That representation from each county to the state alliance be one at large from each county and one for every 300 members or majority fraction thereof in said counties.

That the executive board consist of the president, secretary and three members elected by vote of the state alliance.

A STORY OF CANNIBALISM.

A Brazilian Who ate Human Flesh Because he Liked It.

NEW YORK, July 9.—A little three column newspaper, printed in the interior of Brazil, which reached here today, contains a horrible story of cannibalism.

The following day he found a woman asleep by the roadside. He killed her and took the body home.

"Has human flesh an agreeable taste?" Vieira was asked.

"No," he replied, "it is too sweet. The parts I found the most toothsome were brains. We ate the flesh, roasted or boiled, seasoned with salt and a great deal of pepper."

SUICIDE OF A DRUMMER. Henry C. Leithart Takes his own Life in Tacoma.

TACOMA, Wash., July 9.—A few months ago Henry C. Leithart arrived in Tacoma as a traveler for the Strabel & Wilken company, importers and manufacturers of toys, for which firm his brother, Frank C. Leithart, is the resident manager at Chicago.

"On top of all this you, on whom he has spent an enormous sum, the amount of which surprised me when he notified me the other day, must do all you can to help him to his grave and disgrace the whole family."

LIVED IN POVERTY. But When Dead Money of all Denominations Found in Every Crack and Crevice.

COLUMBUS, S. C., July 9.—"Uncle Billy" Best, an eccentric character of Cabarrus county, N. C., is dead.

His only companions were two dogs and an old negro woman. His real estate consisted of 1800 acres of land, which he left to his nephews.

He had a safe which was thought to hold thousands of dollars, but when it was opened, the only money found was a nickel.

However, in bureau drawers and jars, in old clothes, closets, in old socks, and in cracks in his miserable old house was found \$10,000 in gold, besides a large quantity of gold-dust and bullion and a few hundred dollars in greenbacks.

In the search a package from a Charlotte bank was found containing \$700, that had never been opened at all. This was received by him in 1880.

He had corn and bacon on hand four years old, and some hay that has been stacked for twenty-five years.

He used his conscience by leaving \$100 of his hard earnings to Bethel church. He made his will only three weeks ago, and there is much talk of contesting it, for some of his kin have been left without anything.

CHILI'S NEW PRESIDENT. VICUNA IS AN OBNOXIOUS TO THE INSURGENTS AS IS BALMADEA.

PASCO, July 9.—According to one of the Chilean congressional delegates, Claudio Vicuna, who has been elected president of Chili by the Balmaceda party, to come into office next September, is as obnoxious to the congressional party as Balmaceda himself, to whom the president elect is an intimate associate and tool.

It is charged here by a person intimately connected with the Chilean legation, that the congressional delegates have made a bargain with the French government, whereby, in return for the aid of France, and the handing over indirectly to the insurgents the war vessels built in France for the Chilean government, the congressional party agrees to recognize the notorious Breyfus claim, which is backed by the French government and which Balmaceda rejected some months ago with a determination that won him applause both in Europe and America.

It is said that this act of Balmaceda prejudiced the French government against him.

"I am so glad," said Miss Prettysweet, looking up from the paper, "that the government has at last become interested in our case defenses. Last winter there weren't half enough toboggan chutes to accommodate one-half the people who wanted to coast."
