### THE ITATA NOT CAUGHT

Rumors from Mexico that the Charleston Had Sunk the Itata Have no Foundation in Fact.

Hearst's Tournament Sold for \$33,500—Dickinson Appointed as Holcomb's Successor.

St. Louis, May 14.—A special from the city of Mexico says: Persistent rumors are in circulation here to the effect that the United States cruiser Charleston overtook the Chilean vessel Itata on the high seas, and a naval engagement was fought in which the latter was worsted and blown out of the water.

#### The Rumors Discredited.

SAN FRANCISCO, May 14.—The rumors coming from the city of Mexico to the effect that the cruiser Charleston had overtaken the steamer Itata and had fired upon that vessel, are regarded here as having no foundation. The Charleston passed San Diego at noon Monday. The run to Acapulco, the nearest telegraph point below the Gulf of California, is thirteen hundred miles. The Charleston was steaming at the rate of about 15 knots and was seen to have been moving out her course to inspect passing vessels and even though pushed to the highest point of speed could not reach Acapulco before tomorrow and any news therefore of her operations could not be received through Mexican sources before her arrival there tomorrow.

#### Not Believed in Washington.

WASHINGTON, May 14.—There is no news of the Itata or the Charleston at the navy department this morning. No credence is given the report that the Charleston has sunk the Itata. In the first place it is said that news of such an event could only be received except through the arrival of the Charleston at some port connected with the telegraph lines which has not yet occurred. In the second place nobody supposes the Itata would resist the Charleston, for she is totally unprepared to do so.

#### "DESERT A SINKING SHIP."

One of Parnell's Leading Friends Secedes from Him.

DUBLIN, May 14.—The National Press, the McCarthyite organ, announces today that E. Dwyer Gray, formerly member of parliament for Dublin and the holder of one-half of the stock of the company owning the Freeman's Journal and Evening Telegraph of this city, and the Morning News of Belfast, has seceded from the Parnellite party.

#### Checked by the Road.

CHICAGO, May 14.—The trouble between the Chicago and Northwestern road and its switchmen growing out of the discharge of a yard master culminated this morning in the discharge of the entire force, numbering 350 men. The company had been anticipating this necessity for some time and was prepared for it. New men have been hired and distributed through the yards taking the places of those discharged.

#### Holcomb's Successor Appointed.

OMAHA, Neb., May 14.—A circular is issued this morning by vice-president Clark of the Union Pacific announcing the appointment of Dickinson as assistant general manager of the road, vice Holcomb, resigned. Dickinson assumes his duties tomorrow.

#### To Cease Teaching the French Language.

OTTAWA, May 14.—McCarthy, member of parliament and leader of the Equal Rights party has introduced a bill in the house, the object of which is the extinction of the French language in the northwest and the abolition separate schools.

#### The President at Lincoln's Old Home.

SPRINGFIELD, Ill., May 14.—The president and party met with a cordial reception here today. The Grand Army men and civil organizations were drawn up in line at the station and escorted the party to Lincoln's monument in Oak Ridge cemetery where the formal ceremony took place.

#### More of the Fires.

PUNXSUTAWNEY, Penn., May 14.—A great fire is raging in the mountains between here and Bellwood. It is 60 miles in length. Many people have been made homeless.

#### Tournament Brings Thirty Three Thousand.

NEW YORK, May 14.—At the sale of Senator Hearst's stable at Gravesend today, Tournament brought \$33,500 from Foxhall Keene.

#### Coal Oil Works on Fire.

PHILADELPHIA, May 14.—This afternoon a fire is raging in the Belmont oil works in the lower section of the city. It is believed that it will destroy the entire plant.

#### DR. BRIGGS INDICTED.

The Theologian Will Now be Tried for Heresy by the Presbyterians.

NEW YORK, May 12.—The New York Presbytery today resumed consideration of the case of Professor Briggs, of the chair of biblical theology in the Union theological seminary. Dr. Briggs spoke at some length in his own defense. The majority report was adopted by 44 to 30. Professor Briggs then gave formal notice that he would enter a protest against the appointment of the committee, and a complaint against the action taken by the presbytery. Dr. Birch gave notice he would in certain contingencies prefer new charges against Professor Briggs. Rev. Dr. Shiland offered a resolution that a judicial committee be appointed by the moderator to take into consideration Professor Briggs; adopted. The committee was appointed later. Adjourned.

At the regular meeting of the presbytery in June it will probably be determined when the trial of Professor Briggs shall begin.

In the opinion of thoughtful men this decision of the New York presbytery is the beginning of a far-reaching split in the ranks of Presbyterians. As Dr. McIlvaine said the condemnation of Briggs means the condemnation of a great party throughout the world, which is gradually spreading in every branch of religious work. If the general assembly shall eventually discipline Briggs there are several other Presbyterian ministers who cannot conscientiously and with self-respect continue in the fold of the Presbyterian denomination.

#### SECRETARY TRACY TALKS.

The Charleston Can and Will Whip the Esmeralda if Necessary.

BINGHAMPTON, May 12.—Secretary Tracy is in the city. In an interview with a Republican reporter tonight, he talked about the Itata incident. He scouted the idea that the Charleston was inferior to the Esmeralda. It was true the Esmeralda carried two nine-inch guns, while the Charleston's heaviest guns were only eight-inch, but the latter had a larger number of six-inch guns, while her armament was four inches thick, and the Esmeralda's only one and one-half inches. The Charleston was accordingly able to cope with the Esmeralda, as were the two other United States cruisers now on the Pacific. The secretary stated definitely that the Charleston has orders to capture the Itata wherever she may be found upon the high seas. He did not anticipate a fight, but in case of resistance the United States cruiser would carry out her orders at all hazards. He was not at liberty to state the exact text of the cipher dispatch sent to the Charleston, neither would he say definitely if the cruiser San Francisco, now in Chilian waters had been ordered to intercept the Itata.

#### SAYS NOBLE WILL RESIGN.

Report That Carter, of Montana, Will Secure a Cabinet Place.

CHICAGO, May 12.—Dr. C. K. Cole, a leading citizen of Montana and one of Helena's richest men, received a letter from Washington today which stated that Secretary Noble would resign in a couple of months, and that Thomas H. Carter, of Helena, would be the new secretary of the interior.

"Within two months," said Dr. Cole, "Tom Carter will leave his desk in the commissioner's public lands office and occupy the room in the southeast corner of the interior department building. Do I think Secretary Noble will resign? That is inevitable. He has never got along with the president, or the officials in his employ. First here was a conflict between the secretary and Commissioner Groff, and the latter finally resigned. Then the secretary and Indian Commissioner Morgan had several disagreements. The president and secretary have clashed words time and time again, and you know there's a limit to these things. My information is to the effect that General Noble won't be in the cabinet a month after President Harrison returns from his trip."

#### Hard to Convict the Murderer Who Killed a California Editor.

REDWOOD CITY, May 12.—The fourth trial of Llewellyn A. Powell for killing Ralph S. Smith, editor of the Times-Gazette over two years ago, began here today. Judge W. G. Lerrigan, of San Jose, presided. Powell had two previous trials in this county, which resulted in disagreement. The case was then transferred to San Francisco at the request of the prosecution, and a verdict of manslaughter secured. The supreme court decided the transfer was illegal and remanded the case back here for trial. Today, out of a venire of seventy-five persons, all but seventeen were discharged for cause, and no pre-emptory challenges have been given by either side. It is probable that only two or three jurors will be secured from this panel.

#### How Sound People are Duped.

SEATTLE, May 12.—H. C. Wilson, freight solicitor of the Northern Pacific, recently moved from Tacoma to Seattle. He ordered his mail sent here. In addition to his own he also received mail for another of his same initials of Tacoma who appears to have been running a marriage bureau. He charged a fee of \$200 and gave his numerous clients from all parts of the country the address of a Spanish lady—Carlotta Ortega, of Fresno. This lady would write and promise to come, but she never came, and the Tacoma H. C. Wilson's numerous clients were duped out of their money. Some of the letters of disappointed wife-seekers are ludicrous in the extreme.

#### Weather Forecast.

SAN FRANCISCO, May 14.—Forecast Oregon and Washington, light rains.

San Francisco Wheat Market.

SAN FRANCISCO, May 14, 1891.—Wheat, buyer '91, 1.73%; season, 1.73%.

#### THE REPORTS ARE DOCTORED.

A Gentleman From Chili Says the English Are the Reports.

NEW YORK, May 14.—The Herald says that the railroad engineer and contractor just arrived from Chili, says that nearly all the cabled accounts of battles in Chili between government forces and insurgents are doctored by the English. The insurgents have not gained a single battle of any consequence, he said, since the rebellion began. The only territory controlled by the insurgents are Iquique, Antofagasta, and two other places. It is thought that the rebellion will not last sixty days longer. The government has 40,000 soldiers in the field, well equipped and with abundant supplies. The insurgents have only about 8,000, and those are not well drilled or organized, but are poorly equipped and suffering for lack of the necessities of life.

#### Mexico May Capture the Itata.

SAN FRANCISCO, May 12.—The Call has an interview with A. K. Coney, Mexican consul-general at this port in regard to the probable action of the Mexican government if the Itata enters the port of Acapulco. He says Acapulco is a neutral port, and he is confident the Charleston will not be permitted to seize the Itata there, but if the Itata enters there with contraband goods on board, it is probable the Mexican officers will train the guns of the port on her and seize her themselves. The fort is not a very powerful one, but it is strong enough to capture the Itata.

#### Female Friends in Tennessee.

CHATTANOOGA, Tenn., May 12.—As a result of the recent whitecap sensation near Uckerton, Tenn., the young bride who was whipped by women whitecaps has since died after terrible tortures. The three men fired on will die of their wounds. The women who did the white-capping are under arrest, but their friends say they will never go to jail, and a fight is eminent between the mob and the officers.

#### Lee's Unconscious Bravery.

Here is a story illustrative of the consideration General Lee always showed for others while remaining absolutely indifferent to what might befall himself. It was in the Wilderness fight, and he and General Wade Hampton were passing over the field. They came to a narrow pass between woods, and Lee noticed that the passage was well-covered by the northern sharpshooters, who were doing very effective work. Hampton, said the commanding general, "I reckon you had better go round through the trees and meet me on the other side, as the fire of the sharpshooters is very dangerous here." That is all there is of the story. Of course General Hampton said: "General Lee, I guess if you can walk there I can follow you." But note the unconsciousness of personal danger and the unselfishness of Lee. These were incessant characteristics of his.

Walt Whitman got out in the mid-April sun and warmth, propelled in his wheel chair, the first time after four months' imprisonment in his sick room. The "Good Gray Poet" has not many more years for this world.

In 1886 as many as 23,354 soldiers in the British army were fined for drunkenness, about one half of them being fined more than once. In addition, 1,419 men were punished by court-martial for being drunk on duty, and 1,772 for simple drunkenness.

Mr. Joseph Thomas, a devoted friend of the temperance cause in Liverpool, has placed at the disposal of the Liverpool Reference Library the whole of his valuable collection of the best standard works on temperance. This excellent example is well worthy of imitation.
