PURE, HEALTHFUL ICE

Cut from mountain water; no slough or slush ponds.

We are receiving orders daily and solicit a continuance of the same.

H. J. MAIER, Manager.

Office, corner Third and Union streets.

Sealed Proposals

WILL BE RECEIVED BY THE BOARD OF Water Commissioners, of Dalles City, Oregon, until 2 P. M. of Saturday, May 23d, 1891, for building a receiving basin to hold about 370,000 gallons, near Mill creek about four miles from Dalles City, for doing the trenching for about 21,800 lineal feet of 10-inch pipe between basin and the distributing reservoir in Dalles City, and for hauling and distributing about 140 tons of 10-inch wrought iron pipes and appertainances.

Plans and specifications may be seen at the office of the Water Commissioners of Dalles City.

The Commissioners reserve the right to reject any or all bids.

C. L. PHILLIPS,
apr22-m27 Secretary.

WE ARE THE PEOPLE.

That Can Whip the Itata or Esmeralda if we Can Catch Them---No Reliable News As Yet.

Tenny Wins the Great Brooklyn Handicap---Russia Will Withdraw Gold from England.

The Charleston Going North.

SAN DIEGO, May 15.—The cruiser Charleston is reported here, on apparently good authority, as having passed Point Lama, California, last evening going north.

It Was Not the Cruiser.

SAN DIEGO, Cal., May 15.—Later report indicates the vessel not Charleston but Pacific mail steamship San Blas.

An Unknown Vessel Is Sighted.

SANTA BARBARA, Calif., May 10—An unknown steamer was seen off the coast this morning acting in a peculiar manner. The vessel was too far away to tell her size or rig.

"No News" from Washington.

WASHINGTON, May 15.—The same reply of "no news" was made by acting Secretary Ramsay this morning to the question as to whether he had heard from the Charleston or Itata.

A long cable dispatch in cipher was received this morning, presumably from Admiral McCann at Chili.

WILL WANT GOLD.

The Russian Government Will Withdraw £3,000,000.

LONDON, May 15.—The *Times* believes the Russian government will withdraw £3,000,000 from London within the next month or two and that it is doubtful whether the bank of England will be liable to draw that amount from America besides which, adds the *Times*, there is a strong probability of a partial failure of European crops which would cause a drain of gold to America in the new future.

An Alien Cannot Recover.

NEW YORK, May 15.—In the action of Sarah Branagh against Wm. B. Smith to recover an interest in the estate of the late A. L. Stewart, Circuit Court Judge Wallace this morning rendered a decision adverse to the plaintiff on the ground that she was an alien. He directed the jury to render a verdict for defendants.

The Fires Not Yet Under Control.

BIG RAPIDS, Mich., May 15.—From Maniste to Huron on the lower peninsula forest fires are still raging. Up to date the loss is estimated at $25,000,000 and will probably be doubled unless checked by rain. Loss in upper tiers will exceed this estimate. Hundreds of families have been left destitute.

Poor Seasoning for Soup.

AUSTIN, Tex., May 15.—Mrs. Headselth, wife of a highly respected citizen attempted to poison her whole family by putting "Rough on Rats" in the soup. Mrs. Frye, her aunt, died in great agony last night, while Mr. Headseth stands a show to recover. Mrs. Headseth is demented.

Strikers Rob a Deputy.

UNIONTOWN, PA., May 15.—Hungarian strikers assaulted two deputies at Leith this morning, beating them severely. The assailants then robbed one of the deputies, named Long, of his revolver, watch, and $100 in money. Both men were badly hurt.

A Committee of Conference.

LISBON, May 15.—Foreign merchants here propose to appoint three delegates, one French, one English and one German to take action in common with the Portuguese committee and public debt.

What Would You Have Them Taught Then?

SPRINGFIELD, Ill., May 15.—The democratic bill amending the compulsory education law by striking out the provision requiring the teaching of the English language in private schools passed the house this morning.

Gladstone's Health Improving---A Plague of Locusts.

LONDON, May 15.—The health of Gladstone is much improved today.

Algeria is again devastated by locusts.

Blaine Is Not Improving.

NEW YORK, May 15.—Secretary Blaine is not so well this morning as he was yesterday. He is suffering from gout.

An Eminent Divine's Labors Ended.

PRINCETON, N. J., May 15.—Francis N. Seabriskie, D. D., of Princeton, a well-known divine and author is dead.

The Party Nearing Home.

PITTSBURG, Pa. May 15.—The presidential train passed through here early this morning en route to Washington.

EXCITEMENT IN BRUSSELS.

Workingmen Determined to Parade--Tronble in Germany.

LONDON, May 13.—Today's dispatches state that great excitement exists in Brussels. The workingmen are determined to hold their parade in defiance of the city authorities, and the burgomaster is equally stubborn. The troops are in readiness to suppress any outbreak, the gendarmes having spent all night under arms. The working people of Ghent are out in force today, and similar demonstrations are reporfed in various cities of Belgium. The troops on the Belgian frontier adjoining France have captured a large quantity of circulars, printed, it is thought, in England. These circulars appeal to the people to strike a blow for liberty and not be any longer the slaves of oligarchy.

The leaders of the strike at the Westphalia mines, who were put under arrest when the strike movement began, have been released without a trial. The mines are in such a dilapidated condition that production in large quantities will not be possible for several days to come. Government inspectors are busy examining the mines and ascertaining what, if any, danger exists. The workingmen of Bochum not engaged in coal mining have subscribed a sum of money for the benefit of the poor miners who, in the midst of plenty, are actually starving. The surrender of the miners is due to this fact. Dr. B. Rassert, who is charged with the administration of the mines, is quoted as saying that the safety of the miners is here more carefully attended to than in Germany, which is the reason that the country is comparitively free from great mining calamities.

FROM PENDLETON.

Indians Will Not Enlist---Successor Elected to the Late Chief.

PENDLETON, May 13.—The effort to enlist Umatilla Indians in the United States army was a failure. Lieutenant Hardman left the agency yesterday with the troopers to return to Fort Sherman. The Indians say that as their allotments will soon be made they do not wish to miss their chance to secure land by becoming soldiers. "We want to live on our land among peaceable people, and be at peace," said one chief.

CHIEF HOMILY'S SUCCESSOR.

The "dead feast" held yesterday by Indians on the reservation fifteen miles east of here, in memory of chief Homily, recently deceased, was largely attended both by Indians and whites. Preparations for the feast began at 9 o'clock in the morning, an immense amount of food being cooked in the old-fashioned style to satisfy the hunger of the mourners. After these preliminaries an elections was held which resulted in choosing "No Shirt" as the first chief to succeed the late lamented. Umapine was elected second chief. After this the dead chief's property was distributed among his relations and friends in the Indian fashion by his daughter.

TOILER AND STRIKER.

Railroad Conductors Decide to Join the Federation. Talk of Compulsory Insurance.

ST. LOUIS, May 13.—Today's session of the convention of the order of railroad conductors was very important. The report of the committee appointed last year to look into the question of joining the federation of railway employes was read. It was brief and heartily favored amalgamation. A ballot was then taken, resulting in 293 in favor of federation and seven opposed to it. This is the most important act yet taken by the organization. The report of the committee on insurance strongly seconded Clark's suggestion to make a change in the insurance laws so that all members be hereafter compelled to belong to the insurance department instead of at their option, as now. The report will probably be adopted.

FAIRCHILD'S IDEAS ON SILVER.

The Ex-Secretary Tells How He Would Solve a Vexatious Problem..

PROVIDENCE, May 13.—At a dinner given in his honor by the Young Men's Democratic club tonight, ex-Secretary of the Treasury Fairchild, speaking on the currency question, said that the secretary of the treasury should be allowed to buy silver bullion to an unlimited extent, then issue silver certificates against it, or coin certificates, but to have a safety value, which would stop the process when the business of the country demonstrated that the issue of silver certificates had gone far enough. The maximum of silver beyond the outstanding certificates might be held by the treasury. When $10,000,000 had accumulated, it would be a warning that the business of the country was getting more silver than it needed. Then let the purchase of bullion cease until the surplus was dimished to $5,000,000, when the purchase might begin again.

THE TURTLE BACK BOAT.

The Northern Pacific and Steel Barge Company.

WEST SUPERIOR, Wis., May 13.—C. A. Spafford, the private secretary of Henry Villard, was in Superior today. Mr. Spafford was questioned in regard to the probable relationship between the American Steel Barge company and the Northern Pacific, in the matter of lake and rail business and particularly the package freight and general merchandise traffic. While not disposed to talk freely upon the subject, Mr. Spafford admitted that the near future would probably bring the two companies into closer business relationship, which appears to be a tacit admission that this business arrangement, which has been much talked of, is an extreme probable one. It is thought that this relationship will exist as regards ocean traffic, when the barge company completes its coast plant.

Chicago Wheat Market.

CHICAGO, Ill., May 15.—Close, wheat firm; cash 1.06¼@1.06¾; July 1.02⅝.

THE BROOKLYN HANDICAP.

Tenny Wins It in 2.10 Despite a Slow Track.

BROOKLYN, May 15.—The Brooklyn handicap was won today by Tenny by two lengths. The race was witnessed by about thirty thousand people. The track was slow owing to a slow, drizzling rain. The stake was twenty thousand dollars, of which the winner gets fifteen thousand. The time was 2.10.

Dismissed by Noble for Selling Office.

WASHIGTON, May 15.—Greene B. Raum Jr., son of the commissioner pensions, has upon the request of Secretary Noble, tendered his resignation as assistant chief clerk of the pension bureau and same has been accepted. Secretary Noble learned upon what appeared to be perfectly trustworthy testimony that Raum, Jr., has been a party to certain irregular and unlawful proceedings in connection with three appointments to minor positions in the pension bureau.

Gold Reaches Its Highest Figure.

NEW YORK, May 15.—James E. Ward & Co., shipping merchants, have received a cablegram today from Buenos Ayres stating that gold there had reached 3.90 premium. It is the highest rate ever known in the Argentine Republic. They say this would seem to indicate that something serious had happened there.

The Deputies Indicted.

GREENSBURG, PA., May 15.—The grand jury today in the case of J. A. Loar and his deputies, charged with the murder at the Morewood riot, returned true bills against all except Steve Cairns.

REMOVING THE DUTIES.

Peru Compelled to Relinquish Revenue Owing to Scarcity of Food.

WASHINGTON, May 13.—The president of Peru has issued a decree admitting free of duty into that republic live stock and cattle, dried meats, salt beef, dried, smoked or pickled fish, wheat and corn, potatoes and other vegetables, eggs, cheese, chestnuts, peas, beans, rice, rape seed, herbs and spices, and has decreed an export duty of twenty soles silver per head on cattle exported. This action is in consequence of the scarcity and consequent high price of food in Peru, caused by floods and enormous demands for all forms of food, caused by the war in Chili.

The Denver Poison Sensation.

DENVER, May 13.—Dr. Graves made a statement today in which he most emphatically denies that he ever admitted sending the bottle of whisky to Mrs. Barnaby. He says he did not know that he was accused of poisoning Mrs. Barnaby until he reached Denver. He has employed Judge Furman as his council and under his advise has refused to appear before the grand jury. Judge Belford, one of the council in the famous Millington case, has been employed by the friends of Mrs. Barnaby. It is extremely probable that the grand jury will indict Dr. Graves, in which case judge Furman says he will demand an immediate trial.

Negro Laborers for Wahsington.

ST. PAUL, May 13.—Six hundred colored laborers from St. Louis passed through this city last night and today enroute to the state of Washington for the purpose of breaking the strike now on there among the white laborers.
