WEATHER PROBABILITIES.

THE DALLES, April 2, 1891.
FAIR Weather forecast till 12 m.
Friday, fair. Followed by light rain. Slightly warmer.

The Chronicle is the Only Paper in The Dalles that Receives the Associated Press Dispatches.

LOCAL BREVITIES.

Mr. H. G. Hurlburt of Arlington is in the city.

J. P. McNery has returned from San Francisco.

Hom. Robt. Mays has returned from a trip to the country.

The Chronicle is daily going additions to its subscription list.

The street commissioners has a number of "hobos" cleaning the streets.

Mr. Frank Bowman, of Colfax, Wash., is in the city calling on old time friends.

We regret to hear that the wife of A. C. Connelly is very sick with typhoid fever.

We had a pleasant call today from Isaac Hinkle formerly of Kingsley but now of Hewart, Crook county.

Mr. Depew has left the employ of McFarland & French and is now in the store of J. C. Baldwin.

Harvy Smith, of Shearer's Bridge, and and Thomas Fargher, of Dufur, gave this office a pleasant call today.

Wm. H. Heald, National Bank Examiner for this coast, is in the city making his regular examination.

West Dalles property has today been placed on the market by at least two of our local real estate dealers.

John Ganaway with his prairie schooner loaded down to the guards with freight for Prineville, leaves this city in the morning.

Ben Southwell, of Eight Mile, brought into this office today a hen's egg that measures six inches and a half by seven and three quarters. Whose hen can beat this record?

Henry Loretzen has sold out his express business to Vanbibber and Teague. Henry goes into the fishing business in partnership with his brothers, during the coming season.

The regular meeting of Columbia Lodge No. 5, I. O. O. F. will be held in their hall tomorrow evening at 7:30 p. m. As business of special importance will come before the meeting a large attendance is requested.

It is reported that a corporation of capital has a project on foot to place a telephone system in our city. This is a thing devoutly to be wished as the benefits to be derived will be much more than one might at first suspect.

From Mr. John Quirk of lower Fifteen Mile we learn that Mr. Norton's surveying party was at his place on Tuesday last. Mr. Norton, we understand, has met with no difficulties in locating the road and has found so far a cheap and easy grade. Before the end of the week the party will have reached the Dufur neighborhood.

The dread scourge of diphtheria is in the city. It is in the family of an emigrant who arrived here last Sunday, and who is at present on the bluff north east of the fair ground. One child died last night, another has been given up by the physician in charge and two more have just been attacked, all in the same family.

Chas. E. Bayard, special agent Indian depredation claims was, by the bill passed by the last congress legislated out of office, as all Indian depredation claims will, under the new law, be adjudicated by the court of claims. He had just closed his official business as such agent, and is now appointed as government timber agent with same salary and allowance as in his former position.

The entertainment given last evening at the Vogt Grand by the young ladies of the M. E. Church and their friends called out a very fair house and was itself under all the circumstances and exceedingly creditable affair for all concerned. For some reason, in spite of every effort the calcium light could not be made to work, but the young ladies, made the very best of the provoking circumstance and the audience left well pleased with the entertainment.

City engineer Brown has let the contract to himself of catching the fish in the cistern at the intersection of Washington and Third. You see the fish are blind and cannot see bait and George has little faith in their sense of smell so he is working on an invention to light up the cistern by electricity and catch them with either a fish wheel or a dip net. Fish dealers can present George with sealed bids for the whole catch, in all causes accompanied by a good Havana cigar. The best cigar gets the promise of the catch.

THIRD REGIMENT NOTES.

HEADQUARTERS THIRD REGIMENT INF. OREGON NATIONAL GUARD, THE DALLES, OR., APRIL 1, 1891.

SPECIAL ORDER, No. 13.

I. The members of A and C companies, staff, non-commissioned staff and band, 3d Regt., O. N. G., will assemble at the armory, fully armed and equipped for battalion drill, on Friday evening, April 3d at 8 o'clock p. m. sharp.

II. Capt. G. T. Thompson will detail a guard from A company consisting of 1 sergeant, 1 corporal and six men, who will preserve order in the armory during the ball which will immediately follow the military exercises; they will report to the adjutant for duty at 10 o'clock.

III. Detailed for officer of the day, Capt. E. W. Nevius.
By Order, T. A. Houghton, Colonel.

An April Fool Joke.

Yesterday morning one of leading physicians received a telegram which read as follows: "Come first train, fractured thigh, good pay. J. H. Cradlebaugh, Hood River." Hastily grasping his "saw and whittles" the doctor hurried to the depot only to learn that no train would leave for four or five hours. He then, with all possible speed rushed for the telegraph office. On the way he met a patient who wanted a prescription but the doctor could not stop. A man had broken his leg at Hood River, and he must hasten to inform him that he would be down at the earliest possible moment. Arriving at the telegraph office the doctor told the operator to rush through a telegram to Hood River informing Mr. Cradlebaugh he would be down to fix the man's leg as soon as possible. The operator looked puzzled there was a twinkle in his eye but the doctor assured him there was no April fool about it. He was simply replying to the telegram the messenger boy had brought him. Without thinking, the operator said he knew nothing of the telegram and the truth began to dawn upon the doctor that he was a victim of an April joke and he hunted hard for a crack in the floor to crawl into.

A Handsome Boat.

Within a few days a handsome little boat will be launched which will be a fine addition to The Dalles fleet. It is a skiff seventeen feet six inches long and six feet six inches wide. The boat is fitted with three pairs of our locks and carries two sails. It has a deep center board, locker, etc., and has everything in it that is essential to comfort. Ten to twelve people can easily be carried in it and be perfectly safe. The boat is built of cedar and while it is large it is exceedingly light. The lines are beautiful and it looks as if it might ride the water like a thing of life. Mr. T. Oleson was the designer and builder and all who have seen the new boat say that it is a credit to his skill as a builder. It will be launched as soon as the water in the creek is a little higher.

HOTEL ARRIVALS.

UMATILLA HOUSE.

Chas. W. Murphy, Antelope.
Mrs. M. Hunkle, Crook Co.
A. S. Hunkle.
H. H. Sutcliffe, Goldendale.
Mrs. A. R. Byrket, White Salmon.
Chas. Derham, Hay Creek.
D. M. Nonemaker, Goldendale.

A fine dog muzzle has been found and left at the office of Haworth & Thurman.

In another column will be found a general order from Colonel T. A. Houghton, arranging for battalion drill, dress parade and ball of the Third regiment. This affair which occurs tomorrow (Friday) evening is given by the regiment as a benefit for the band boys, who will be there in their beautiful new uniforms and furnish the martial strains for the drill and parade, and also the grand march. The music for the hop will be rendered by Prof. Bergfeld's full orchestra of several pieces. A grand time is confidently expected.

All passenger trains from this time forward will stop at the Umatilla house as well as at the passenger depot. Tickets for local trains can be obtained at the hotel, but baggage must be checked at the depot. This will be a source of great convenience to many who are obliged to wait for weary hours on trains that are hardly ever on time.

It is currently reported that Mr. John Michell and Mr. W. H. Vanbibber of this city have struck "pay dirt." Some time ago they bought a piece of land in Whatcom, Wash., for \$5000 and a lucky turn in the wheel of fortune warrants them in, today, figuring on getting \$120,000 for it. The Chronicle congratulates the Mountaineer on its good luck.

The ladies of the M. E. Church wish to return their thanks to all those who assisted by music; to Mr. O'Leary for his reading; to the "Beautiful Young Ladies," and especially to Miss Grubbs.

They also wish to thank the numerous friends who assisted them in various ways.

There has just been placed in operation in this city, a telephone from the engine house to the Company's shops, to be used in case of emergency. For communication between the two places when fires break out in town, it will be a great convenience.

Fifteen car loads of beef cattle from American Falls, Idaho, belonging to the Puget sound dressed beef and packing company in charge of Geo. Wright, were fed at the stock yard today while on their way to Seattle.

We regret to hear that the wife of A. C. Connelly, ex-superintendent of public schools, died today between twelve and one o'clock, of typhoid fever.

Battalion drill of field and staff, N. C. staff, band and A and C companies tonight at the armory. Drill strictly private—except to the Chronicle reporter.

A SOLDIER'S WIDOW.

Mrs. John A. Logan Denies the Report That She Intends Marrying Again.

WASHINGTON, March 30.—General John A. Logan's widow has thought it proper to notice some rumors which hinted at a probable marriage. Mrs. Logan says to the society reporter of a local newspaper:

"If I had no sentiment about remaining the widow of General Logan—and I have—I have no desire or need to remarry, since, thanks to congress and the general's friends, I am well provided for, and I now enjoy the friendship of many good men who were his friends, and whose wives are my friends. Why should I want to sacrifice all these blessings and associations of thirty years of wedded life for the uncertainty of other ties?"

Postoffice Robbers Sentenced.

A little over a month ago the postoffice at Blalocks was broken into and some money and a lot of provisions, etc., in the store connected with the office stolen. Five persons were arrested charged with committing the crime. John Daring and James Duval, on being arraigned in the United States circuit court, pleaded guilty to the charge and were sentenced to three years each in the penitentiary. Frank Williams and Ed. Swartz also pleaded guilty to the charge and were sentenced to one year each in the penitentiary. The fifth man, John Doe, declined to plead guilty, but has since expressed his intention to do so. Daring and Duval were the principals in the crime. They broke into the place first and took the money and what other stuff they wanted, and going away, met the other three, and went back and handed out provisions, etc., to them till they had enough. This is why Daring and Duval got three years each while the others got off with one year each.

From the Catholic Sentinel we clip the following, which we heartily endorse:

Between an erratic clergyman in New York and a vixen in Chicago a scheme has been advanced to organize a Catholic political party. The idea is unworthy of respect. No sensible Catholic, however radical his religious views, will tolerate for a moment so chimerical and un-American a scheme. We have political parties enough now into which every American citizen, whether Pagan or Christian, may enter to advance his interests in any field of legislation, if legislation were necessary. But we want no legislation upon religious matters. We want a vinculo between church and state and will ever oppose any measure which seeks to bring the two together. Whenever bigots of any denomination seek to influence politics, that very moment should every fair-minded American rise and crush the monstrosity. No Catholic ought for a moment to countenance it; none will be more earnest in denouncing or opposing such vicious tactics than our own Catholics.

Oliver Wendell Holmes, in one of his charming essays, says however much we may disagree as to the other qualities of a gentleman, all mankind agrees so far as to unite in the negative position that he is not one who blows his nose with his fingers. The mellow old doctor must be wrong, if we believe the Des Moines Register, for a few nights ago, at the Grand Opera house in that city, Hon. J. F. Willette, of Kansas, late candidate for governor, in full view of his audience, placed his index finger and thumb on either side of his largest facial protuberance, and did, actually did, the act the autocrat so earnestly deprecates. Really, stories about the sockless Jerry Simpson may not be slanders, after all.

The Best Cough Medicine.

"One of my customers came in today and asked for the best cough medicine I had," say Lew Young, a prominent druggist of Newman Grove, Neb. "Of course I showed him Chamberlain's Cough Remedy and he did not see to see any other. I have never yet sold a medicine that would loosen and relieve a severe cold so quickly as that does. I have sold four dozen of it within the last sixty days and do not know of a single case where it failed to give the most perfect satisfaction." Fifty cent bottles for sale by Snipes & Kinerley, druggists.

Card of Thanks.

The undersigned return thanks to those who by their contribution helped to purchase an organ for the Three Mile Sunday school.
