After 100 feet long and four feet square. After spending some little time in prospecting, he finally found a tree in Snoquaimie valley, in Washington, which filled the bill. The job of cutting down the tree and trimming and loading it on the cars was let to a contractor, who successfully did the work. A half mile of railroad track had to be laid to the spot where the tree stood, in order to load it on the cars. The stick from this tree is 111 feet long. It is cut square, each side being reservation in Montana. The total unoccupied portion of the reservation has been divided into five grazing districts, and proposals for grazing on the same invited by advertisement. ### MORE EMBRYO LAWYERS.

Ex-Senator Henderson Makes a Brilliant

Washington, June 9.—The law school of the Columbia college had its annual commencement exercises tonight. Exsenator Henderson, of Missouri, made an address to the graduates. He said, in

"When I see the thriftless farmer, leaning upon other things instead of upon the plow, for support, and the workman wasting his time organizing labor unions against capital, because it is not his own, and complaining that the world is unkind, the words of Cassius comes vividly to my recollection. Figure

world is unkind, the words of Cassius comes vividly to my recollection: 'Fault, dear Brutus, is not in our stars, but in ourselves, that we are underings.' Mr. Henderson spoke contemptuously of the parliaments of England from which lawyers were by law or public opinion excluded and said:

"As history continues to repeat itself some new party in America may give us a congress of the same sort; if so, it is at least fortunate that centuries intervene

### MISLEADING STATEMENTS.

United States Treasurer's Reports Likely

to be Misunderstood. Washington, June 9 .- The United States treasurer's statement of assets and liabilities issued today gives cash balance on hand of \$45,999,000, and then deducts from this national bank deposits of \$21,000,000 and \$21,000,000 of fractional silver coin, leaving what is called "a net balance" of \$3,900,000. This form was adopted during Treasurer Jordan's administration. Secretary Foster regards it as misleading and unsatisfactory and has ordered its discontinuance. The statements to be issued hereafter will give the actual cash balance in the treasury and will show of what it con-sists, but it will be done in a way so as not to reflect on the character of any part of the balance.

Buffalo Bill's Success London, June 9.—Our old friend, Buffalo Bill, lands at Grimsby a fortnight hence, so as to open his season at Leeds on June 28. His success in Brussels seems to have been remarkable. The queen of the Belgians visited the Wild West show thrice. Thousands were turned away for want of room at most of the performances, notwithstanding the inclemency of the weather. From Leeds, Colonel Cody intends to work his way gradually southward. He is to open in London "boxing day," After spending the season in London, the whole company embark for America about November, 1892.
