The commission accordingly recommends the substitution of Washington's name for that of Adams. As the statue is spoken of in numberless school books and in official documents, it will cost several thousand dollars to remedy the mistake.

BIG PLAY AT MONTE CARLO.
 A Heavy Run of Luck That Was Not in Favor of the Bank.

NEW YORK, March 26.—The Sun's London correspondent sends the following cablegram: The big players have mostly all left Monte Carlo, after giving the bank the biggest scare it has had in twenty years. The bank has been broken half a dozen times, but it still remains a big winner. The Earl of Rosslyn, who won 165,000 francs at trente et quarante, came back to London this week several thousand pounds to the bad. Sam Lewis, the king of money lenders, who won over 200,000 francs at one sitting, lost that and enough more, he says, to build a new Casino. Ty Rosenfield, of Chicago, a youth of 25 years who won 375,000 francs on the almost unprecedented event of a run of 17 four times in succession, in each of which instances he played the bank's maximum, came back to London this week \$6000 out of pocket. Others of the players were Prince Hatzfeld, who married a daughter of C. P. Huntington, Duc d'Uzes and Baron Schneider, the Berlin banker, all of whom left part of their money at Monte Carlo when they came away. It is said that William K. Vanderbilt has been among the players and winners at Monte Carlo the past week. Luck was with him. It is said Vanderbilt adopted the play of the Prince of Wales. He risked a sovereign at each turn, and frequently allowed his winnings to remain on the table and double themselves. One night he was \$1000 ahead, and the next added \$3000 to his purse.

A SAN FRANCISCO STOCKYARD.
A Mammoth Institution Soon to Be Established in That City.
 SAN FRANCISCO, March 25.—William H. Silberhorn, of Chicago, one of the directors of the Union Stockyard Co., of San Francisco, which proposes to establish large stockyard on Rodes' creek and San Pablo bay, about twenty miles northwest of this city, said in an interview today:
 "Our purpose is to give the Pacific coast a central market for livestock, just as Chicago has given the West a central market. We are not a combination or trust, and have no intention of endeavoring to prevent opposition in our business. We will export a considerable amount of our productions to South America and across the Pacific." The company has a capital stock of \$2,500,000, of which \$1,000,000 have been subscribed. Corrals and sheds already built cover twelve acres of ground. Several miles of railroad have been built, and a large frame hotel erected. A wharf, mammoth reservoir, two large packing houses and other improvements are projected. The new enterprise is expected to be in operation by November.

LOST THEIR REASON.
Peculiar Action of a Respectable Young Lady of Connecticut.
 DANBURY, CONN., March 26.—People passing the corner of West Wooster and Division streets yesterday afternoon, were astonished to see a young woman, partially destitute of clothing, tramping about the green square which surrounds the monument of Garfield, as though her life depended upon it. She carried a brick in one hand, and a large stone in the other. Her discarded garments lay upon the ground by the monument. A crowd quickly gathered, attracted by the unusual spectacle, but no one interfered with her, and for two hours she kept up her tramp about the monument, until a policeman took her into custody. The young woman was Miss Lillian Ebert, well known and highly respected here. She was suffering from a sudden attack of insanity. "Don't you see?" she said to the policeman, "my neck is broken; my little brother did it." Miss Ebert was taken to her home, where she is violently insane. No cause is known for her sudden derangement.

A YOUNG BRIDE'S TRIALS.
Too Young to Get a License, They Were Married Without One.
 CHICAGO, March 26.—In a little tug boat, tossed upon the waves of the Pacific ocean, just out of sight of the California coast, Cora Bell and Totten F. Smith were married March 10, 1890. The bride was only sixteen years old. Today she asked the superior court for a divorce. Mrs. Smith is a native of Persia, and lived there until fifteen months ago. Her parents are rich and last spring started on a tour of the Pacific coast. At one of the pleasure resorts the daughter Cora made the acquaintance of Smith. She was too young to get a marriage license, so securing a tug and a minister, the lovers steamed out on the high seas and were married. Smith proved to be dissolute, and once attempted the life of his bride. Three months later she left him.

NEW FOUNDLAND RESENTS.
The Tyrannical Treatment of the Colony by the Mother Country.

ST. JOHN, N. F., March 26.—There was an exciting scene in the house of assembly yesterday when the governor came to the council chamber to give assent to the masters' and servants' bill. The usher of the black rod summoned the members of the assembly to attend him. Mr. Murphy, a St. John member, moved that the house of assembly decline to wait on the representative of the imperial power, in order thus to show their resentment at the tyrannical treatment of the colony. Speaker Emerson, Sir William Whiteway, the premier, Mr. Bond, the colonial secretary, and six others went, but twenty-five members kept their seats. The galleries hissed those who went, calling them traitors, and wildly cheering those who remained in their seats. Speeches were made to justify what was done.

The First Tin Plate Works.
 ST. LOUIS, March 26.—The St. Louis Stamping company, of which ex-Congressman Neidringhaus is president, has inaugurated the actual work of erecting the first tin-plate works in this country near their present rolling mills. The iron now used by the company in the manufacture of plates comes from Tennessee, but it is proposed to establish a mammoth steel mill and iron foundry just north of Madison, Ill., to turn out all sheets used in the manufacture of tin plate. Employment will be given to 2000 men.

The Conceit of Sperry & Co.
 SAN FRANCISCO, March 28.—A dispatch from Portland stating that the Canadian Pacific steamers would cut rates on flour for the Orient from \$8 to \$5.50 per ton, led James Hogg, vice-president of Sperry & Co., to say today: "If there is going to be any rate cutting up north I expect we can depend upon the Pacific Mail Steamship company to follow suit. Portland flour ought not successfully compete with California flour in a fair market."

Will Not Grant the Requisition.
 PROVIDENCE, March 28.—Upon the report of Attorney General Slocum, who examined the papers, Governor Davis refused to allow the extradition of Thos. Grant wanted in Connecticut for embezzlement, forgery and jail breaking. The attorney general found the seal upon the requisition not the state seal of Connecticut but merely the sign manual of Bulkeley's private secretary.

Nine Deaths in New York.
 NEW YORK, March 26.—According to Dr. Nagle, of the health department, there were but two deaths from a gripe symptoms during the last twenty-four hours. This makes nine deaths of this nature reported during the present week. Dr. Edison said if the present weather continues a gripe will soon be a thing of the past.

Davis Greater Than Washington.
 LITTLE ROCK, Ark., March 26.—The life size portrait of Jefferson Davis, which the clerk of the house was authorized during the early part of the session to have painted, was received today and placed over the speaker's desk. It took the place of the portrait of George Washington that had been hanging on the wall for the past twenty years.
