroe, Probably the Oldest Man in Oregon.

HILLSBORO, March 17.—David Ross Munroe, an old pioneer, from Scotland and through the Hudson bay services, died Sunday and was buried today. It is supposed he was the oldest man in Oregon. In his youth he was drafted in the wars against Napoleon Bonaparte, but was not in active service as he was only seventeen at the time of Waterloo. He arrived in Oregon in 1842, and has resided here ever since. Men who are now old knew him as an old man when they were boys. Dudley Munroe has been supposed to be almost a living fossil for many years, though able to walk and travel about until a few weeks ago. There can be no doubt that he was over 100 years old.

WORLD'S FAIR MISCELLANY.

Tennyson Made an Honorary Member and Asked for a Song.

CHICAGO, March 17.—In answer to a note from the World's Fair Auxiliary Association tendering him an honorary membership and suggesting that a song from his pen be sung at the opening of the fair would be appreciated, Lord Alfred Tennyson has sent the following reply:

"I will accept your offer of an honorary membership not without gratitude, but as for a song—I am an old man, verging on 82, and I cannot promise."

The belief is, however, that he will try to write a song.

Anna Dickinson Getting Better.

ALBANY, N. Y., March 17.—A letter from a sister of Anna Dickinson, received by F. H. Brand of this city, says: "The brothers have already persuaded Anna to take regular meals and she is beginning to secure natural sleep, so there is every hope of her early recovery to health. Then she could go abroad to Carlsbad springs for a time, and then have a southern winter. If the men and newspapers who say they are going to help her to funds will really do so, there is no doubt she will yet be able to do good work in the world again."

Confident of Having Tascott.

CHICAGO, March 17.—Attorney Longenecker is confident that the man under arrest at Aberdeen, S. D., is really Tascott, the murderer of millionaire Small, of this city, as the portrait of him has been identified by a man in this city who knew Tascott.

Sugar Refineries Running on Full Time.

PHILADELPHIA, March 17.—The Press says the sugar refineries of this city are running on full time and do not want to sell a pound. Spreckels is refining 7000 barrels daily.

THE NEWFOUNDLAND LOBSTERS.

The Quarrel With France May Result in Union With the United States.

MONTREAL, March 17.—A private letter has been received here from a government official at St. Johns, N. F., which says of the existing difficulties: "It is known that England arrived at no agreement with France for the settlement of our difficulties, but instead has consented to arbitrate the question of French rights to build lobster factories on the coast which has never been claimed by France, and England has or will refuse to ratify our commercial treaty with the United States. The day for reconciliation has now passed and a movement is on foot not for reciprocity but for admission into the American union. We have too much experience with British injustice to seek more by entering into the Canadian confederation. The people are not alone in this matter, but have the support of many members of both governments. What is more, it is almost an open secret, that the delegation is now preparing to visit Washington to gauge the feeling and find whether the terms for this could be brought about."

TO BOYCOTT GERMANY.

President Harrison Determined to Protect American Industries.

NEW YORK, March 19.—A Washington special says that President Harrison is determined upon summary measures to relieve American ports which are subject to so much German opposition. Minister Phelps has been notified by the state department, at the request of President Harrison, to demand of the German authorities that the embargo be at once removed, else the president will proceed to exercise the authority given him by the last congress, and by its proclamation close our ports against German imports.

The announcement is nothing less than a threat and the result will be interesting.

The state department officials refused to discuss the matter this morning.

There is no doubt but that such a communication has been sent to Minister Phelps for the president so informed a senator who called upon him this morning.

A Cofferdam Gives Way.

SAULT STE MARIE, Mich., March 19.—A cofferdam at the canal gave way last night and Collins and Farwell's entire plant is under water. Work on the new lock will be delayed about six weeks as the lock pit is filling with water.

Afraid of American Enterprise.

LONDON March 17.—A bill has passed parliament vesting the corporation of Stratford-on-Avon as trustees of Shakespeare's birth-place and other memorial places with the power to purchase Anne Hathaway's cottage and the cottage which belonged to Shakespeare's mother. The St. James Gazette congratulates the country upon the passage of the bill, which, it says, is a timely precaution, and will prevent the removal of those properties to America.

The Baccarat Episode Again.

LONDON, March 17.—A stormy scene occurred at the meeting of the county council tonight. It was occasioned by Davis asking the council to suspend the opening of Waterloo park by the Prince of Wales, pending the out-come of the coming Baccarat case. The request was met with cries of "order" "sit down," etc.

Notice to tax Payers.

All state and county taxes, become delinquent April 1st. Taxpayers are hereby requested to pay the same before that date in order to avoid going on the delinquent list. The county court has ordered the sale of all property in which the taxes have not been paid. Please call and settle before the time mentioned and save costs. D. L. CATES, Sheriff of Wasco County.

Gun Club Attention.

The Wasco County Rod and Gun club will meet at the council chamber on Monday, the 23d inst. at 7 p. m. All members are requested to attend as important business is to be transacted. By order of D. SIDBALL, Secretary. FRED BRONSON, President.

J. J. Flaherty of the Cascade Locks who was injured in the wreck that happened below that place over a year ago has just received \$2000 from the railroad company. He agreed to settle with the company on that basis rather than endure the laws delay in the courts.

The new real estate and general agency firm of Thompson & Butts will be open for business next Monday. Their office is next door to Pat Fegan's west. They will handle the new West Dalles and other valuable property.

The CHRONICLE acknowledges the receipt of valuable documents from Hon. Binger Herman.

The tramps that lately infested this city have struck—out of town. Not even a "drunk" in the city jail.
