WEATHER PROBABILITIES.

THE DALLES, June 20, 1891. Weather forecast till 12 m., Monday; light rains. Followed by fair weather and slightly warmer.

The Chronicle is the Only Paper in The Dalles that Receives the Associated Press Dispatches.

LOCAL BREVITIES.

County assessor Barnett is in the city. Mr. C. H. Southern of Boyd is in the city today. Mr. P. Uren of the firm of Uren & Son of Frineville is in town. Miss Annie Fulton, of Ritzville, Wash., is visiting Mrs. C. T. Donnell. The longest day in the year, the 21st of June will be here to-morrow. Christian Weis and Mrs. Mary Nicholson both of this city were united in marriage yesterday. Mr. Orion Kinsley left this morning on a business trip to Goldendale and Centerville, Wash. Mr. Alex McLeod of Kingsley and Mr. W. McLeod and Thomas Hunter of Rutledge are in the city. Miss Mary Frazier leaves this evening to spend her well deserved vacation at home near Hood River. Mrs. Dr. Fulton of Monte Vista, Col., mother of Mrs. G. J. Farley is visiting her daughter in this city. A good looking lady's umbrella has been left at this office. Owner can have it by calling if she answers the description. The Third regiment are preparing their grounds for the encampment on the 28th and have named it Camp Chenoworth. Report has it that a water spout struck the grade on the Sherman side of the "free" bridge and damaged it to the amount of \$1000. It is now impassable for wagons. Mr. R. H. Guthrie, one of Sherman county's prominent and successful wool growers, is in the city. Mr. Guthrie reports the grain prospects as being more encouraging than in any former year. There has been fifty-one hundredths of an inch of rainfall at this place since last Monday morning and south and east as well as north of this city, more rain has fallen than here. Our farmers are happy over the anticipation of a bountiful harvest this season. The W. C. T. U. of this city are making arrangements to hold what they term an "Observation Social" at their reading room next Wednesday evening. A programme of good things will be had and besides the "Observation" there will lots of ice cream and cake. Rev. C. A. Huntington, of California, will occupy the pulpit of the M. E. church tomorrow evening and will preach, by request, the sermon delivered recently in the Congregational church, on "The Ideal Man." A cordial invitation is extended to all. Mr. George Smith, doing business on the corner of Eighth and Union streets, has sold out to Mr. Charles Cooper, who will move to the building next door to the Wool Exchange saloon, and open out a grocery and provision store. Mr. Cooper is well and favorably known and well qualified to carry on a successful business. The night that McMahon's circus was in town, two saddles were stolen from the barn of Mr. John O'Leary on the Bluff. S. E. Farris was employed to work the matter up and he succeeded in tracing the men as far as Mosier where he found the two saddles had been sold to two of the settlers. From Mr. David Creighton we learn that a small water-spout fell on his ranch and on that of Mr. Frank Creighton adjoining, yesterday afternoon between two and three o'clock. The water rushed for a short time down the hill west of his barn, between two and three feet deep. Beyond washing gullies in the road and hillsides, no other damage was done. Mr. W. Lord returned yesterday from his ranch at Centerville. He says that the rain has assured a big crop in the Klickitat county. It came just in time to save the wheat, for had it been delayed a few days the crops would have been a total loss. As it is the ground has been wet to such a depth that a full crop will be had, even if no more moisture falls. Hurray for Klickitat county. Yesterday afternoon as the steam power presses of the CHRONICLE were grinding out their daily grind of news and job work over a score of persons were present, more or less interested in watching the operations. Among the visitors were Mr. and Mrs. Thomas Driver, Mr. and Mrs. Isaac D. Driver, Mr. and Mrs. Michael Kennedy and Messrs. J. R. Woodcock, E. S. Pratt and Frank Woodcock, from Wamic, in this county, all of whom we are proud to reckon as staunch friends and supporters of the CHRONICLE.

CHILDRENS' DAY.

Its Celebration at the M. E. Church to-morrow.

The M. E. Church of this city will hold their children's day service in the morning of tomorrow, the exercises taking the place of the eleven o'clock preaching service. The programme is an attractive one and we give it below: Song by the school and choir. Responsive scripture reading and prayer by the pastor. Song by the school and choir. Memorial service. Recitation, "In Memoriam," by Bessie E. French. Song, "Hail the Glad Season" by a class of girls. Song and recitation, "The Guarded Castle," by a class of girls. Singing by the school and choir. Recitation and song "The Cross," by a class. Recitation "The Existing God," by Thomas Hodgson. Duett, "Marvelous Love," by a class of girls. Dialogue, "Signing the Pledge," by a class of boys. Solo, "The Light of the Land," by Miss Nellie Mitchell. Address by the pastor. Singing by the school and choir.

United Brethren Conference.

The Oregon annual conference of the United Brethren church has been in session at Hood River since Wednesday eve. Those in attendance to date are: Bishop J. W. Hott and Mrs. Hott, Rev. I. G. Knotts and Mrs. Knotts, Rev. W. S. Gilbert, Rev. A. R. Olds and Mrs. Olds, Rev. J. W. Ingle and Mrs. Ingle, Rev. M. R. Shaver, J. L. Garrett, A. W. Snapp, J. H. Alexander, Geo. Siskakoose, J. K. Parker and Mrs. Parker, J. Bremster, C. B. Davis, W. Hurlburt and Mrs. Hurlburt. Lay delegates: L. N. Price and Mrs. Price, W. R. Dillard, Mrs. O. H. Lance, A. A. Wiley and C. T. Zosel. Visiting ministers: Rev. C. C. Bell and W. H. Bast. Reports from the various fields show a marked increase of interest in all departments of church work. The work of the conference is conducted by Bishop J. W. Hott, superintendent for the Pacific coast district.

Newport Teachers' Institute.

We have handed a programme of the State Teachers' Association which will meet at Newport, Oregon, on June 30th and July 1st, 2d and 3d. The programme is very complete and extensive and covers a great variety of interesting and profitable studies. To those specially interested in the subject of education in our public schools, the privilege of attendance will be worth a whole session of normal instruction. Arrangements have been made with the Union Pacific to make a rate of one and one-fifth fare for the round trip from rail stations in Oregon to Portland, to all members of the State Teachers' association; this special rate to extend to July 6th inclusive. Round-trip tickets from Portland to Newport can also be purchased on favorable terms. The local committee have arranged for board and lodging to all members of the association at one dollar per day. Those who prefer camping will have ample opportunities to do so. The best recitative and musical talent in the state will be present and take part in the exercises. Members of the association from Eastern Oregon are advised to secure certificates from the agent from whom they purchase their tickets in order to secure the benefit of the reduced return rates.

The Meanness of It.

We do not think that there exists anywhere on earth a smaller-souled, more heartless corporation than the Union Pacific railway. In the matter of the coming encampment the managers of that corporation has had another chance to show their stinginess. The rates have been fixed at two cents per mile for companies to the encampment on the 4th of July. This will make the Baker City boys pay \$10 for the privilege of coming here. In marked contrast to this is the fact that the Northern Pacific carries the militia to encampments anywhere on their line both ways for one cent per mile. The Lord may have made a meaner management than that of the Union Pacific, but we have never heard that he did, and we doubt if he ever will.

What is Promised for Today.

A. J. DeVoe, a weather prophet of Hackensack, N. Y., says that natural forces that produce sudden falls of water from the sky are still floating in the atmosphere, and they will again concentrate their energies and cause a violent wind and rain storm on the 20th day of June, and as near as I can calculate, it will occur near the central part of Oregon. "I do not claim to be infallible. I simply apply natural laws as I see them in operation. At any rate I hope your readers will observe the weather closely from the 18th to the 22nd of June next, as unusual storms will visit the northwestern corner of the United States near the Pacific coast."

A private letter to the editor of the CHRONICLE from an old resident of Wasco county now living in Yakima City says: "Times are dull here. The soil is very productive, where there is water to irrigate and the country is full of go-ahead people but it is doomed to death. For a home give me old Wasco."

REVIEW OF THE LOCAL MARKET

The week past is devoid of interest in the trade center, save the absorbing topic of the municipal election which took place Monday last. Business still continues fair and former prices are maintained, save in sugars, Golden C's, have declined on 1/4 of a cent, but other grades are on former quotations—Island Rice has declined 1/2 cents per lb. Other lines of staple groceries remain at the same quotations.

WOOL SITUATION.

There is no material change in the wool situation since our last report was made. The dead lock seems to be on and buyers have nearly all gone to other shipping points. There has been but few transfers and but few shipments and the market is practically at a standstill. Prices are a shade lower on all grades. Light wools are quoted at 16 1/2 to 17 cents and heavy at 12 1/2 to 13 1/2 cents. We clip the following from the Oregonian which will show what the anticipations are in wheat centers. Eastern markets are very firm—California quotes 1.62 1/2 for 1891, which indicates better prices than our farmers realized for the last years crop.

FOREIGN WHEAT PROSPECTS.

England has lately been experiencing most unfavorable crop weather. The first of this month London has had a severe hailstorm following four or five days of very hot weather, and since then the weather has been quite wintry, with snow in various parts of the country, and the temperature at night below freezing. This same kind of weather is also reported from France. Under these circumstances, the English wheat crop reports are by no means so favorable. Indeed, the vagaries of the winter, and the extraordinary character of its season altogether, are beginning to show their real effects. In France farmers were beginning to hope that the spring sown wheat, which this year represents about one-third of the total, would give a good yield. The advent of bad weather, however, has dispelled these hopes, and the common opinion among French authorities is that the next crop will not exceed that of 1879, viz., 192,000,000 bushels, while the present requirements amount to 382,000,000 bushels per annum. Toward meeting this deficiency French importers have provided already about 100,000,000 bushels, and continue to offer more than English speculators. Californian wheat for September-December shipment was bought in France at 45¢ per 500 lbs., which is over the price obtainable in this country. Renewed complaints about the Russian crop, and the decrease in the quantity afloat, have, combined with the continued French demand, brought about renewed firmness and a general feeling that the bottom has been reached. The South Australia and Victoria crop proves to be about 200,000 tons, or over 7,000,000 bushels less, according to official returns, than was estimated early in the year, on the strength of which estimates ships were chartered in advance in great numbers, which can not now find cargo. Taking 7,000,000 bushels out of Australia's surplus in this time of prospective scarcity is serious enough, but it becomes the more serious when it is found that both Chili and Argentine have also practically exhausted their surplus. India alone is the country from which liberal exports may now be expected, an example of which was given last week, when 1,830,000 bushels were shipped, the largest total in any week for a considerable time past.

MISCELLANEOUS MARKET.

In the miscellaneous market review there are but few changes. Wheat hay is quoted at \$14 per ton, but the high prices of wheat anticipated for the year's harvest, prompts producers to cut and cure less hay than formerly. We hear of the market opening at \$13 to \$13.50 for baled wheat hay, which is an advance over former years, owing to expected higher price of wheat. There are no changes in quotations on oats, barley, or wheat. Eggs are scarce at former quotations. Old potatoes are nearly out of market, and new potatoes are supplying the demand at from 1 1/2 to 2 1/2 cents per pound. The Dalles wheat market is steady at 80 cents per bushel. OATS—The oat market is in good supply with more frequent offerings. The near approach of a new crop, a decline has taken place. We quote \$1.20@1.35 per cental. BARLEY—The barley supply is very short and a steady demand. We quote \$1.20@1.35 per cental sacked. FLOUR—Local brands, \$4.25 wholesale and \$4.50@4.75 retail; extra, \$5.50@6.00 per bbl. MILLSTUFFS—The supply is in excess of demand. We quote bran and shorts \$17.00 per ton. Retail \$1.00 per 100 lbs. Shorts and middlings, \$20.00@22.50 per ton. HAY—Timothy hay is in good supply at quotations \$17.00@18.00. New wheat hay is in market at \$14.00 per ton baled. New wild hay is nominally quoted at \$15.00 per ton. POTATOES—Good potatoes are in better supply at 75¢ per 100 lbs. New potatoes 1 1/2@2 1/2 cents per lb. BUTTER—Is in better supply. Quote A 1.35@1.40 cents per roll. The supply is not as good as last week. EGGS—The market is noted for its scarcity and 18 to 20 cents per dozen is paid. The tendency is for higher prices. POULTRY—Old fowls are in less demand at \$2.50@2.75. Young fowls are easily sold at \$2.50@3.25 per dozen. HIDES—Prime dry hides are quoted at .07@.08 per pound. Culls .05@.06. Green .02 1/2@.03. Salt .08 1/2@.04. Sheep pelts butcher's extra \$1.25 ordinary 75¢ each; bear skins \$10.00; coyote .75; mink .60 cents each; martin \$1.00; beaver, \$3.50 per lb.; otter, \$5.00 each for A1; coon, .35 each; badger, .25 each; fisher, \$4.00 to \$5.00 each. Wool—The market is not established yet. Wool is nominally quoted at .12 1/2 @.17 per lb. BEEF—Beef on foot clean and prime .02 1/2, ordinary .02 1/2; and firm. MUTTON—Wethers are scarce, that is to say No. 1. Extra choice sell at \$3.25; common \$2.75 without fleece. HOGS—Live heavy, .04 1/2@.05. Dressed .06 1/2@.07. Bacon and hams sell in the market at .09 1/2@.10 cents in round lots. Lard 5 lb .11@10 1/2; 10 lb .10 1/2; 40 .08@.08 1/2c per pound. HORSES—Young range horses are quoted at \$25.00@35.00 per head in bands of 20 or 30. Indian horses sell at prices ranging from \$5.00@20.00. Stock cattle are quoted at \$9.00@10.00 per head for yearlings and \$14.00@18.00 for 2-year-olds, with very few offerings. Stock sheep are ready sale at quotations, \$2.25@2.50 per head. Fresh milk cows are quoted from \$25.00@50.00 each, with a very limited offering and less buyers. LUMBER—Rough lumber \$12.00 per M. Portland flooring No. 1, \$30.00 per M. Portland rustic finish \$30.00 per M. No. 1 cedar shingles \$3.00 per M. Lath \$3.50 per M. Lime \$2.50 per bbl. STAPLE GROCERIES. COFFEE—Costa Rica is quoted at 24 cents by the sack; Rio, 24 1/2; Java, 32 1/2. SUGARS—Calden C in half bbls, 5 1/2 cents. Golden C in 100 lb sacks, 5 1/2 cents. Extra C in half bbls, 5 1/2 cents.
