WEATHER PROBABILITIES.

THE DALLES, JULY 13, 1891. FAIR Weather forecast till 12 m. Tuesday, fair. Nearly stationary temperature.

The Chronicle is the Only Paper in The Dalles that Receives the Associated Press Dispatches.

Notice.

Persons leaving town for the springs, sea coast, or mountains can have THE DAILY CHRONICLE sent to them without extra cost by leaving orders at this office.

LOCAL BREVITIES.

There are days when it is a delight to live.

Mr. Field, the popular milkman, has returned from a few days' visit to Portland.

Mrs. McCollough and children, of Grants, are in the city visiting Mrs. Warner.

Mrs. Griffin of Dufur passed through the city on her way home from a visit to her ranch in Yamhill county.

Mr. B. F. Swift, who has been stopping at South Bend for a few weeks, has returned to Wamic, where he will remain.

Four tramps were pulled in by the night police and the police judge imposed a fine of \$5 each and in default were put in the chain gang.

There was no preaching service at the Congregational church yesterday on account of the absence of Rev. W. C. Curtis who is taking his vacation.

The Christian Endeavor society of the Congregational church will give a lawn and croquet social at Mr. McFarland's grounds on Friday night of this week. Admission free.

From Mr. Wilbur Hendrix we learn that a fine rain fell on the Tygh River country, commencing yesterday at 5 p. m. and continuing almost uninterruptedly till 12 o'clock.

An application to the Grand Lodge, I. O. O. F., of Oregon will be made this week by about thirty residents of Hood River for a lodge of Odd Fellows to be instituted at that place. The charter is being filled by George Harbert, who is taking much interest in the work.

A large quantity of wool came into the city yesterday. The feed yards of The Dalles Mercantile Company was filled up completely with the loaded teams, and this morning both warehouses were kept busy unloading and storing.

Mrs. W. D. Palmer, who is stopping at Salem, settling up the Gilbert estate, is expected back to this city on Thursday. She and her husband have decided to make The Dalles their permanent home.

The so-called "free bridge" is reported still unfit for travel, and it is estimated that it will take 70 days labor before wagons can pass over it with safety and comfort. The lessee of the road is doing his utmost to hurry up the work, but in all fairness Sherman county should help him.

E. B. Peuland of Sherman county was arrested a short time ago for selling liquor in less quantity than a gallon. One of the witnesses for the prosecution swore that he had purchased a "gallon" of whisky from Peuland for 50 cents, but the "gallon" did not contain over a pint. The defendant waived examination and was bound over in the sum of \$2.50 which was furnished.

There seem to be some slight difference in freight rates from Portland by way of the Union Pacific railroad. A merchant friend of the CHRONICLE shows us a bill of three packages of baskets on which the rate is \$1.80 per 100 lbs; and two nests of baskets the rate quoted is 90 cents per 100 and on a nest of tubs and a box of wine the rate is 45 cents. The road gets all that the traffic will stand at that rate.

The river has been slightly colored during the past two days and some of fishermen are doing fairly well, while for others the season has practically closed. Lorenzen Bros., are catching about a thousand pounds a day with the seim. The Michell wheel caught 600 pounds last night while it caught only 100 pounds the night before. Seufert Bros., are catching eight or nine tons a day.

Saturday night a jolly party of K. of P. members went down to Hood River on the evening's train to assist at the installation of officers of Wacona Lodge No. 30. This report having had a good time, as the home members there have a reputation for hospitality to sustain and they never disappoint any of the friends that come. Among those who attended from here were Dell Cates and wife, W. H. Wilson and wife, C. L. Phillips and wife, and Messrs L. Rordon, Mr. P. Blasen, N. B. Whyers, J. H. Larsen, Ad. Keller, L. N. Campbell and William Bergfeld.

The 3rd Regt. O. N. G., has cost more in newspaper notoriety than need by a choice dress from A. M. Williams & Co., during their clearance sale.

Frank Huott returned last night from a trip to the ranch of Geo. A. Young of Bake Oven. He says Mr. Young has a hundred acres of rye that stands seven feet high and will yet make another foot before it is ready to cut. Mr. Young's men are busy breaking sod and it has been raining in that country till they would be glad to quit it.

Mr. H. Solomon of this city, has made an assignment to J. A. Dawson of the Portland Mercantile Agency. The assignment is made in order to vindicate the business, as Mr. Solomon has little hope of his recovery from his present illness. Today the store is closed in order to facilitate stock-taking. It is expected to be open again in a few days.

Johnnie get your gun, What for? To shoot anyone who fails to buy one of those dress patterns A. M. Williams & Co., are selling at cost.

The Wasco Observer says the boys of E company of Fossil "are a credit to any community." That is exactly the opinion we formed of them here. They are a credit to the country they came from and an honor to the Third regiment.

Some of the men of "F company" would not have gone home "kicking" so hard if they had gone to A. M. Williams & Co., and bought a dress (at cost) for their best girl.

We are pleased to hear that the daughter of Mr. J. C. Egbert, who, for some months past, been in a dangerously sick condition, is very much improved so that hopes are entertained of her complete recovery.

MURDER AT CHENOWETH.

John Johnson Found Shot Through the Head in Front of his Cabin.

CHENOWETH, Wash., July 7, 1891.

EDITOR CHRONICLE—We have had a sensation here this week. One of our old residents John Johnson a Swede was found near his cabin shot through the head with a change of shot and a shot gun lying under him. The coroner was called and arrived here on Friday morning and took charge of the body, and summoned a jury to find the cause of the death. The jurors were unable to decide whether the shooting was accidental or intentional, but concluded that he was the cause of his own death. Mr. Johnson was held in high esteem for his honor and worth as a citizen, and we very much regret the loss of a citizen and friend who has been so worthy of a place among the "honest" people of this world. D. K. ORDWAY.

WASCO INDEPENDENT ACADEMY.

Its Fall Session Will Begin Monday, September 7th.

Good schools do more to induce settlers to locate in a community than almost any other one agency. People do not like to settle in a section of the country where their children can not stand a change of acquiring a satisfactory education. The Dalles is fortunate in having a fine academy located here and we are always glad to be able to notice its increasing property. The Wasco Independent academy is established on its merits as a school and stands second to none in this part of the country as an educational factor. Such an institution of learning is creditable to the city where it is located and should receive the patronage of the public generally.

The fall term of the academy will begin Monday, September 7th with Professor Ingalls in charge. He has proved his ability to the satisfaction of the patrons of the school and we are glad to see that so able a teacher has been retained, for under his management the academy has been pushed rapidly to the front. He has not yet announced his corps of teachers but his selection of assistants will no doubt be wise. It is to be hoped that the people of this part of Eastern Oregon will recognize the necessity for the existence of a school of the nature of the Wasco Independent academy and give to it the support it so richly merits.

Two bottles of the champagne cost the C company boys appropriated cost more money than a whole dress pattern that A. M. Williams & Co., are selling at cost.

Serious Accident at Dufur.

DUFUR, July 11, 1891.

EDITOR CHRONICLE—On our way from church last evening we were attracted by the sad wails of some one in distress. After rushing to the spot whence the sounds arose, to our utter astonishment found "Keno," (better known as Chief Justice of the Jack-knife circuit,) suspended by the neck in the forks of a walnut tree, and was compelled to call for assistance.

The cause is unknown, but it is thought that it was from pondering over the last words of the minister or the small pipe which he supported. OBSERVER.

What's the matter with "C company?" "They're all right." So are those dress goods at A. M. Williams & Co.

The City Water Regulations.

THE DALLES, Or., July 11, 1891.

EDITOR CHRONICLE—In last night's issue there appeared two "Rules Governing Use of Water." Will you kindly explain the purpose of Sec. 12? To whom does it apply, to users of city water, users of Academy water, or both? Is it made because of insufficient supply or for some other reason? In a place where water rent is at least twice what it should be some very excellent reason ought to be given for the promulgation of such a rule. If such an one can not be furnished the rule should be forthwith abolished. Yours Truly, FAIR PLAY.

The Columbia River.

East Oregonian: Government improvements on the Columbia insure twenty-five feet at low water from Portland to the sea. If we had about fifteen feet from Portland to the plains hereabout we would be happy as larks.

LOST.

The Northwestern Life Insurance Co., OF MILWAUKEE, WISCONSIN.

Assets over \$42,000,000.00.

Surplus over \$6,500,000.00.

LAGONDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.

Prof. E. L. Shuey, Dayton, Ohio.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 56 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Term plan, for \$40,000. My premiums during the period amounted to \$57,352.00. The term period expired early in January of the present year, and the Company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000 00

And cash 9,751 00

SECOND—A paid up policy for \$40,000 00

And cash 54,900 00

THIRD—Surrender my policy and receive in cash 36,496 80

I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipt for the amount, \$36,496.80, to their State manager in Cleveland, and he would remit me the amount. I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,015.20 less than my total investment renders further comment unnecessary.

During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment.

In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Term, for \$10,000, that company having from time to time furnished me with a memorandum of the surplus on my policy over the signature of their actuary; my policy has not yet matured, and will not until next year. I have the satisfaction of knowing that at maturity it will net me from \$4,000 to \$5,000 more than the face of the policy calls for.

Very truly yours, ROSS MITCHELL.
