The Daily

The Dalles Chronicle

The Dalles Chronicle is here and has come to stay. It hopes to win its way to public favor by energy, industry, and merit; and to this end we ask that you give it a fair trial, and if satisfied with its course a generous support.

The Daily

four pages of six columns each, will be issued every evening, except Sunday, and will be delivered in the city, or sent by mail for the moderate sum of fifty cents a month.

Its Objects

will be to advertise the resources of the city, and adjacent country, to assist in developing our grizzly industries, in extending and opening up new channels for our trade, in securing an open river, and in helping THE DALLES to take her proper position as the

Leading City of Eastern Oregon.

The paper, both daily and weekly, will be independent in politics, and in its criticism of political matters, as in its handling of local affairs, it will be

JUST, FAIR AND IMPARTIAL.

We will endeavor to give all the local news, and we ask that your criticism of our object and course, be formed from the contents of the paper, and not from rash assertions of outside parties.

THE WEEKLY,

sent to any address for $1.50 per year.

It will contain from four to six eight page columns, and we shall endeavor to make it the equal of the best. Ask your Postmaster for a copy, or address

THE DALLES

The Gatz City of the Inland Empire is situated at the head of navigation on the Columbia, and is a thriving, prosperous city.

Its Territory.

It is the supply city for an extensive and rich agricultural country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

Its Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in the Union, about 6,000,000 pounds being shipped last year.

Its Products.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of $1,600,000 which will bring $1,850,000 to the wealthy near future.

The products of the beautiful Klickitat valley find market here, and the common products of the coast have this year filled the warehouses and all available storage places to overflowing with their products.

Its Wealth.

It is the richest city of its size on the coast, and its money is scattered over and is being used to develop a more farming country than is tributary to any other city in Eastern Oregon.

In its situation is unsurpassed. Its climate delightful. Its possibilities indescribable. Its resources unlimited. And on these corner stones it stands.
