WEATHER PROBABILITIES. THE DALLES, July 30, 1891. FAIR. Weather forecast till 12 m. Saturday; fair, slightly warmer.

The Chronicle is the Only Paper in The Dalles that Receives the Associated Press Dispatches.

LOCAL BREVITIES.

Mr. W. B. Hayden a prominent merchant of Centerville, Wash., is in the city.

What is the difference between a silver king and a gold bug? Will somebody answer.

Messrs P. P. Underwood and J. R. Underhill of Boyd, paid the CHRONICLE office a welcome visit today.

Mr. and Mrs. J. H. Sherar are now on the way to Boston. A private communication to the editor informs us that they were at Billings, Mont., on the 28th inst., where they were delayed on account of a wash out.

Dr. Henry T. Helmbold, the famous patent medicine "buchu" man, who is said to have piled up a fortune of ten millions is at present an inmate of the insane asylum at Trenton, N. J., and is pronounced by his physicians to be hopelessly insane.

A body of anarchists are said to exist in the neighborhood of Glenwood, Wash. Lately a settler refused to join their secret order and a few days ago he discovered that his newly stacked hay had been profusely sprinkled with Paris green.

There are eight coal heavers at the shops, every man of whom is as mad as a wet hen. They were taken up the track yesterday to shovel sand at 3:30 o'clock and had to walk back, without supper, a distance of nearly ten miles. They did not arrive here till half past ten o'clock last night. Hinc illae lacrimae.

Salem has a curiosity in the shape of a man who does not want office. His name is T. B. Wait and having been appointed as gate keeper for the state fair, without his knowledge, here is what he has to say about it: "It having been published that I was appointed a gate keeper for the state fair, I wish to say that I was never an applicant, and now most respectfully decline in favor of Governor Penneyer or ex-Governor Moody."

We cannot truthfully say that the excursion last night was a success, that is, if success is to be measured by the satisfaction of those who participated in it. Many of the young people wanted to dance, and it was announced that they would be accommodated in this respect, yet there was no accommodation, or at least none that they themselves thought adequate. How many were on board we know not but we judge there were sufficient to make it pay. The boat left The Dalles about 9 o'clock and returned a little after twelve.

At the meeting held at Silver Lake, Pa., a few days ago in honor of the memory of the late Hon. Sam Randall, Governor Campbell of Ohio was present and is reported to have announced that Hon. Jerry Simpson (Socksless Jerry) and Senator Peffer would both canvass Ohio, during the present campaign, in the interest of the democratic ticket. He said, "The alliance party is very strong with us now, (meaning in Ohio) and they are hand in hand with the democrats. They will nominate no ticket this year."

The Irish as a class are not particularly distinguished for pun making but one of them got off a pun in Graham's restaurant the other day that was neat enough to be put on record. The conversation between Graham and the Irishman somehow turned on girls eloping with their sweethearts in order to get married, when the Irishman said, seriously, "Do you know Graham if I were keeping a restaurant, like you, I could stop this tendency in every girl that is led in my shop. Tell me how you would do it," said Graham. "Why," said Pat I'd feed them on cantaloupe and then they cant-elope."

The Oregon Bridge company which has the contract for laying the supply pipe from the new reservoir to Meepie's has now thirty six men engaged in making the excavation. The company commenced at the receiving basin and has now completed as far as the flume, a distance of nearly a mile. Possibly the deepest excavation on the whole route has already been made. Some of that completed is eleven feet below the surface. This depth was necessary to secure a suitable grade for the pipe. It is perhaps well known that the company doing the work brought no men with them, and all of the thirty-six employees were picked up in The Dalles. For this admirable foresight the thanks of the community is due to the water commission.

About forty men are now employed in various ways at the company's shop.

Mr. Joseph McEachern and wife are registered at the Umatilla House.

Deputy Sheriff J. H. Phirman has gone on a business trip to Harney County.

There will be preaching service at the Congregational church next Sunday morning.

Frank Peabody of Nansene and Henry Peterson of Wapinitia were in the city yesterday.

Mr. W. H. Wilson leaves this evening to join his family at Yaquina Bay. He expects to return in a few days.

License to commit matrimony was granted this morning to William Wide-kind aged 28 and Mrs. Annie Schroeder aged 29.

Mike Adnet, a citizen of the Republic of Switzerland, declared his intention, this morning, to become a citizen of the United States.

The examination of the Chinaman, charged with making a felonious assault on the Earl of Taffe comes off this afternoon before Justice Schutz.

Engineer Morris Cavanaugh from "Boston" is registered at the Umatilla house. Three days ago he was according to the register - in Jerico, twenty miles south of Jerusalem.

If there is anybody in The Dalles more glad to see Joe MacEachern back here than is the editor of the CHRONICLE, if he will call at this office we will buy him a five-cent water melon.

Elder Richardson of Goldendale, called at this office today on his way to Wapinitia, to hold a week's protracted meeting at that place, commencing tomorrow evening. At the conclusion of the meeting he will return to Dufur and remain over Sunday, preaching there Saturday night and Sunday morning.

The Normal Institute which meets in The Dalles, August 24th, will be an excellent training school for teachers. Most of our teachers in this county have never attended a normal school. Now is your time. Young teachers here may learn more in a week, of new methods and applications, than in five years' ordinary teaching. If the schools of Wasco are to keep abreast of the times some forward steps must be made. Will the teachers and parents respond with their presence and help. J. H. Ackerman and W. A. Wetzel are employed as assistants.

The burning of the round house at the Cascades and the destruction of the engines, demand investigation. If the fire originated in any unavoidable way, all right. What could not be prevented must be endured, but if it was the work of an incendiary the miscreant ought to be ferreted out and brought to judgment. The fire leaves the construction of the portage road in the predicament, that teams will have to be hired to do the work which the engines formerly did. Fortunately the greater portion of the track is laid but there is yet much to be done that could be accomplished more cheaply and more expeditiously by a "donkey" locomotive than by wagons and teams. The people are too familiar with accidents (?) of this kind to rest satisfied with anything short of the arrest and punishment of the offender or the clearest proof that the fire was purely accidental.

A party of seven persons, under the guidance of Mr. Will Langille of Hood River made the ascent of Mount Hood last Tuesday. The party consisted of a Portland man, a Yale student on his vacation, four gentlemen from the Hood River valley and a Miss Carrie Graham, a school teacher, from Chicago. They started from Cloud Cap Inn at 7 a. m., and crossed the Hood River glacier (not Mr. Cradlebaugh's Glacier) on the east of the mountain and from thence veering round to the south of the mountain they gained the top at 5:30 p. m. Miss Graham has the honor of being the first lady who has made the ascent by that route. The party had to slide down part of the mountain, on their return, on the side foremost their backs and arrived at camp with tattered clothes and skinned fingers at the late hour of 2 o'clock the next morning.

Preparing For Hot Weather. The following telegram from White-wright, Texas, indicates that the people in that vicinity do not intend to be caught unprepared:

White-wright, Texas, June 2, 1891. Chamberlain & Co., Des Moines, Iowa; Ship us at once one gross Chamberlain's Colic, Cholera and Diarrhoea Remedy, 25 cent size, and two dozen 50 cent size. We are entirely out and have had nearly forty calls for it this week.

O. Y. RATHBUN & Co. This is just such a medicine as every family should be provided with during the hot weather. It never fails and is pleasant to take. For sale by Snipes & Kinersley.

From San Antonio. Aug. Hornung, a well known manufacturer of boots and shoes at 820 Nolan St., San Antonio, Texas, will not soon forget his experience with an attack of the cramps which he relates as follows:

"I was taken with a violent cramp in the stomach, which I believe would have caused my death, had it not been for the prompt use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose did me so much good that I followed it up in twenty minutes with the second dose, and before the doctor could get to where I was, I did not need him. This remedy shall always be one of the main stays of my family." For sale by Snipes & Kinersley, druggists.

Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

To the Public. CADDO MILLS, TEXAS, June 5, 1891.

From my own personal knowledge, I can recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy for cramps in the stomach, also for diarrhoea and flux. It is the best medicine I have ever seen used and the best selling, as it always gives satisfaction. A. K. SMERILL, 25 and 50 cent bottles for sale by Snipes & Kinersley, druggists.

A. M. WILLIAMS & CO.

The Northwestern Life Insurance Co., OF MILWAUKEE, WISCONSIN.

Assets over \$42,000,000.00. Surplus over \$6,500,000.00.

Prof. E. L. Shuey, Dayton, Ohio. LAONGDA HEIGHTS, SPRINGFIELD, O., June 15, 1891.

DEAR SIR:—Replying to your request for a statement of the facts concerning my experience with the Equitable Life Assurance Society of New York in their late settlement with me, I would state that in the early part of 1881, my age being 66 years, I took out a Ten-Payment Life Policy in the Equitable upon their Ten-Year Term Plan, for \$40,000. My premiums during the period amounted to \$7,512.00. The Termite period expired early in January of the present year, and the Company then offered me the following terms of settlement:

FIRST—A paid up policy for \$40,000.00 And cash \$9,751.60

SECOND—A paid up policy for \$40,000.00 and cash \$5,480.00

THIRD—Surrender my policy, and receive in cash \$6,496.80

I was so little satisfied with the results of my investment that I chose the third, cash, proposition, but when I so decided, the company, through several of its representatives, labored to induce me to take one of the other forms of settlement, but finding that I was determined to surrender the policy and take the cash, they finally instructed me from the home office to send policy and receipt for the amount, \$36,496.80, to their State manager in Cleveland, and he would remit me the amount. I followed their instructions and sent the policy and receipt through my bank in Springfield to our correspondent in Cleveland, only to have it returned from the Cleveland Bank with the information that the State manager of the Equitable states that he "had not sufficient funds to meet it." This forced me to return it to the New York office, and compelled me to wait some twenty days after maturity before receiving final settlement.

I have given no statement endorsing the Equitable, or expressing my satisfaction with their settlement with me. On the other hand I have positively refused to do so. The fact that my returns were \$1,015.20 less than my total investment renders further comment unnecessary.

During the time I carried the Equitable policy and up to the day when they submitted the above proposition to me, I was kept in total ignorance of the condition of my investment. In marked contrast with this has been my experience with the Northwestern, in which in 1882, I took a Ten-Year Endowment Policy, Ten-Year Termite, for \$10,000, that company having from time to time furnished me with a memorandum of the surplus on my policy over the signature of their actuary; so that while my policy has not yet matured, and will not until next year, I have the satisfaction of knowing that at maturity it will not be from \$4,000 to \$5,000 more than the face of the policy calls for.

Very truly yours, ROSS MITCHELL.
