We are much pleased with the prospect of having them one of the pleasantest features of our cool summer nights, and also that the band has and convenient.

A SEASON OF GRAND OPERA.

The Dalles is to Have a Genuine Treat This Work.

The Dalles is to be treated to a season of genuine English opera by the Abbie Carrington Grand Opera company on Friday and Saturday of this week at the Vogt Grand. Mr. Charles F. Riggs, the company's manager is in this city today and informs the CHRONICLE that the company is complete in every respect and particular. The company plays in only first-class houses and seldom stops at towns of this size, but hearing that The Dalles was a good show town for first-class attractions the manager made up his mind to bring the company here for two nights. The Victoria Colonist says this in regard to the Abbie Carrington Grand Opera company in the "Rose of Castile:

Madame Abbie Carrington, in presenting grand opera without chorus or orchestra, is making a very daring experiment. She is conscientious and essays only those operas which can be produced, without cutting, by the limited number of artists with whom she has surrounded herself. What the company lacks in numbers it makes up in quality; there are only eight members, but not one of them is a stick, and not one of them misses or maltreats a note. Last evening's bill was Balfe's delightful opera comique "The Rose of Castile." In the title role, Mme, Carrington sang and acted with brilliancy and effect; her voice is sweet and clear, of rare compass and great volume, and particularly pleasing to listen to. Mr. George W Traverner who assumed the role of Manuel (a muleteer), is a well known figure on the operatic stage, and a tenor whose voice little fault can be found with. It is true, expressive and power-ful. Mr. N. Basil Ptetson, the Russian Don Sallust), the celebrated baritone, is another member of the company. His singing was so highly appreciated Carrington Grand Opera company are in that a double encore was given his solo the city for a day or two. They are delighted with The Dalles scenery, saying buffo work, and did it well; and the rich oughly pleased their audience. As their manager says, they do not present an immense company, but they do present a good company, every member of which has a recognized and honored place in the musical world, and any one of whom would draw the most critical audiences The new two-dollar note it a beauty. It is handsomer than the old one in many particulars. The work on it is not so jammed, and the vignette of Mr.

would draw the most critical audiences on the concert stage. Tonight, the last of the engagement, "Martha" is to be presented, and, in addition, one act of the Rose of Castile will be repeated with the gems. Musical lovers should turn out to make the concert stage. ont en masse.

The Fourth of July.

The fire works committee for the Fourth of July celebration last night let the contract for supplying fire works, which will surpass anything ever given in this city before. Nothing but large exhibition pieces have been selected. Among these we find the following:

The American Eagle, Japanese Night arch, whistling jacks, Chinese fans, man in the moon, sun of paradise, palm trees, brilliant fountains, &c. &c.

A salute will be fired at sunrise by the parade will be given at 10:30 and a sham battle in the afternoon, with the firestring and pulley it is made to revolve by the new armory. The committee on amusements will meet this evening to as to create a very refreshing breeze on complete their programme which will be

A Speckled Beauty.

A young gentleman accompanied by a fresh bright looking girl, with one of those exquisite complexions with which the sun loves to take such pleasant liberties as to cause an occasional freckle passer-by heard the young man call her "why do you call me a little trout?" the answer and then they both smiled and went away satisfied that Mr. Graham's window was the nicest place in town to

Colonel Bain Coming.

Col. Bain, who is justly considered the finest orator on the American platform, It is expected that the band boys will will lecture in The Dalles on the 6th and 7th of June. The lectures will be 'Safe Side of Life for Young Men" and 'Drink the Enemy of Labor and Business." Truly may it be said, that it is have an opportunity of hearing a man so wonderfully gifted. Miss Willard says band, and to Mr. Glenn for handsomely of him: "To a pictorial memory, a keen incisive judgment and a sunlit imagination, Mr. Bain adds a pleasing presence, compass and subtlest sympathy."

Baby is sick.—The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he inquired of a druggist of the same city what was best to give a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family, if not the idol of his life was in distress. "We give our baby Chamberlain's Cough "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. You know John Oleson, of the Watters-Talbot Printing Co., don't you? inquired the druggist. "His baby, when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely but did not injure it in the least, and what is more, it cured the baby's cold. The teamster already knew by's cold.
