WEATHER PROBABILITIES.

THE DALLES, June 8, 1891.  
RAIN Weather forecast till 12 m., Tuesday; showery, slightly warmer.

The Chronicle is the Only Paper in the Dalles that Receives the Associated Press Dispatches.

LOCAL BREVITIES.

Mrs. George Herbert, of Hood River, was in the city yesterday.  
Mr. Phil Brogan sen. and Mr. Phil Brogan jr., of Antelope, are in the city.  
Information comes to this office that there is an average wreck of one a day on the old O. R. & N. Co.'s road.  
Don't miss the entertainment at the opera house tomorrow evening. The exercises will begin promptly at 8 o'clock.  
The many friends of Dr. Shekelford will be pleased to hear that he is slowly recovering from his tedious illness.  
A monopolist is a fellow who has got a good thing that other fellows would like to have but cannot get.

Harry Blanchard, pursor of one of the U. P. Sound steamers, came over to give testimony in the Skottowe case, and will return this week.  
A few head of horses, the property of Charley Cooper, were sold Saturday afternoon at the stock yards by J. B. Crossen, auctioneer.  
The young ladies of St. Mary's Academy will give an exhibition on Saturday the 13th of June at two o'clock p. m. at which the Right Rev. Archbishop Groes is expected to be present.  
A band of sheep said to number 10,000 head were shipped today across the ferry to Washington. They belong to Messrs. C. Butler and Jack Anderson and are destined for the Sound market.

Rev. Father Broengeest requests us to announce that the usual service held at Kingsley on the second Sunday of the month is for the present month postponed to the third Sunday on account of the exhibition of the young ladies of St. Mary's Academy on the 13th inst.  
Benedict Arnold has turned up at the Dalles. He informed the U. P. R., concerning the plans of the people for a boat to ply in the opposition line, and before the intention of the people was carried out the "system" had the boat tied up.—Portland Express.

Mr. T. T. Turner, the gentlemanly operator of the Western Union, who has been confined to his room with Grippe for the past few days, we are pleased to hear, is recovering. By the advice of his physician however, he will not be at his post for a week or ten days.  
A Walla Walla paper says "money is a relic of barbarism." If this definition is correct, it follows that all earth's inhabitants, at all times, have been and are relic hunters and barbarians, green-backers and their successors alone excepted.

The San Francisco Chronicle of the 31st ult., informs us that at the annual games of the Pacific division of the Amateur Athletic Union of the United States, held in that city on the 30th ult. Mr. Ed Mays of this city took the first prize in the four-hundred-and-forty yard run, making the time in 51½ seconds.

A number of the fruit growers of this neighborhood met in the old court house last Saturday afternoon for the purpose of organizing a Fruit Grower's Shipping company. A committee was appointed to draft articles of incorporation which are to be submitted to a meeting to be held at the same place next Friday at 2 o'clock p. m.

Ex-congressman W. R. Morrison passed through the city on the noon train Saturday going east to Spokane. Mr. Morrison had luncheon at the Umatilla House and when he came to the counter to pay for his meal Colonel Sinnott recognized him at once as the "Bill Morrison" he used to know nearly 40 years ago away back in Peoria, Illinois.

Mr. J. H. Sherar of Sherar's bridge is expected to arrive in the city this evening or tomorrow forenoon. There is nothing singular in this save the fact that as he comes for the purpose of buying wool and has always shown himself willing to pay the utmost fraction it is worth we may fairly expect that the dead-lock that has been on the wool market for the season will be broken. We believe the same state of affairs existed this time last year and that Mr. Sherar's purchases were the first to fix prices and open the market.

At Pendleton last Friday evening a man named Culbert, who had been stealing a ride attempted to jump off the train before it came to a full stop. On touching the ground he fell upon his face and rolled over, when his left leg was whirled under the wheels and his ankle crushed inside the shoe till it dangled from the bleeding stump. The doctors amputated the foot above the ankle and the man, at last accounts, was doing well.

The Old Shoe Factory.

Portland Evening Telegram.

Another suit has been commenced in connection with the old shoe factory at Sunnyside. C. S. Tifield, of Boston, Mass., has instituted suit against O. D. Taylor, through the Interstate Investment Company, for \$2480, on an alleged violation or non-fulfillment of a contract made with the Boston Shoe and Leather Company.  
There is a rumor that the old building is shortly to be torn down, and the property sold, thus doing away with an old landmark of that section.

The Telegram is undoubtedly mistaken in speaking of the old shoe factory at Sunnyside. We believe the reference must be to the factory building at North Dalles as Mr. Taylor never had any connection, so far as we know, with the Sunnyside factory. The amount sued for is the exact amount of the bill owing by the North Dalles factory. So says one of the employes of the factory.

Yesterday's Ball Game.

The Maple Dell and Dalles base ball clubs played a very interesting game at the fair grounds yesterday which resulted in a victory for the Maple Dell club. Score as follows:

Jacobsen & Co., The leaders. 162 Second-st., The Dalles, Or.

An Addition to Our Medical Fraternity.

Dr. James Sutherland, late of Toronto, Canada, arrived in this city on Saturday afternoon and intends remaining here in the practice of his profession as a physician. Dr. Sutherland has the degree of M. D. C. M. from Trinity university, Toronto, and that of F. T. M. C. from Trinity medical college, and is also a member of the college of physicians and surgeons of Ontario. The doctor passed through his collegiate course with singularly high honors. In all his examinations he took a first place, until the final one when he came within three marks of having the gold medal. He is a double silver medalist, won three scholarships and five certificates of honor and in his primary examination at the council of physicians and surgeons he was the only one out of 254 who took first class honors in every department.

Christian Endeavor Social.

Saturday night last the entire membership of the Young People's Society of Christian Endeavor of the Congregational church went to the house of Judge Story at 7:30 o'clock and were met there by teams and transported to the residence of Marshall Hill beyond the fair grounds. When there they were joined by the young people of Dry Hollow, and the evening was spent in games and general jollity to which all contributed. A feast of strawberries, cake and cream such as only those who live in the country and own good cows can hope to have was partaken of, and then the happy young folks were driven back to the city. It was a jolly occasion and was thoroughly enjoyed by all.

United States Land Office.

June 8, 1891.  
Patents for the following named persons have been received at this office and will be delivered on surrender of duplicate receipt: William R. Menefee, James Fulton, Thomas J. Richardson and Elijah W. Trout. These are the first timber culture patents received at this office. JOHN LEWIS, Register.

Thomas Oleson and Emil Schano left on this morning's passenger for Portland to attend the Grand Chapter of Royal Arch Masons, which convenes in Portland today at 10 a. m. Dr. H. Logan, W. S. Myers, and W. E. Garretson will also leave this evening on a similar visit. All these gentlemen are delegates either to the Grand Chapter or to the Grand Lodge, which will meet on Wednesday at 10 o'clock.

The Temperance Lectures.

Col. Bain of Kentucky lectured on Saturday and Sunday nights in this city under the auspices of the W. C. T. U., on the subject of temperance. Saturday night the lecture was given in the Congregational church and the following night at Vogt's opera house. Both lectures were listened to by large audiences, and universal satisfaction was expressed by all who attended. Col. Bain is a man of fine presence of about 60 years of age and his whole life has been given to the advocacy of the cause of temperance. He is an easy speaker, but without the trickery of many orators. No one would call him an orator in the broad meaning of the word and were it not for the directness of his appeals and the logic of his concessions, he would not attract attention as a speaker. But he is terribly earnest and that fact is impressed upon his listeners. He indulges in no cheap abuse of the liquor traffic, but deals in facts that cannot be controverted. He appeals to the reasoning powers and backs his arguments with facts that are every day apparent. He departs largely from the beaten paths of the average temperance speaker and therein lies much of his strength. He deals in new ideas, keeps abreast of the times, and accepts things as they exist and prepares to meet the enemy on his own grounds. There is no measuring the good that a man like Col. Bain is doing in this world in keeping young men from becoming drunks. His work is a noble one and he is meeting with deserved success.

Judge Bird's Obsequies.

The funeral of the late Judge J. H. Bird, which took place from the Congregational church yesterday at two o'clock, was very largely attended. The sermon was delivered by Rev. W. C. Curtis and was a touching and pathetic and fitting testimony to the life and character of the deceased. After referring to the high standing of Judge Bird among the members of the legal profession, to his superior legal ability, and to the uniformly fair and just character of his decisions, a touching reference was made to his affectionate care and regard for the members of his family, especially for his aged mother and his sister. When the closing scenes of his honored life were described by the minister in very simple and unaffected words, and the picture was drawn of his simple faith in Christ as his Savior and of brother and sister mingling their prayers at a common throne of grace for his eternal welfare, there was scarcely a dry eye in the building. The procession was very long and was headed by the Third regiment band followed by the Knights of Pythias and a large concourse of citizens and sorrowing friends. At the grave the simple and beautiful ritual of the Knights of Pythias was read by Mr. T. Moody, who acted as chaplain. Rev. Mr. Curtis pronounced the benediction and thus was laid away till the morning of the resurrection a citizen, a son and brother whom the people of The Dalles will long remember for a singularly upright and honorable life.

Killed by the Cars.

Last night as the east-bound passenger train came in the neighborhood of Rooster Rock it ran over a man, cutting him in three pieces. From the fact that a whiskey bottle was found lying beside his remains it is inferred that the man was drunk and had either lain down on the track or was so stupefied with liquor that he gave no heed to the approaching train. We have been unable to learn his name but it is known that he had been engaged in a fight during the forepart of the day in which he was considerably cut up and bruised. After the fight the man procured a bottle of whiskey and started up the track and this is the last known of him till his remains were found ground to pieces by the train. The train was stopped the moment the accident was discovered and the pieces of the body gathered together and put in a mail sack. It is hinted there may have been foul play practiced on him by his forenoon assailants but of this we have no assurance whatever.

Circuit Court Notes.

At the opening of the circuit court this morning Judge W. Lair Hill addressed the court and stated that he was directed by the members of the bar of this county to announce the death of Hon. J. H. Bird, late judge of the court, who died on the 31st day of May, 1891, and to request that the resolutions of respect to the memory of the deceased, adopted by the bar at a meeting held on Saturday last, be spread upon the records of the court. Judge Bradshaw has not yet rendered his decision on the motion to strike out part of defendant's answer in the libel case of M. A. Moody vs. Geo. Rowland and others, which was argued last Saturday.

The greater portion of the day has been spent in obtaining a jury to try the Skottowe case. The full number was not obtained at the time of going to press.

The resolutions of respect to the memory of Judge Bird will be published tomorrow.
