NEW YORK, June 4.—A Herald special from Iquique says that great enthusiasm and rejoicing was manifested when word was received that the Itata had arrived at Tocopilla. THE NEWS IN WASHINGTON.

WASHINGTON, June 4.—There can be but little doubt but that the navy department has received some assurance of the surrender of the Itata, but officials there will not say so. Still it can be stated that admiral McCann expected to send the Itata back to the United States, probably under convoy of one of his cruisers.

As soon as she can coal for the return trip she will be delivered to the United States officers at San Diego and proceeding against her for violation of the neutrality laws be resumed and responsible persons will, if they appear, also be called upon to answer the additional charge of contempt of court.

THAT NAVAL BATTLE.

More Particulars of the Big Fight at Valparaiso.

SAN FRANCISCO, June 4.—Mail advices received here gives an account of a battle fought in the Valparaiso harbor April 28th between the Chilean insurgent vessel Magallanes and the government torpedo vessels, Sargeanto, Aldea, Condell and Lynch, four days after the naval engagement between the same vessels in Charanal bay. The fight was one of the hottest of the war. Over one hundred men were killed and many wounded. The Condell had to be beached to prevent sinking and the Aldea is so badly damaged that it will take a long time to repair her. The Lynch was also badly damaged and in addition to the loss of half her crew, four out of six officers were killed, including the commander.

After the fight the Magallanes steamed out of the harbor, followed by a shower of shot and shells one of which exploded on her decks tearing a big hole, dismounting a pivot gun and killing four men.

FOSTER'S WAY OUT.

He Gets the New York Bankers to Recommend an Extension.

NEW YORK, June 4.—Secretary of the Treasury Foster held a conference today with a number of the leading bankers and brokers of this city in regard to the four and a half per cent. bonds to be redeemed by the government, September 1st. The result of the discussion was the adoption of a resolution expressing the opinion that in view of the necessity of increasing the circulation of notes for the movement of the abundant crops, it is to the interest of the country at large to extend the maturity of the 4 1/2 per cent. payable at the pleasure of the government and that a lower rate of interest tends to contract the currency.

The Charleston Prepared for Action on Meeting the Esmeralda. SAN FRANCISCO, June 2.—A private letter just received from an officer on the United States cruiser Charleston describes the war-like preparations on the cruiser at the time she entered Acapulco harbor, while on her chase after the Chilean steamer Itata. The letter says the Charleston arrived at Acapulco at 7:30 a. m., May 16, and at 4 o'clock in the morning she encountered the Esmeralda. The Charleston was endeavoring to enter the harbor unseen, but the Esmeralda threw out her search lights and all hands on the Charleston were called to general quarters and the ship was cleared for action. The crew were at their stations for three hours as it was supposed the Itata was in the harbor and everything was in readiness to take her. Six and eight-inch shells were piled on the deck and every gun was loaded. The Esmeralda followed the Charleston into the harbor, but the latter left and resumed her chase as soon as possible.
