IN THE CYCLONE BELT.

Terrific Wind and Rain Storms Devastate the State of Kansas--People Take to Trees and Housetops.

A Ten Million Spanish Grant to be Contested for--Four Men Killed by a Railroad Collision.

KANSAS CITY, June 20.—Specials report a terrible rain and wind storm in the vicinity of Osceola last night. Great damage was done to crops all over the state by the wind and rain. A passenger train on the Kansas City, Osceola & Southern railroad was derailed, killing Engineer Lightner.

At Emporia nearly every cellar in the town was flooded and the lower floor of many of the houses covered with water. The cyclone which passed over Arkansas City last night did much damage. Fifteen miles south-east of here a number of dwellings were completely wrecked and a Mrs. Bowman was fatally hurt.

At Fort Scott, a large dam broke and the bottom lands were completely flooded, houses were swept away, and it is feared that many lives were lost.

A number of people can be seen on roof tops and in trees in Buck Run bottoms but it is impossible to reach them.

ALLEGED CROOKED WORK.

Six Millions of Bonds Issued Instead of Three--A Sensation Caused.

ST. LOUIS, June 20.—A dispatch from the city of Guatemala says that a great sensation has been caused here by the discovery that \$6,000,000 in bonds was issued for the redemption of treasury notes instead of the \$3,000,000 called for. It is further stated that Barrillas has sold \$3,000,000 worth of those bonds at 40 per cent. of their face value and pocketed the money and placed the remainder of the bonds in the treasury to redeem the notes.

A VALUABLE LAND GRANT.

The Grande Improvement Company will try for a Confirmation.

NEW YORK, June 2.—In the case of the Grande Improvement company of New York, it is soon to present its petition to the new land court to determine title to 4,500,000 acres of land in Arizona. It is an old Spanish claim and is estimated to be valued, involved as it stands at present, at between \$8,000,000 and \$10,000,000. This petition will probably be the first business to come before the land court which will soon organize.

AN OPEN SWITCH.

Four Men are Killed on the Illinois Central.

NEW ORLEANS, June 20.—A collision occurred on the Illinois Central railroad last night near Saucier caused by an open switch near where a freight train was side tracked, and was run into by the south bound fast express. Four men were killed and six severely injured. The killed are, Engineer Mitchell, Fireman Lawson and Chas. Munn and Bill Williams, (colored). The mail train was behind time and was running very fast when the accident occurred.

Gave to Political Corruption Fund.

OTTAWA, June 20.—Owen E. Murphy, one of the witnesses heard by the parliamentary committee investigating the charges of corruption preferred against Thos. McGreevy M. P., in obtaining government contracts for Murphy's firm McGreevy's brother also being a member of the firm. Murphy testified that in three years his firm gave \$15,000 in donations to political go-betweens and for campaign purposes.

The Walla Walla Soldiers Escape Conviction.

WALLA WALLA, Wash., June 20.—The jury in the case of the six soldiers on trial for the lynching of the gambler A. J. Hunt returned a verdict of "not guilty" this afternoon.

Strathmore Wins the Chicago Derby. Chicago, June 20.—Twenty-five thousand people assembled at Washington park this afternoon to see the great derby. The track was fetlock deep with mud. Strathmore won. Post Scout second. Kingman third; time 2:49 1/2.

Doctoring a Report.

WASHINGTON, June 20.—A statement is prepared in the office of the secretary of the treasury today which will show an available balance of \$3,488,000.

San Francisco Market.

SAN FRANCISCO, June 20.—Wheat, buyer '91, after Aug., 1.60 1/2.

Chicago Wheat Market.

CHICAGO, Ill., June 20.—Close, wheat steady, cash 96 1/2; July, 94 1/2 @ 95.

An Insurance Company Forced to the Wall.

ABERDEEN, S. D., June 20.—Judge Sancy has granted the application for appointment of a receiver by the Fidelity fire insurance company of Huron, of which Alonzo Wardell, the alliance leader, is president. The action is brought at the investigation of State Auditor Taylor, who found that the liabilities exceeded the assets by nearly \$25,000. Six million dollars of insurance is covered and all policies will be turned over to the Hecla of St. Paul, which will assume the risks.

Weather Forecast.

SAN FRANCISCO, June 20.—Forecast for Oregon and Washington. Light rains.

DUNN'S DECISION.

Kilrain was not Knocked Out, but Did Not Stay the Ten Rounds.

NEW YORK, June 18.—Jere Dunn, referee in the Slavin-Kilrain glove contest, rendered his formal decision tonight. He awards the fight to Slavin, but declares that Kilrain was not knocked out. Bets that the contest would not last ten rounds are won, because the winner is declared after less than ten rounds had been contested. Dunn says that timekeeper Daly made an unfortunate mistake after the gong got out of order by not calling out the seconds that elapsed while Kilrain was down. He then states he considers himself equally at fault in not keeping his eyes equally to the center of the ring at that time, in order to see for himself how quickly Kilrain got up. He explains the fact that his back was to Kilrain by saying he felt it his duty, on account of Slavin's method of fighting to watch the Australian, to prevent him from fouling. Dunn states that Slavin always showed a desire to go in and slug Kilrain the instant he rose from falling down. Dunn put himself on record as being against such tactics, and says he would have decided against Slavin had he committed that act in the ninth round. This evening, in the hotel, Slavin and Mitchell, who seemed to have been drinking, made a good deal of noise, and intimidated in a roundabout way to Jere Dunn that he had been afraid to decide Kilrain knocked out, because his (Dunn's) friends had bet against that result. Dunn replied if he only received a bad reputation as a referee people as the men who were talking his character would always be of the best. Slavin was requested to leave the hotel, and did.

THE EVELYN-HURLBURT CASE.

The Plaintiff is Charged With Deliberate Perjury.

LONDON, June 18.—In the Evelyn-Hurlburt case today, Attorney-General Webster, on behalf of Hurlburt, said the most deliberate perjury had been proved against Miss Evelyn in regard to the relations which had existed between herself and both Hurlburt and Jackson. The jury were unanimous that no promise of marriage had ever been made. Sir Richard said of the "bogus" letters, which had been produced that some of the letters were of so horrible a nature that they could hardly be associated with any man's promises to marry. During the course of Sir Richard Webster's argument, the master of rolls, Lord Esher, asked whether there was any evidence that the defense had tried to find the man Wilfred Murray, who was alleged to be the author of the incriminating letters. Canby, on behalf of Miss Evelyn, replied that there was not the slightest evidence that the defense had tried in any way to locate Murray.

NEW YORK IS REPUBLICAN.

Ex-Senator Platt Says the Party Will Carry the State in November.

NEW YORK, June 18.—In a signed editorial in the Recorder, Thomas C. Platt says: "New York is a republican state on a national basis. Of that I am convinced. Our state has too large manufacturing interests to be anything else. The same reasons should make New York surely republican this fall, and I believe they will. The republican party, since it regained control of the nation in March, 1889, has shown conclusively that it is the party under whose administration the country has prospered, its commerce, its manufactures and becomes respected by foreign nations all over the world. With able and popular candidates, and there is a determination on the part of the party leaders that the ticket shall be strong in every part, and with a patriotic and truly American platform, as the republican platform will always be, I confidently expect to see the state carried by us in November. All the signs of the times point that way."

FATAL BALLOON ASCENSION.

The Professional Falls Out and Loses His Life--His Companion's Terrible Experience.

PARIS, June 18.—A professional aeronaut made an ascent from La Villette, yesterday, being accompanied by two townsmen. When about sixty feet from the ground, the aeronaut, who had been fixing something outside the car, lost his balance and fell to the ground. He was fatally injured. The balloon shot up with the other two men, neither of whom had the slightest knowledge of how to handle it, and before long was out of sight. This morning as nothing had been heard of them, they were given up for lost; but this afternoon they descended unharmed at Versailles, nearly famished and badly frightened.

The literature of the American newspaper is much better than the literature of the American magazine.—Eugene Field.

BARDSLEY'S DEFENSE.

Claims That his Efforts to get out of his Original Scrapes Places him in his Present Condition.

PHILADELPHIA, June 18.—Ex-City Treasurer Bradsley is said to be preparing a defense, which will be presented to the court next Tuesday when he comes up for sentence. In the first place, it is stated that he will stoutly deny any intentional dishonesty. He will admit, as he has admitted to the court, that he violated the letter of the law in two particulars, first by loaning the public funds for profit, and second, by depositing in the Keystone bank and elsewhere money beyond the limit fixed by the city council. This he will assert was the beginning and the end of his offending. As to the way the money was lost, Bradsley will throw the whole responsibility upon the Keystone bank. He will take the position that the loss to the public funds through its transactions is only \$1,045,000, and that part of this is recoverable. He will say that he became aware a long time ago of the fact that the public money which he had deposited in the Keystone bank had been lost there. As he has technically violated the law in making the deposit, he could not say anything publicly about the matter. He therefore took money from other funds to meet the payments coming due from the funds which had been lost. Each payment thus taken had been added to the original loss, until the alleged total of \$2,200,000 is reached, but as a matter of fact, the actual loss is only \$945,000, for the original due bills and \$100,000 for another matter. This other matter came about from his efforts to recover himself when he found that the bank had swallowed up the \$945,000 and is represented by the \$100,000 worth of Chicago street car stock, which was discovered the other day. He bought this stock with the public funds with the expectation that its rise in value would enable him to restore some of the missing money and meet some of the payments as they came due. The expectation was realized in part. He had also some reason to think that a part at least of the \$945,000 would be made good to him from the other sources. He will admit also other speculations with the public funds with a similar purpose, and will declare that from first to last he did not take one dollar for his own use or profit.

Narrow Escape of a Pleasure Party.

LATOURELLE FALLS, Or., June 18.—Tuesday evening, June 18, while Mr. Macon Latourelle, Bert Palmer, Miss Alice Latourelle and Miss Anna Manary were out sailing in a light sailboat on the Columbia, a heavy windstorm came up and the boat became unmanageable. The young men, however, succeeded in getting the boat near the shore before it upset. The party were precipitated into the water, but as the young men were very good swimmers, they assisted the young ladies ashore in safety, and after the storm had subsided, finding their boat, which had drifted ashore, they returned to town.

An Artificial Lake Bursts.

VIENNA, June 18.—An artificial lake 1000 feet long, 350 feet wide and 80 feet deep, formed by the Martell glacier, behind the Zallfamer mountain, in the Tyrol, burst its confines today and flooded the valley. The huge volumes of escaping water caused a shock like an earthquake to the surrounding country, and made a deafening noise. As the inhabitants anticipated the accident and had made preparations, it is hoped no fatalities were caused, but reports from many villages, which have been inundated, are anxiously awaited. Much property has been destroyed. The bursting of the lake was due to the softening of the glacier, which is 1200 feet in thickness.

No Match Yet Made.

NEW YORK, June 18.—Dave McCann at Sheephead was asked several times if Pulsifer had challenged him to match Louisiana against Tenny. He said: "No" every time, but said it reluctantly, and in a way that he was perfectly willing to match his horse against Tenny, and be just as glad as the public generally to see the match made. Pulsifer won't say a word about the match race. However, he informed a personal friend if it had not been for Tenny's exaltability, probably due to the long run he took in the heat, he would have won the Suburban sure.

After the School Lands.

WALLA WALLA, June 18.—Type-written copies of the following document were distributed throughout the country in this neighborhood the past few days: To all whom it may concern—All persons are hereby notified not to bid upon any school lands for the purpose of advancing their price over the present offerings. By order of the committee, Signed, 101.

Circuit Court Notes.

In the case of The Dalles Lumbering company vs. C. W. Denton, the jury this morning, brought in a verdict for the company in the sum of \$96.30.

The case of F. B. Murphy vs. E. B. Dufur was dismissed at plaintiff's cost.

The case of Farris vs. Farris was continued for the term.

All juries were discharged and the court will adjourn this afternoon to meet on July 9th, in order to hear some equity cases which are not now ready but which it is desired to have disposed of during the term instead of having them go over to the fall term.

There will be no Fourth of July celebration in Fossil this year. Most of our young men will be at The Dalles encampment on July 4th, and the American eagle will take pity and forbear to scream in the ears of the many forlorn damsels who will be in Fossil that day.—Journal.
