NEW ORLEANS' MAYOR

Mr. Shakespeare Writes Governor Nichols Asking the Recall of Consul Corte's Exequatur.

NEW ORLEANS, May 17.—Mayor Shakespeare yesterday addressed a letter to Governor Nichols, in which he calls attention to the course of Consul Corte, since the lynching of the Italians, and asks that the consul's exequatur be recalled.

If the Italian consul, Mr. Corte, has ever had any usefulness here, he has outlived it, and has become, through his own acts, not only an unacceptable person, but an element of danger to this community.

Being the depository, as he confesses himself to be, of criminal secrets, relating to individuals of his race, residing among us, he refuses to give to the department of police and justice the information he has, and thereby increases the danger to the community from these criminals.

HAPPENED BY ACCIDENT.

A Montana Man Struck by Lightning and Frightfully Injured—Marks on His Wife.

It knocked him from the buggy. His writhings and cries were heartrending. Mrs. Walker felt a tingling sensation on her right lower limb though experiencing no inconvenience.

The lightning traced on her person an almost perfect representation of a small branch or twig, the figures of the leaves being nearly perfect. The baby was not injured.
