The Dalles that Receives the Associated
Press Dispatches.

LOCAL BREVITIES.

Mr. Charles Stevens is very ill with
pneumonia. Mrs. Stevens is also very
sick.

Mr. and Mrs. H. M. Allen, of La
Grand, are visiting Mrs. Allen's mother,
Mrs. Cathart.

The court house has had a second
coat of paint and its appearance is
greatly improved.

A meeting for drill of Jackson Engine
company, No. 1, is called for this evening
at 7:30 o'clock sharp.

Mr. and Mrs. J. S. Wenzler, of La
Grande, are the guests of Mrs. Wenzler's
mother, Mrs. W. E. Sylvester.

The Dalles is opposing the portage
railway on the north side. Thinks the
Oregon side is better.—Express.

Miss Annie Metchan, sister of Hon.
Phil Metchan, state treasurer, is visiting
at the residence of Mr. Geo. A. Leibe.

The last of the wood-work machinery
remaining in the shops at this place was
removed to Denver a couple of days ago.

A Nebraska wife prays the court to
restrain her lawful husband "from patting
her on the head, poking her in the
ribs and talking baby talk to her."

There will be a meeting of the board
of trade held tonight at which a full
attendance is requested as business of
much importance is to come before the
board.

Already we hear of preparations being
made to celebrate the Fourth at places
outside this city. If The Dalles wants a
celebration of her own she will soon need
to make a move in that direction.

The Southern Oregon state board of
agriculture will hold its district fair com-
mencing September 22 and lasting five
days. The place where the fair will be
held has not yet been determined.

The Winan's brothers expect that the
water in the river will be sufficiently
high to run at least some of the fish
wheels in about a week, when they also
expect the fish to be running at this
point.

We are pleased to know that the arm
of Mr. J. Meins was not fractured as
was at first supposed, by the accident he
met with last Saturday. It is badly
bruised however, as was his whole per-
son. He was able to walk out around
the house last evening.

There will be a meeting of the Colum-
bia Building and Loan association at the
office of Dufur, Watkins & Menefee this
evening at 7:30 for the purpose of per-
fecting the organization and adopting
by-laws. There should be a full attend-
ance.

Isaac Joles and H. W. Steel are open-
ing up their mining claim near the
mouth of Chenoweth creek. They
brought in some quartz specimens yester-
day which they think are very prom-
ising, for croppings. They are still
much pleased with the prospect.

It is said that the Tammany society of
New York City controls 120,000 votes,
that no democrat can be elected to the
presidency without its influence, that all
Tammany really cares for is the control
of the city government of New York and
that for that it will trade everything.

Last Monday two fires occurred in
Walla Walla which resulted in the
destruction of three frame houses and
damage to the Baker school building to
the amount of three or four thousand
dollars. The total loss is estimated at
\$13,000. The school house was fully in-
sured, the other property partially.

Anent legislation in the Gopher state
the Oakland Times takes the floor to say:
"Chorus girls in Minnesota now wear
blousers and merchants who expose for
sale undressed kid gloves are hauled up
by the strong arm of the law. The
legislature of that coldly frigid state,
however, overlooked two important
points in framing the act to compel
moral thought. Butchers are yet per-
mitted to hang up naked carcasses, and
horses are not compelled to wear pants."

Sheriff Cates and Chris Bills crossed
Mill creek this forenoon on a plank near
Judge Thornbury's to arrest a crazy
squaw that made the previous night
hideous with her cries. They did not
succeed in finding her and so returned
by the way they came only to find that
Marshal Gibbons had obligingly removed
the plank, so that they had to walk
around by the shops. It is needless to
say that the genius of Messrs. Cates and
Bills was equal to the occasion and that
they got even with the marshal.

Mr. J. J. Eoff came up from Portland
yesterday.

Captain Henry Coe of Hood River was
in the city today.

Jack Anderson shipped two cars of
sheep to Portland last evening.

The old fashioned black cricket can be
seen on Eight mile creek in thousands.

John Jack assisted the famous actress
Charlotte Cushman during her farewell
tour.

J. F. Haworth and E. Jensen went to
Portland yesterday as delegates to the
Epworth League convention.

Miss May Enright has returned to
this city to take her old place as day
operator at the depot telegraph office.

Mr. Ben McAtee of Tygh left for home
today with a beautiful monument to be
placed over the grave of his brother, W.
H. McAtee.

The county school superintendent in-
forms us that the county appropriation
for the current year amounts to \$2.15
per pupil, as against \$2.10 for last year.
There are now 62 districts in the county.

The old scow fish wheel of Jackson &
Gomas, now the property of Captain
Stone, which has lain for a long time on
the beach near the foot of Court street,
has been moved about 75 feet toward the
river and is now afloat. She is being
thoroughly overhauled and will be
moved in a few days about two miles up
the river.

Steamboat service on the Columbia
will reduce freight rates, and this will go
hard with the railroad company whose
voice has risen so often above the growls
of Eastern Oregon: "We are hardly mak-
ing expenses." But the admission of
Newfoundland may cheapen the price of
codfish and thus enable the poor, strug-
gling company to live a little more eco-
nomically. There is hope yet.—Klamath
Star.

Mrs. Captain Lewis and Miss Lewis
went down on a visit to Portland yester-
day, on the train. The only thing
singular about the train part of it is
that it has been more than 24 years
since Mrs. Lewis was on the cars. Even
the genial captain, much as he has seen
of the world, had not ridden on the cars
for 19 years till after he came to The
Dalles.

Notwithstanding the quiet appearance
of the town and the frequency of the re-
mark "there is nothing a doing" a
Chronicle reporter counted today over
50 head of horses all belonging to farm-
ers or freight teams from the country,
being fed at the yard of The Dalles Mer-
chantile Co., and at the yard of W. H.
Lockhead, there were two 6 horse and 6
four horse teams whose wagons were be-
ing loaded with about 36,000 lbs. of
freight for Prineville and Mitchell.

Geo. A. Liebe, Emile Schanno and
Chas. Schmidt went out yesterday to
appraise the damages connected with
the opening of a new county road from
the McHealey place on Eight Mile to
Dufur. While at Dufur the party vis-
ited Mr. William O'Dell of Hood River
who is still very low, and cannot, it is
believed, last long. Mr. O'Dell spoke
feelingly to his visitors of the kindness
the Dufur people had shown him dur-
ing his illness.

School district No. 16 has had some
difficulty with its teachers and superin-
tendent Shelley was called upon last
Saturday to give his judgment in the
case. It appears that the directors in
some way actually hired two teachers to
conduct the same school term—Mr. O. B.
Connelly and Mrs. Wm. Menefee. Mrs.
Menefee is in charge of the school and
Mr. Connelly, believing himself wronged
appealed to Mr. Shelley. As the district
is only liable for the pay of one teacher
it is held by Mr. Connelly that the direc-
tors are personally responsible for the
other. As we understand it the direc-
tors do not deny having hired both. It
is believed however that the matter will
be adjusted without legal proceedings.

Is Disease a Punishment?

The following advertisement, published
by a prominent western patent medicine
house would indicate that they regard
disease as a punishment for sin:

"Do you wish to know the quickest
way to cure a fever cold? We will tell
you. To cure a cold quickly, it must be
treated before the cold has become set-
tled in the system. This can always be
done if you choose to, as nature in her
kindness to man gives timely warning
and plainly tells you in nature's way,
that as a punishment for some indiscre-
tion, you are to be afflicted with a cold
unless you choose to ward it off by
prompt action. The first symptoms of a
cold, in most cases, is a dry, loud cough
and sneezing. The cough is soon followed
by a profuse watery expectoration and
the sneezing by a profuse watery dis-
charge from the nose. In severe cases
there is a thin white coating on the
tongue. What to do? It is only necessary
to take Chamberlain's Cough Remedy in
double doses every hour. That will greatly
lessen the severity of the cold and in
most cases will effectually counteract it,
and cure what would have been a severe
cold within one or two days time. Try it
and be convinced." Fifty cent bottles for
sale by Snipes & Kinersley, druggists.

DRY GOODS TO THE FRONT.

Removal of One of Our Leading Mer-
chants to Enlarged Quarters.

Mr. H. Herbring has the announce-
ment in today's CHRONICLE that he has
moved across the street into more com-
modious quarters in the French block.
The necessity for the change is apparent
when one steps into his handsome store
and sees the piles of goods that are being
placed on the shelves and the quantity
yet unpacked. It looks like prosperity
to see so fine a stock in a city of this size.
Mr. Herbring now has a frontage of
twenty-five feet with a depth of seventy-
five, and every available foot of space is
being utilized. He has always kept a
handsome store but now that he has
more room in which to show his goods, it
will be more attractive than ever.

TWELVE YEARS AGO

Mr. Herbring came to The Dalles and
went into the dry goods business and he
has never been in anything else during
his business life. He had years of train-
ing in the great dry goods-houses of San
Francisco and Buffalo and come here
with a perfect knowledge of what he was
going into. That he has been successful
goes without saying when we can state
that he carried a stock of from \$25,000
to \$30,000, which is bought direct from
the manufacturers or such New York
houses as the H. B. Claffin Co., E. J.
Jaffrey or Swettser, Pembroke & Co.
Every year Mr. Herbring goes last him-
self to personally look over the market
and purchases the best that can be se-
cured, suitable to the trade. His exten-
sive knowledge of the eastern dealers
has contributed to his success and has
been one of the means used to bring him
so prominently to the front.

IN ROOTS AND SHOES

His line is large and complete. He
carries the Hamilton-Brown Co. shoes
and draws extensively on J. and T.
Cousins' establishment for high grade
shoes. His boot and shoe trade is a
large one and is constantly growing.

THE STETSON HATS

Are carried by him as well as many
other brands and any person looking for
handsome headgear can find it at Mr.
Herbring's establishment.

GENTS' FURNISHING GOODS

In fine assortment can be found there.
His stock of all goods in that line is
large and varied and the most fastidious
gentleman can find something in Mr.
Herbring's stock to please his fancy and
make him relax his purse strings if he
desires to be well dressed.

A CASH TRADE.

It would take too much space to
enumerate all the varieties of goods that
can be purchased at Mr. Herbring's store.
He has any amount of dry goods with
which to please his lady patrons and his
prices are the principal drawing card.
He believes in selling for cash and by
charging so small a profit that his cus-
tomers prefer to pay the low prices asked
rather than let bills run and pay the
heavy charges that a merchant must
have where long credit is given. His
goods are worth all he asks for them and
his customers want them badly enough
to raise the money to pay when they
purchase.

THE CLERICAL FORCE.

Mr. Karl Gottfried, Frank Cram and
Charles Eritz are Mr. Herbring's valued
and valuable assistants in conducting
his business. They are bright and popu-
lar young gentlemen and do much to
draw custom to the store. Good help is
a necessity in a successful business and
in this instance the man at the head of
the house has chosen well. Mr. Her-
bring likes The Dalles. He has been
constantly increasing the volume of his
business and believes that yet brighter
days are ahead for the merchants of this
city, and that he will remain right along
up with the front of the procession.

Roseburg has but little moss on her
back. The other day she voted for a city
bond to the amount of \$25,000 for the
construction of sewerage and building of
a city hall and jail, and the votes were
183 for, and only 34 against the proposi-
tion.—Klamath Star.

If that is a sign of a mossless condition
what will the Star say when we inform
him that The Dalles took a vote for a
similar amount and only eleven voted
against it?

cine I had," says Lew Young, a promi-
nent druggist of Newman Grove, Neb.
"Of course I showed him Chamberlain's
Cough Remedy and he did not ask to
see any other. I have never yet sold a
medicine that would loosen and relieve
a severe cold so quickly as that does. I
have sold four dozen of it within the
last sixty days, and do not know of a
single case where it failed to give the
