MORE TRADE FOR U. S.

President Harrison Announces Reciprocal Relations with San Domingo on Many Articles.

A Big Suit Against Banker Ladd is Began in Portland—Tenny Loses a Race to Longstreet.

WASHINGTON, Aug. 1.—The president today issued a proclamation announcing reciprocity with San Domingo, under the act of last October which with view to securing reciprocal trade exempt from duty, sugar, molasses, coffee and hides are imported into the United States. By this treaty the following articles manufactured in the United States will be admitted free of duty in the Domingo Republic after Sept. 1st, 1891: Live animal meats of all kinds excepting smoked; various kinds of cereals and their flour; hay plants and seeds; cotton seed oil and cake, coal, turpentine, etc.; mining, manufacturing and agricultural machinery; railway material and hardware of various sorts; zinc, lead, tin and copper in various forms; building and ship material; paper printed matter; inks, etc.; gold and silver, coin and bullion.

AN EXCITING EVENT.

Tenny and Longstreet Doing Battle at Morris Park.

MORRIS PARK, Aug. 1.—Surging, jostling, pushing, thousands assembled here today to see the battle for \$12,000, and the championship of the turf for Tenny and Longstreet admitted the best horses in training in America. A more perfect day could not have been made. The track was perfect. As the day wore on the betting was spirited with slight odds toward Tenny.

The other events on the programme which would have been interesting any other day paled into insignificance, and but one thought seemed to possess the 25,000 human beings present.

Frequent and anxious were the inquiries both as to the condition of the flyers and each inquiry was met by the assurance that they were fit to run for a life. Inquiries also extended to the jockeys and Hamilton who will ride Longstreet, and Barnes who will mount Tenny, were pronounced in better condition in keeping with the animals. Each jockey rode at 126 pounds.

Longstreet won by twelve lengths, time, 2:07 3/4.

The registration committee have received notice from over 300 regimental organizations representing forty-five of the states and territories. Over 30,000 individuals are assigned to accommodations. It is expected that by Monday morning over 40,000 veterans will be provided for while fully half as many more will be guests of citizens.

Wheat Harvest in Progress.

PORTLAND, Aug. 1.—The crop bulletin issued today by the Oregon weather bureau says that the wheat harvest is in progress in every section of the state. Wheat is yielding from 20 to 40 bushels per acre. The berry is large and plump. The surplus wheat in Oregon and Washington will be from seventeen to twenty millions of bushels.

Must Pay 25 Per Cent. on Fishing Tine.

WASHINGTON, Aug. 1.—The treasury department has acquiesced in the decision of the circuit court for the northern district of California in the suit of Lee-son against Ex-Collector Sullivan. The decision is to the effect that salmon seine and gilling twine is dutiable at the rate of 25 per cent. ad valorem.

WANT A MILLION DOLLARS.

J. Kiernan and Friends Begin a Suit Against Banker Ladd for that Amount.

PORTLAND, Aug. 1.—A suit involving over a million dollars was begun today in the circuit court by J. Kiernan, et al., against the Portland Flouring Mills Company and W. S. Ladd, et al. Plaintiffs allege that they were stockholders in the original corporation of the Portland Flouring Mill Company which in 1883 became financially involved to W. S. Ladd. The company passed a resolution that Ladd, president, and James Steel, secretary, secure a purchaser for the property on which the mill stood as well as the mill. They allege that Ladd and Steel never made any effort to secure purchasers, but conveyed the property without any consideration and that Neal was simply Ladd's agent. Afterwards it is claimed W. S. Ladd, W. M. Ladd and C. A. Neal incorporated the new company, calling it the Portland Flouring Mills Co., and had the property conveyed to them by Neal. Plaintiffs claim that the entire transaction was fraudulent. They ask that the sale be set aside and that they may recover the profits made by the new corporation.

Bank of Rome in Financial Straits.

NEW YORK, Aug. 1.—A London special says: "Considerable alarm is felt in Rome over rumors of the impending closing of the bank of Rome. The bank is an old Catholic institution and it is said that Pope Leo has advanced 2,000,000 francs and thus averted the threatened disaster."

More Reciprocity.

MADRID, Aug. 1.—The official Gazette today publishes a decree promulgating a new treaty between the United States and Spain in regard to trade between the United States and Cuba and Port O' Rico.

CORUNNA, Aug. 1.—An explosion today in the fireworks factory killed six people and injured many more.

THE HARVEST FAILURE.

As a Consequence Food is Scarce and There is Much Suffering.

ST. PETERSBURG, July 30.—The greatest misery exists in Bessarabia, owing to the failure of the harvest and the scarcity of food. In the village of Koushany the people broke out in riot and plundered shops of provisions. The local police tried to restrain them, and were badly beaten, and one of their number killed. Reinforcements arriving from Bender, the rioters were at length dispersed, and a large number were made prisoners. Two of the prisoners were knouted to death on the public streets, as a warning to their companions, and six were selected for immediate deportation to Siberia. The wives and children of the exiles were not permitted to speak to them before departing, and nothing was spared that would be likely to strike in the unhappy peasantry. At Klesh-henez, the chief place of the province, it is said that no less than twelve persons have died of starvation this month. Not Jews alone, but many Russians have hurried across the frontier into Roumania, in order to escape the severe measures instituted since the outbreak.

SENATOR QUAY'S REASONS.

He Tells Why He Resigned From the National Committee.

PHILADELPHIA, July 30.—Senator Quay arrived here this evening. In an interview he spoke freely of his resignation from the republican national committee. He said: "I was merely desirous of relinquishing the chairmanship, and in order to do that it was necessary that I should withdraw entirely from the committee. I had previously made several attempts to resign. I first made up my mind to withdraw on Saturday night following the presidential election in 1888, but was persuaded not to carry out my purpose then. In March, 1890, while in Florida, I wrote Mr. Clarkson, asking him to call the committee together to consider my resignation. Shortly after this the attack began on me, and of course I could not resign under fire. Recently I concluded that the time had arrived when I could properly sever my connection with the committee, and did so."

A Young Medico's Escape.

PHILADELPHIA, July 30.—Edward Pepper, sr., today filed his answer to the allegations of his son, Edward Pepper, jr., M. D., who claimed that his father had agreed to pay him 12,000 francs a year, as ill health had compelled him to give up his practice in Paris. The annuity was paid for some time, but for five years past no payments have been made. The elder Pepper denies the ill-health story and says that it was his son's misconduct with women that caused him to lose his practice. To avoid scandal he agreed to pay 1000 francs a month, the money to be used for the support of the doctor's family. The doctor, however, abandoned his wife for an adventuress, and the payment consequently ceased.

AN IMPORTANT DECISION.

A South Dakota Court Holds That Half-Breeds Follow the Status of Their Father.

PIERRE, S. D., July 30.—Considerable comment has been aroused by a decision of the United States court in regard to the status of children born of Indian women and white or citizen husband. The case was that of the United States vs. Ward, on the charge of selling liquor to a half-breed. The evidence was that the half-breed in question had a negro father, who was a citizen, and an Indian mother. The decision of the court is that children follow the status of their father, and hence are citizens of the United States, and amenable only to its laws. If the decision holds good it will affect the ownership of the greater part of the land taken up in the vicinity of Fort Pierre and Stanley, across the river from Pierre, as it is nearly all held by squaw men, children, or their wives.

YELLOW ENVELOPE DAY.

Nine Hundred Census Bureau Employees to be Discharged.

WASHINGTON, July 30.—Tomorrow will be known as the "yellow envelope" day in the census office. No less than 900 of these envelopes will be distributed each one containing a brief announcement that the services of the person named are no longer required. It is not often that such a large discharge takes place at one time, in fact not oftener than once in ten years, when the census office, beginning with a force of 100 or 200, rapidly swells and expands till, within the space of a year, the clerical force numbers over 3000. As the business of the office is gradually disposed of the contraction of the force begins, there being no necessity for such a large number of clerks. On August 15th 400 more clerks will be discharged.

Death of a Foolhardy Fellow.

HELENA, MONT., July 30.—A remarkable case of foolhardiness, that resulted in a death, occurred today at Livingston. A party of seven men had constructed a boat, in which to float down the Yellowstone and Missouri rivers to the Dakota wheat fields, where they would work during harvest. They started today. William Barnes was in the stern steering the craft. The boat had gone but a short distance when they passed under some overwhelming willows. In a reckless mood Barnes grasped the willows and swung himself out of the boat, which floated on. Before the boat could be brought back, Barnes had dropped into the river and drowned. His home was in Montreal, Canada. His body was not recovered. The party passed on down the Yellowstone.

Christianized Indians Destroy Their Idols.

DULUTH, Minn., July 30.—Captain Jack Crawford has returned from a trip to the northern part of Vermillion lake and states that Frank Porter, a half breed, and Mrs. Dempsen, of Stillwater, Minn., have for three months past been working among the Chippewa Indians on the reservation and have converted nearly all to Christianity. A few days ago the Indians gathered all their idols in a big pile and burned them.

Married by Mrs. Ballington Booth.

NEW YORK, July 30.—Adjutant William Wallace Windell and Adjutant Ida May, of the Salvation army, were married tonight by Mrs. Ballington Booth, wife of Commander Booth, who acted in the absence of her husband. The rite is a notable one, from the fact that it is the first time a marriage knot has been tied by a woman.

Chicago Wheat Market.

CHICAGO, Ill., Aug. 1.—Close; wheat, easy, cash 87 3/4; September, 87 1/4.

Prayers for Rain.

I have heard my father say that in the days of his early manhood, which dates back to more than a century, in a season of protracted drought it was a custom for the deacons of the church situated in the old town of East Windsor to call together the members on a week day and put up petitions for rain. And he has assured me that these meetings were always followed by rain! He failed to tell me just how soon. Among those always in attendance was a man of the name of Potwine, one wonderfully gifted in prayer. "My father called to mind some of this pious man's earnest expressions, such as 'Send down the rain, O Lord! not in torrents, but in copious [sic] effusions.'" On an occasion of extraordinary and prolonged drought he put his petitions nearly in the form of a demand. Hain they must have, rain they would have, and they could not do without it. Realizing that he had gone too far in that direction, he qualified his demands by saying, "O Lord, we do not wish to dictate, but only to advise." Hartford Times.

A Sweet Line.

Cumso—Here's something very sweet in the newspaper.

Mrs. Cumso—Is it a poem? Oh, read it to me, please, dear!

Cumso (reading)—Twenty pounds of granulated sugar for one dollar.—New York Epoch.

General Wolsely, who is in command of the British forces in Ireland, is fifty-eight years old and probably the best soldier in England. He is a native Irishman and the son of a soldier. He entered the service at eighteen as an ensign.

Buddha is worshiped in Paris in various private temples, where the devotees meet regularly to pay homage to the "Light of Asia." Most of the Buddhists are Japanese, but among them are many Frenchmen and a few Englishmen.

"Who goeth a borrowing goeth a sorrowing" was doubtless true in the good old times, but nowadays it is the lender who does the mournful perambulation.
