THE NEW CITY ORDINANCE.

An ordinance entitled an ordinance to provide for the submission of the proposed issuance of twenty-five thousand dollars of water bonds to the legal voters of Dalles city.

WHEREAS, the legislative assembly of the state of Oregon, at its last biennial session passed an act authorizing Dalles city to issue its taxable bonds to the amount of \$25,000 for the purpose of completing and perfecting the water system for said city, now in process of construction and providing for the submission of the same to the tax paying voters of said city; and

WHEREAS, the city is indebted to the water fund in about that sum for money belonging to said fund which has been used by the city for other purposes and which has never been refunded.

NOW THEREFORE, the people of Dalles city do ordain as follows:

Section 1. That a special election be held in Dalles city on the 13th day of April 1891, which election shall be held in the manner in which other city elections are held, at which election the proposition to issue the bonds of said city to the amount of \$25,000 shall be submitted to the voters of said city who are qualified to vote thereon under the provisions of the act.

Sec. 2. Said election shall be held at the usual voting places in the different wards of said city and the polls shall open and close at the same hour as other city elections, and a like number of judges and clerks shall be appointed by the same officers and in the same manner as in such other elections; and the recorder of said city shall give ten days notice of said election in the same manner as notice is given for other city elections.

Sec. 3. The ballots to be used at said election shall be obtained by the recorder at the expense of the city and shall contain the words: "Shall the city bonds for the completion of the water works to the amount of twenty-five thousand dollars be issued?" and immediately below said words shall be provided a blank space; and if the voter desires to cast his ballot in favor of issuing the same he shall write the word "Yes" thereon, but if he shall desire to vote against the issuance of the same he shall insert the word "No."

Sec. 4. Said vote shall be canvassed as in other city elections, and if it shall be found that a majority of the legal voters at said election have voted in the affirmative, then said bonds shall be issued and sold as by law provided, and the proceeds thereof shall be turned over and become a part of the water fund of said city as provided by the act aforesaid.

Sec. 5. It is further provided that, upon the sale of said bonds and the receipt of the proceeds thereof by the water fund, the claim of said water fund against the city for money belonging to said fund heretofore appropriated to other purposes shall be fully satisfied and discharged.

The Oregonian says the statement that in Kansas and Nebraska a mortgage falls due every ten months is significant not more of the sagacity and greed of the money lender, however, than of the folly of the borrower. The man who mortgages his land without intelligently providing against the day of reckoning that is one, three or five years away, has no right to complain if the mortgagee is eager to secure and the equivalent of which he has used is foreclosed at the expiration of the specified time.

A FINE ESTABLISHMENT.

The Furniture Store and Undertaking Establishment of Crandall and Burget.

Four years ago in a little "hole in the wall" on Second street near Washington Mr. I. I. Burget and Chas. Jesse Crandall opened a furniture store and two months later in April, 1887 the firm of Crandall & Burget branched out into the undertaking business.

The firm rapidly made friends and grew into popularity, and today at No. 166 Second street they have three floors of a 26x100 brick block, packed to repletion with everything carried in first class furniture rooms. Their stock is complete, in every particular. They manufacture their own lounges and do a good deal of upholstery work, but their furniture is purchased in Portland and from Eastern manufacturers.

Their light ash sets are obtained in Portland and they find it to be a fact that Oregon ash is superior to and sells better than Eastern goods of the same description, which is just one evidence of the well-known fact that in many things Oregon leads the world.

Crandall & Burget have come to the front more rapidly in their undertaking department than anything else and they stand today far in the lead in that line of business, and nearly every fine funeral in The Dalles for the last year has been managed by these popular gentlemen.
