PROPRIETOR OF THE  
**City Market.**

### FOR AN OPEN RIVER.

The Called Convention at Portland Take Steps to Form a Large Incorporation—Action to be had at Once.

The G. A. R. Encampment at Astoria—President Harrison to Start for the Coast Next Tuesday.

PORTLAND, April 9.—The conference of delegates from Oregon, Washington and Idaho, who have in view the opening of the Columbia river resumed the session at 10:30 a. m.

After the reading and adoption of the minutes of yesterday's meeting, the report of the committee upon the Cascade portage railroad was read and adopted. The committee on article of incorporation then presented a report which was read. Chairman McConnell left the chair and spoke warmly in favor of the report, especially recommending the operation of steamboats on the upper river.

After some discussion articles of incorporation as adopted provided that the incorporation shall known as the Oregon, Washington & Idaho Railway & Transportation Co., the duration of the company is perpetual and it has full power to carry on all business pertaining to the operation of a railway and transportation company. The head office is to be located at Portland; capital stock is fixed at \$2,000,000 divided into eighty thousand shares, twenty-five dollars each. Director to be hereafter elected by subscribers which shall give them full power to act.

A motion to employ two persons to begin the work of securing subscriptions was adopted.

After a general discussion the conference adjourned.

Delegates are well pleased with the efforts and are hopeful that the long looked for relief is in sight. The work of securing subscriptions is to begin at once.

### THE GREAT STRIKE.

Coroner's Inquest Being Held—Hopes of Harmonizing Interests.

MT. PLEASANT, Pa., April 9.—Interest is centered today in the coroner's inquest which re-opened at noon. So far nothing important has been elicited. The strikers seemed to have renewed hopes. It is evident that some concession is to be made by the strikers but just what it is cannot be learned.

### WE MIGHT HAVE KNOWN IT.

Canadian Government Powerless to Prevent Chinese Coming to the U. S.  
OTTAWA, April 9.—It is understood that the request which recently reached the customs department from Washington that steps be taken to prevent immigration of Chinese from Canada to the United States, the department answered that it had no power to take action of the kind.

### Justifies His Action.

SIMLA, April 9.—A letter received from the Mainpuri who ordered the massacre of chief commissioner Quinton and his colleagues at Mampai, says: "The British troops attacked the palace, massacred my soldiers, killed my women and children. In addition they threw women and children into the burning houses and destroyed the temple, therefore we killed chief commissioner Quinton's party."

### Boomers Ordered out of the Indian Country.

ARKANSAS CITY, Kansas, April 9.—Secretary Noble has ordered all intruders out of Sac and Fox, Cheyenne, Arapahoe, Iowa, Pattawattonie and the Indian reservation, and instructed the soldiers to clear the entire country.

### A Mine on Fire.

CALUMET, Mich., April 9.—The Pewabic mine which recently passed into the hands of Quincy owners, after five years' litigation was found to be afire this morning. Incendiarism is hinted. The smoke has driven out the miners.

### Children Murdered by Their Insane Mother.

HERMAN, Neb., April 9.—Mrs. Andrew Doll, while insane this morning, murdered her two children and then committed suicide by taking concentrated lye.

### MORE NAVAL VESSELS NEEDED.

Secretary Tracy Undecided Where to Send the Charleston.

WASHINGTON, April 7.—There is still need of more naval vessels in the Pacific, and Secretary Tracy is embarrassed to decide where to send the Charleston, because she is wanted in no less than three places at once. The senate committee to visit Alaska would like to have the Charleston carry them on their trip, but Secretary Tracy and Commodore Ramsay, chief of the bureau of navigation, after consideration of the subject today, decided that she could not be spared for this purpose. She is needed to increase the force in Chilean waters, and it is probable that she will go there, though the condition of affairs in the Hawaiian islands is such that she may be sent there. American residents of Honolulu and other points in the islands have written to the secretary of state, representing that English agents are seeking to undermine American ascendancy in Hawaiian affairs, and urging that a strong naval force be sent to Honolulu as a notice to European nations that the United States does not propose to relinquish its virtual protectorate over the islands. Secretary Tracy has the subject under consideration, and it is probable that the Charleston will remain at Mare Island until further information is received from both Honolulu and Chili, which will enable him to decide at which place she is needed most.

### A ROYAL ROMANCE.

Death of the Morganatic Son of Archduke John of Austria.

LONDON, April 7.—A Vienna dispatch says the death of Count Franz von Meran at Abbazia brings up one of the most romantic stories connected with the imperial family of Austria. The count was the issue of a marriage of the Archduke John with a young lady named Fraulein Anna Plochel. The young lady was the daughter of a respectable tradesman of Vienna, and her beauty attracted the attention of the archduke while he was driving one day in the streets of the capital. Prince of the imperial house are noted for their gallantry almost without exception, but the archduke found Fraulein Plochel proof against his rank and blandishments. Being desperately in love he married her, thereby causing a great shock in court circles. The emperor at first was deeply grieved, but at length resolved to forgive the match, and raised the young woman to the noble title of Countess of Meran, although she was never recognized as an Austrian princess. Her son inherited her rank, but not his father's, and both lived to endure the miseries that follow the mesalliance of royalty. The countess, forsaken by her husband, spent most of her time in educating her son, and he, in turn, proved a faithful companion to his mother. His death is the last chapter of the story.

### THE FUNERAL POSTPONED.

An Ohio Woman, Supposed to be Dead, Returning to Life.

LIMA, O., April 7.—Mrs. Francis O'Neill, a cousin of sheriff O'Neill, of Allen county, died suddenly Saturday morning. As deceased was apparently in the best of health up to the moment of her death, it was attributed to heart failure. Today signs of returning life was noticed by the relatives. Her body became warm and twitched convulsively. All the funeral arrangements, which had been made, were postponed, but up to this writing she had not recovered consciousness. The relatives have decided that, even if death appears certain, they will keep her remains in a ventilated vault until death is certain beyond peradventure. This action is on account of a similar occurrence in the case of her brother five years ago. Mr. Lawler, her brother, in 1886 died, apparently, and all arrangements were made for his burial. On the day set for the funeral he returned to life, and is today a prominent business man, and a leading politician. The relatives of Mrs. O'Neill fear that she may have experienced a trance, as did her brother.

### NEW ORLEANS MAFIA.

Report That the Government Will Go to the Bottom of the Affair.

WASHINGTON, April 7.—There is reason to believe that the government has decided to go to the bottom of the New Orleans affair, and with that end in view has sent to that city a number of the best-trained detectives in its employ, who are to act in connection with the United States attorney there and report to him. The whole matter is to be carefully investigated, beginning with the assassination of Chief Hennessy and ending with the killing of the accused men. The charges as to the existence of the Mafia in New Orleans, the charges of bribing the jurors whose verdict stirred the people to violence, and the quarrels between rival detective agencies there, are all to be weighed and reported upon by this experienced force in the government's pay. This course has been determined upon, it is said, because Mr. Blaine realizes that in the end, in order to be able to deal with the claims of Italy, he must know the whole story.

### SUFFERERS FROM LA GRIPPE.

More Policemen Are Down With It—Governor's Island Taken by Storm.

NEW YORK, April 7.—There was 195 deaths reported during the past twenty-four hours, of which number fifteen are directly traceable to la grippe. Of the latter number eleven were females. There were 273 policemen on the sick list today. All the above figures show an increase over yesterday's report. Several of the garrison at Governor's island are sufferers from la grippe. Mrs. Howard, wife of the major-general, and Colonel Hughes of General Howard's staff, and Mrs. General Tompkins have the disease in a severe form. The post surgeons are very busy and many of the enlisted men are confined in the hospital.

### THE UNHAPPY CZAR.

Another Attempt Reported to Have Been Made on His Life.

LONDON, April 7.—A correspondent at St. Petersburg says: an attempt was made on the czar's life Monday, but the attempt was frustrated. It was a Russian holiday, and the czar and zarina went to review the imperial guards opposite the palace of Grand Duke Nicholas. Invitations were sent to a limited number of persons. A man with a sallow complexion and of southern type was among those admitted. He took a place five paces distant from the place where the czar was to stand. As he continued to wear an overcoat he was requested to remove it, but declined on the ground that he was afraid of draughts. He was arrested and taken to prison, where a revolver and globe supposed to contain poison were found in his pockets. His name is Shamelkin.

### DEPARTMENT MEETING.

The G. A. R. Veterans at Astoria Elect Officers and Choose Next Place of Meeting.

ASTORIA, April 9.—The encampment of the G. A. R. today elected the following officers: O. Summers, Portland, department commander; Charles F. Wright, Astoria, senior vice commander; C. P. Holloway, Huntington, junior vice commander; J. H. Bradshaw, Salem, medical director; Rev. T. E. Clapp, Portland, chaplain. Salem was chosen as the place for the next annual encampment, Feb. 11 and 12, 1892.

### Our Relations With Nova Scotia.

HALIFAX, N. S., April 7.—A dispatch from St. Johns, N. F., says: "The Newfoundland government has instructed its officials to refuse licenses for bait to all Canadian vessels and to give them to Americans free. The legislature was not consulted in the matter. The correspondent asserts that this is against public sentiment, and adds that the people generally are not satisfied with the proposed arrangement with the United States, which the government wanted to enter into."

### The Burlington Switchmen on a Strike.

OMAHA, April 9.—The strike of the Burlington switchmen is assuming a serious nature. The yards are guarded by a strong detail of police. The strikers are quiet at present, but threaten to injure non-union workmen. Trouble is feared tonight.

### Got the Start of the Fool Killer.

OMAHA, Neb., April 8.—D. E. Kimball ticket agent of the northwestern road shot and killed himself this morning because he had the la grippe from which he recently suffered. It is said to have unbalanced his mind.

### Rosecrans is Better—President is Coming.

WASHINGTON, April 9.—General Rosecrans is reported better this morning. It is settled that the presidential party will start from Washington Tuesday and that Mrs. Harrison and several other ladies will accompany it.

### The Indicted Directors.

NEW YORK, April 9.—The indicted directors of the New York, New Haven & Hartford railroad were assigned today and time allowed them until next Monday to extend their pleadings.

### Suicided for Fear He Would Die.

BROOKLYN, April 9.—Benjamin Horton a dry goods merchant blew his brains out this morning. The deceased has been suffering from la grippe.

### New Post-Master at Union.

WASHINGTON, April 9.—The president today appointed Emma A. Alger postmaster at Union, Or., as the office has become presidential.

### Judge Hoffman Seriously Ill.

SAN FRANCISCO, April 9.—United States district Judge Ogden Hoffman is reported very low this morning.

### San Francisco Market.

SAN FRANCISCO, April 8.—Wheat, buyer '91, 1.50%; season, 1.50.

### The Princess Ghika, sister of Queen Natalie, has one child, a boy. So displeased is the princess with the sex of the child, who is now about nine years old, that she calls him by a girl's name, dresses him exactly like a little girl in frills and lace, and is bringing him up much after the fashion of girls.

The marriage contract between Dr. Schlemann and the Greek girl he made his wife contained a clause to the effect that she should learn and recite to him every day fifty lines of the Iliad. This custom was never departed from, and no entreaties on her part could induce him to remit a line of the task.

The costume worn by Lady Randolph Churchill at the last ladies' night of the Grosvenor club, in London, caused considerable comment because of its simplicity. Her dress was a plain black gown, and, unlike any other lady in the room, she wore no ornaments except a cat jet comb in her hair.

James Russell Lowell's sister, Mrs. Putnam, of Boston, is noted as a linguist, and is the author of some very able papers on Polish and Hungarian literature. She has also written a dramatic poem. Mrs. Putnam was born in 1810, and is nine years older than her distinguished brother.
