'RAH! HARVARD, 'RAH!

Old Harvard Takes the Rowing Race from Yale by Eleven Lengths--
The Race was a Surprise.

The Ship Palestine Wrecked but her Crew are Saved--Harrison's Cabinet Discusses Silver Coinage.

NEW LONDON, Conn., June 26.—The race between the Yale and Harvard crews was won by the latter.

Harvard won the race by eleven lengths, time, 21:23; Yale's time, 21:57.

The race was the sixteenth annual four-mile, eight-oared, straight-away one over the Thames course from Winthrop Point to Gate's Ferry. The Harvard's victory is the biggest surprise in college athletics in many years. Good judges of rowing conceded the race to Yale almost to a man and so strong were these sentiments in favor of Yale that stacks of money left at the pool room went uncovered, even at odds of 15 to 60.

Harvard took the lead at the start. As the excitement spread some very reckless work was done by steamboat captains. That there were but two collisions and no serious results was simply a matter of good luck.

The river scenes at the finish was of a most exciting character.

An observation train of thirty five cars carried an immense crowd, while at least seventy five steamers, steam and sail yachts followed the crews over the course, or were anchored in desirable positions. The west bank was also crowded with sightseers.

JURY DISAGREE.

THE LONG AND SHORT HAUL TEST CASE Still Undecided.

ALBANY, June 26.—The jury in the case of the State vs. E. P. Rogers, general freight and passenger agent of the Southern Pacific company, indicted for discrimination on freight rates in alleged violation of section four of the Hout law, the same being the long and short haul clauses, this morning disagreed. The case was continued until the October term. The jury stood eight for conviction and four for acquittal. The shipments in question were consignments of wheat from Millersburg and Albany to East Portland.

Counterfeiters Arrested.

ST. LOUIS, Mo., June 26.—The United States marshal has returned from Bellingham county, this state, having in charge John C. Welkers, his three sons, his son-in-law and Alfred G. Green who have been running a counterfeiting mill near Lutersville. A large quantity of material was found on Welkers' premises.

Takes More than Three Cyclones to Down a Town by That Name.

OMAHA, June 26.—Reports from all over the state bring news of additional damage by the rain and wind. Three cyclones passed over Palmer but did but little damage to the town. In the surrounding country, however, crops are demolished.

Worst Than First Supposed.

FORT DODGE, Iowa, June 26.—The latest advices from Cherokee says the damage by the flood is greater than was first reported. The receding water shows hundreds of head of stock which were drowned. The work of clearing the debris in town and along the railroads is in progress.

A Cabinet Meeting.

WASHINGTON, June 26.—A regular meeting of the cabinet was held here today. The absentees were Blaine, Proctor and Miller. The principal topic of discussion was the continued coinage of silver after July next.

WRECKED ON THE BAR.

The Good Ship Palestine Meets Her End at the Golden Gate.

SAN FRANCISCO, June 26.—The ship Palestine from Tacoma struck on the bar this morning and sunk. The crew was saved.

The Palestine which was commanded by Captain Cartney, was a vessel of fourteen hundred tons burden and was nine days out from Tacoma loaded with coal for the Southern Pacific company. A big hole was knocked in her bottom and she sank an hour after striking, in thirteen fathoms of water. Only the tops of her masts are visible. As soon as it was seen that she must go down Captain McCartney ordered the boats lowered and all on board, twenty-one in number, embarked safely as the sea was quite calm at the time and the weather clear. The tug Wizard towed the shipwrecked sailors into the harbor.

A Schooner Wrecked.

SAN PEDRO, June 26.—A San Pedro dispatch says the schooner Nellie was wrecked on Wednesday while going from Wilmington to Redondo on the shore about a half mile east of Point Vincent. Her master John Culman, was the only one on board and he reached the shore safely.

THE GREAT NORTHWEST.

Serious Trouble Among the Striking Coal Miners.

SEATTLE, June 24.—Work was resumed at the Black Diamond mine this morning, the miners having come to terms with the company.

A special dispatch to the Post-Intelligencer from Gilman, indicates that the strike has taken a serious turn. The Seattle Coal and Iron Company has brought ejectment suits against the strikers, and has been quietly at work securing a number of miners to go into the mines. Several of these were sent to Gilman on a special train this morning, being guarded by M. C. Sullivan and a force of detectives. Con Lynch, a prominent member of the Knights of Labor, worked his way into the confidence of Sullivan, and, by pretending to be a miner, secured work and was armed with a revolver by the detective. He sent word to Gilman that the miners were coming to go to work, and when the train arrived there, the home guards, consisting of striking miners, and numbering about sixty men, were at the depot. Then Lynch threw off his disguise and announced that he was there to keep the men from going to work. It is reported that two of the deputy sheriffs who accompanied the party to protect the miners who wanted to work were roughly treated, and that by threats and persuasion the party was broken up. Sullivan was roundly abused, and drew his revolver. He returned to Seattle, and tonight left on a special train with an additional force of guards. The feeling is very strong at Gilman and serious trouble is anticipated.

The Militia in Readiness.

OLYMPIA, Wash., June 24.—Governor Ferry has been advised of a probable outbreak in the mines at Gilman, King county, and this evening received a dispatch from Colonel Haines, asking permission to call out the militia. Colonel Haines wired that he had been informed that an outbreak had occurred, and that the destruction of the mines and property was threatened by the rioters. The situation is critical, and loss of life and property is likely to occur unless action is taken. The governor replied that if the mayor, sheriff or any peace officer called for armed assistance, Colonel Haines could go at once to the scene with as much of the national guard as was necessary.

ENGLAND'S UPPER SOCIETY.

It Goes on Merrily Notwithstanding the Scandals and Strikes.

LONDON, June 24.—Notwithstanding the scandals and strikes the upper classes of English society go on as merrily as ever. This afternoon witnessed a quaint event in the revival by the beneficiaries of the Inn's temple of "The Mask of Flowers," originally produced by the court of James, about the time the pilgrims were getting ready to sail for America. It was gotten up with all the adjuncts of the "masks that were famous in the days of the Stuart kings," and was witnessed by most brilliant audiences. The 40th celebration of Eton college today was also on a scale of unusual display, and the alumni attended not only from all parts of the United Kingdom, but from America, South Africa, and Australia.

A Hundred Horses Burned to Death.

PHILADELPHIA, June 25.—A fire broke out in a large stable attached to the City gas works, at Twenty-fourth and Chestnut streets at 1:15 o'clock this (Thursday) morning. Over 100 horses were in the building and these are all believed to have been burned to death. The fire was under control at 2:15.

THE YALE ALUMNI DINNER.

The Agent of the Congressional Party of Chili One of the Speakers.

NEW HAVEN, Conn., June 24.—President Dwight presided at the Yale alumni dinner this afternoon. Among the speakers was secretary of the interior Noble, President Dwight, introducing Richard Trumbull, 1881, of Chili, who is in this country representing the congress party of Chili, said:

"He is a member of the warlike family of Trumbull, who gave a good account of themselves in revolutionary days."

Trumbull said, among other things: "At home we are now in the throes of civil war. For sixty years there had never been a revolution, but today there is in that once happy country distrust and danger. By the machinations of corrupt men, who plotted while we slept, there are now war-clouds in the sky. These men unblushingly demand bribes. They are men who have shut up the courts and set aside the law. I know that we in our struggle will have the warm support of Yale, for Yalemen are lovers of liberty. We want a government something like that of the New England states. We believe that you are with us in our struggle for right."

The outburst of applause which followed Trumbull's address rattled the windows of the old alumni hall, continuing two or three minutes.

THE CASUALTY RECORD.

An Anarchist's Bomb Explodes in the Hands of Young Children.

NEW BEDFORD, Mass., June 24.—Memorial day, the anarchists in this city held a justification at the farm of a Bohemian named Mastalia, who lives at extreme north end of the city. John Mori, now serving a sentence in the New York state prison, was present. When the family of Mastalia proceeded to clear the house, which had been occupied by the visitors, an 8-year-old son found in the match safe an article which afterward proved to be a dynamite bomb. It was shown to a 15-year-old sister by the lad, and while she was examining its structure it exploded, tearing the flesh from the girl's left hand so badly that it will be necessary to amputate the ends of all the four fingers and the thumb. The boy was knocked senseless and another daughter, who was standing close by, had the flesh of one hand badly lacerated.

QUITE A SCHEME.

To Transport the Entire Population of Iceland to Alaska.

DETROIT, June 24.—Ludwig von Doleke a noted Icelandic, who has been practicing medicine in Detroit for the last year or two, left the city Tuesday evening upon an important mission. He is bound for his native country. When he arrives there he will interview the government authorities upon a scheme of transporting the entire population of Iceland to Alaska, and there establishing a colony under the government of the United States. It is understood Von Doleke will receive substantial backing from a number of capitalists interested in the development of Alaska, and that the United States government looks favorably upon the scheme.

WAR IS THREATENED.

Reports Say That the Trouble on the Navajo Reservation is Increasing.

LAS VEGAS, N. M., June 24.—Further advices received here from Fort Higate, 300 miles west, today, are to the effect that the trouble on the Navajo reservation, is increasing. Lieutenant Brett, who was sent with a detachment of troops to Keen canyon, near Fort Defiance, to suppress the depredations of hostiles, dispatched a courier to the commander of "D" troop of the Zuni reservation to come to his aid as speedily as possible. Also a courier has arrived at Higate with a special to the commanding officer for another troop of cavalry, or all the cavalry available, as the hostiles were threatening war.

Parnellite Convention.

DUBLIN, June 24.—There were no priests present at the Parnellite convention at Carlow. This was in accordance with the bishop's orders to refrain from active participation in the campaign, and it is doubtful if Parnell will get the open aid of a single clergyman, though it is known that some of them are on his side. Kettle, the nominee is considered a weak candidate compared with his opponent, Hammond.

English Capital Coming.

NEW YORK, June 24.—A special cable to the Journal of Finance, dated London, says: "A syndicate organized here and having Paris interests allied with it has sent a representative to the United States with authority to invest \$28,000,000 in grain. One of the heads of the Rothschilds in Paris is interested through English capitalists, who join the pool on his recommendation. Marborough is to visit America again. He brings a large amount of capital to invest in the southern states.

It would be difficult to find a much more justifiable occasion for the services of Judge Lynch than in the case of that brute at The Dalles, who committed a brutal outrage on an old, infirm and defenseless lady. If the people knew positively they had the right man, it could not be expected that the punishment for his revolting and most damnable offense would wait the law's delay. Yet it would not be right, would not be best. The unjustifiable lynching of the New Orleans Mafia, however much provoked, has already brought forth too large a harvest. It is a pity the law don't provide capital punishment for such an aggravated case, if hanging is to be justified at all.—Portland Telegram.
