Pipe Repairs and Tin Repairs  
**A SPECIALTY.**  
Mains Tapped With Pressure On.  
Opposite Thompson's Blacksmith Shop.

**DON'T WANT BLAIR.**  
The Chinese Emperor Protests Against Receiving Blair as United States Minister to his Kingdom.  
A Panic Caused in the Chicago Market by the Disappearance of "Old Hutch."  
WASHINGTON, April 29.—A representative of the associated press this morning called at the Chinese legation here and had an interview with Minister Yen in regard to the declarations of his government to receive Senator Blair as the accorded representative of the United States. Yen said through an interpreter that he received a cablegram from the Chinese foreign office which he was instructed to lay before Mr. Blaine without delay, expressing the unwillingness of the emperor to receive Blair. Other than this, Yen has received no instructions written or otherwise from his government on the subject.  
The exact language of the cable, on whether the reasons for this action given he failed to state. Personally he had a very high opinion of Senator Blair.  
This action of the Chinese authorities has not created the least excitement here as it has been anticipated by many from the first. The proceeding is not a very unusual one and cannot be construed as indicating unfriendly feeling toward this government.  
The opinion in official circles in general is that the United States is by its own conduct stopped from resenting Minister Blair's rejection and that after waiting for a length of time, sufficient to maintain national dignity, a new minister will be appointed by President Harrison.

**THE PRESIDENT.**  
The Day Spent in Visiting Small Towns and a University.  
MENLO PARK, April 29.—President and Mrs. Harrison and party left San Francisco this morning for Palo Alto on a special train. Short stops were made at San Mateo and Redwood city, where large and enthusiastic crowds had gathered. The president briefly addressed them. At Menlo Park the party were met by Senator and Mrs. Stanford and a party of friends in whose company the Palo Alto stock farm and Stanford's university were visited.  
**DUE TO THE ICE AND THE BAKER.**  
The U. P. Road's Loss Due to the Increased Operating Expenses.  
BOSTON, April 29.—The Union Pacific railroad issued its annual report today. It is not as unfavorable as expected, the deficit for the whole system being only \$275,000. This loss President Dillon says is due to the large increase in operating expenses.

**A Big Fire in Chattanooga.**  
CHATTANOOGA, Tenn., April 29.—A fire which started in Campbell & Co.'s furniture factory on King street early this morning was gotten under control at seven o'clock, after destroying property covering twenty acres. The loss is a quarter of a million dollars on which there is an insurance of over \$150,000. While this fire was in progress a second one broke out in another part of town, doing damage to the amount of \$20,000.  
**Will Apply Civil Service Rules.**  
NEW YORK, April 29.—The New York central management has decided on a civil service reform among its employees. Examinations will be held of the men connected with the operating and motor department. The company hopes by this course to secure intelligent, capable and careful men.  
**"Jack the Ripper" Supposed to be Caught.**  
JERSEY CITY, April 29.—The police of this city have arrested a man wanted in New York in connection with "Jack the Ripper" murder of last week. He is supposed to be a sailor and is known as "Frenchy."  
**Denies the Sale to the Rothschilds.**  
SAN FRANCISCO, April 29.—Irwin C. Stump, manager of the estate of the late senator George Hearst, who owned large interests in the Anaconda mines, denies all knowledge of the reported sale of the mines to the Rothschilds.  
**A Prominent Mexican Dead.**  
CITY OF MEXICO, April 29.—General Mejia, ex-minister of war and a member of the Pan-American congress is dead.  
**Chicago Wheat Market.**  
CHICAGO, Ill., April 29.—Close wheat steady, cash and May, 1.06½; July, 1.04½.  
**San Francisco Market.**  
SAN FRANCISCO, April 29.—Wheat, buyer '91, 1.70½; season, 1.69½.

**THE OUTCOME FEARED.**  
Uneasy Feeling in England Over the Labor Agitation.  
LONDON, April 27.—The labor questions occupy almost universal attention throughout Europe in view of the approach of the 1st of May, a day of great doubt and apprehension in England. This predominance of labor interests increased by the advent of the royal labor commission does not command the confidence of the working classes in general and it is undeniable that Tom Mann has impaired his influence with the masses by accepting a membership in the body. The majority of the London workmen believe in spite of every explanation that the members are highly salaried and that Mann has been practically brought up by the plutocrats. The other leaders are jealous of Mann and the partisans of Burns and others are engaged in intriguing against him.  
Henry Champion, an ex-officer of the artillery, one of the best educated of the workmen's leaders, and one of the cleverest socialistic managers, who has just returned from Australia, announces the new school of trades unionism, which is so highly praised by the capitalistic class as heralding the day of pleasant relations between employer and employed. This school, of which Mann has predicted much good, is showing considerable strength in Australia as well as in England. Mr. Champion denies that the workmen in Australia are, as commonly represented, the most fortunate in the world. In describing their condition he makes a number of covert insinuations against Mann. The Australian laboring classes, he says, have plenty of grievances, and before they can get rid of them they must first get rid of their leaders, who have shown themselves grossly incompetent and absolutely selfish, notably in their mismanagement of the recent great strikes in Victoria. Champion proposes to reveal, in a series of magazine articles, the rottenness which he alleges to exist in the new trades union movement.  
**FITZSIMMONS WAS ANGRY.**  
**A Heavy-Weight Pugilist Knocked Out by the Lank Australian.**  
CHICAGO, April 27.—Before a crowd of 3000 spectators in Battery D tonight, Bob Fitzsimmons knocked out Abe Cogle, the heavy weight, Jim Hall and Billy Woods, the Colorado heavy-weight, appeared in a two round contest. Hall demonstrated himself a graceful master of ring tactics. Fitzsimmons and Cogle appeared next. Cogle started in by planting a right-hander on a sore on Bob's mouth and the latter went to his corner bleeding profusely. The crowd favored Fitzsimmons, who lost temper and began the second round by rushing Cogle, striking him heavily on the jaw with his left, and a moment later repeating the tap on the other jaw, sending Cogle down in a corner; Cogle came up partially dazed, and Fitz showered short punches on Cogle's jaw and neck, and the latter collapsed in a heap. Police Lieutenant Rose and a squad of police climbed over the ropes, but the time was up before Cogle could arise. Fitz and Billy Woods wound up the entertainment with a three round contest, the final bout being very lively.

**IN HIS OWN DEFENSE.**  
Governor Penoyer Makes a Fair Statement.  
PORTLAND, April 27.—Governor Penoyer today, handed the Associated Press the following:  
"The interviews relative to my reception of President Harrison in Oregon, as published in the press reports, was an imperfect statement of a private conversation with a member and an ex-member of the Oregon legislature, and was not intended for publication. While I insist with all deference to the opinion of others, that my proper place to receive the president is at the state capitol, and not at the state line, where he will be met by a legislative committee, yet I concede that if I had authorized the interview as published, I would be liable to censure, which under the true state of facts is unmerited."

**SLAVIN AND SULLIVAN MEET.**  
The Australian Personally Asks the Champion for a Fight.  
ST. LOUIS, April 27.—Frank Slavin traveled as far as St. Louis alone to meet Sullivan and went to the Southern hotel with the offer of a match. Sullivan said he was retired and taking Slavin by the hand he wished him all the luck in the world and declared himself glad to meet him. "You are the only man who ever came to me to ask for a fight," said Sullivan. "The others like to talk three thousand miles away. I congratulate you," Slavin said. "I stand on my reputation and want no man's, and I'm open to fight any man in the world." The meeting was a friendly one.  
**Will Meet George Francis.**  
NEW WHATCOM, April 25.—Preparations are being made for the reception of George Francis Train on his trip from here around the world in fifty-five days. It is now designed to connect with the Empress of India at the straits of San Juan, in front of New Whatcom. A special steamer will leave here at the same time the Empress leaves Vancouver, and they will meet in the straits and Train will change steamers.

**Wheat Turning Yellow.**  
TORONTO, Kan., April 27.—The secretary of agriculture has received a letter from Russell county stating that the wheat there is turning yellow and appears to be dying. A small greenish insect has been found, which is undoubtedly the cause of the blight. Similar reports have been received from Rich county, and the secretary has ordered an investigation.  
**An artificial ice factory is being erected in Eugene City.**

**DOES NOT CREDIT IT.**  
Minister Blair Does not Believe the Emperor has Protested.  
CHICAGO, April 29.—Ex-Senator Blair, the new minister to China, arrived here this morning and was questioned regarding the report of the Chinese government submitting to the department of state a formal protest against his being sent to China. "I have received no official notice of such protest," said Mr. Blair. "I may be permitted to doubt its correctness for the reason that the state department knows I am en route to China and if it had decided to recall me it would have done so without delay. If I hear nothing from Washington by tomorrow I shall proceed to San Francisco and sail from that point."  
**UNION PACIFIC MEETING.**  
The Stockholders Take Action on Important Matters.  
BOSTON, April 29.—At the Union Pacific stockholders meeting today it was voted to approve the company's acquisition of the \$3,265,000 Oregon Short Line and Utah & Northern 5 per cent. bonds and the collateral trust bonds of the same company. A guarantee of \$13,000,000 of the Oregon Short Line and Utah & Northern 5 per cent. bonds was approved. The only changes in the Union Pacific board was the election of S. H. Clark in the place of Holcomb. President Dillon said the blanket trust mortgage was not in shape yet and nothing could be said about it.  
**German Soldiers Murder a Child.**  
BERLIN, April 27.—The 10-year-old daughter of a mason named Krause was sent Thursday at Alstadt-Schleswig to do an errand near the military barracks. She did not return and her distracted parents and their friends searched in vain to find her. The local police took up the search the next day, but it was not until Saturday that the mystery of the child's disappearance was solved. Her dead body was then found in a ditch outside the barracks and an autopsy revealed the fact that the terrible outrage had been committed and the girl murdered. The citizens are much angered against the occupants of the barracks, and the emperor has personally ordered a searching inquiry into the affair.

**An Old Firm Dissolved.**  
BOSTON, April 29.—The official announcement has been made of the dissolution of the firm of Kidder, Peabody & Co., April 30.  
**Rome Won't Howl Thursday.**  
ROME, April 29.—Owing to a strike of the printers, none of the papers will be published Thursday.  
**A Spoon Reception.**  
A bright eastern writer, in speaking of the latest fads, has this to say of the spoons:  
Have you been to the spoon reception this spring? No! Well you're way behind the times. Spoon. Sounds soft and silly—soft in that it might be a mush-and-milk or cracked-wheat-and-cream confection, and silly because one might put it up that it was to celebrate a gathering of love's young dream. Neither. It only means that a last autumn's bride, recently returned from her mooning, has gathered on her honey travels souvenir spoons from every city visited. We all know the spoon fancy now. Each of its own style and date. The newly made matrimonial Diana confined her hunting to tea spoons until she had gathered the dozen, then took to coffee, and later to all sorts and conditions of spoons. It isn't such a bad notion. A spoon at a time is inexpensive, but a dozen is expensive is a fine foundation for a sturdy line of silver. And above all, the freshly hatched young housekeeper has a chance to select just what she wants. That's the biggest gain of all in these days of wedding-present deluges.

**He Couldn't Sing.**  
Lockport Journal.  
"Reginald," exclaimed an uptown bride of two months as she returned from shopping. "I saw the loveliest diamond necklace imaginable today; and so cheap, too; it can be bought for a mere song."  
Then she paused to hear what remark Reginald would make.  
"My darling," quoth he, "you know how gladly I would grant you every wish; but I grieve to say that in this case I am unable to do so. Nature has not endowed me with the power of producing vocal melody. I could not sing though I should be promised a solitary for every note."  
The human body is really a tight little portable furnace. The fuel goes in at the top and feeds the fire. No fuel, no fire; no fire, no play. It is a concise and may be to some readers a novel way of expressing the heating capacity of these walking crematories to say that one of them generates enough heat during the day to melt forty pounds of ice and raise it to the boiling point. Everything we eat, even ice-cream, produces heat. In fact we eat to heat.

Queen Victoria has just presented a magnificent elephant to the Emperor of Morocco. It is a handsome animal and was rigged up in the best style of howdah and gold trappings. But a gift-horse that consumes a ton of hay per day, and hay \$20 a ton, is a dubious prize any way you may look at him, in the mouth or otherwise—that is from a Buffalo point of view.  
Slate has been found in Josephine county.
