FRANCIS MURPHY'S WORK.

Three Thousand Citizens of Helena, Mont., Wear the Blue Ribbon.

HELENA, Mont. Aug. 17.—Francis Murphy has just concluded the most remarkable temperance revival in the history of Montana. Three weeks he labored day and night, and in that time more than three thousand people, or fully one-sixth of the entire city's population, signed his pledge of total abstinence and donned the blue ribbon. In a typical western town, built on the site of the famous Last Chance placer mining camp, this is a wonderful showing. After a short rest Mr. Murphy will grapple Bacchus in his own stronghold, the greatest mining camp on the earth, Butte City. From there he will go on west to the Sound cities and down to California. As in other places, Mr. Murphy has been rabidly attacked by the red-hot prohibitionists, for he neither advocates nor believes in that doctrine. Mr. Murphy in an interview with a local newspaper reporter said: "Prohibition has failed wherever tried. Kind words, encouragement, love and God's help alone can prevail upon men to quit the use of intoxicating liquors." Mr. Murphy has never done much work in the western mining and live stock counties, and he considers his success in Helena among the most notable of his long career.

ATTEMPTED MURDER.

Two ex-Convicts Assault a Man Who Had Testified Against Them.

SAN FRANCISCO, Aug. 17.—Two desperate ex-convicts, known as Peffer Taylor, alias King, and William Gordon, alias Lewis, attempted to kill Archie Salisbury at the corner of California and Kearney streets a few minutes before 1 o'clock this morning. Three years ago Salisbury was a witness against them, when they were convicted of burglary and sentenced to San Quentin. They secured their release from the penitentiary two weeks ago and started in search of Salisbury with the avowed intention of killing him. When they overtook him on Kearney street this morning Gordon drew a dagger and Taylor a pistol. They sprang upon their victim with an oath. Gordon slashed at him with the dagger. The blade struck Salisbury on the right shoulder, cutting his clothing but not reaching the flesh. Salisbury fled and his assailants chased him until Officers Johnson and Minihan captured Taylor. He was charged with an assault with a deadly weapon and carrying a concealed weapon. Gordon escaped at the time but was arrested soon after.

Danger of a Renewal of the War.

SAN FRANCISCO, Aug. 17.—A private letter from Samoa, under date of July 16, says there is great danger of a renewal of the war. Some residents have made arrangements to send their women and children to Honolulu at the first outbreak of the trouble. A strenuous appeal has been made for a United States warship. The only man-of-war there at the time was a German vessel, Robert Louis Stevenson, who is living a few miles from Apia, has greatly improved in health.

Another Added to the List.

SAN ANTONIO, Tex., Aug. 17.—Aontip Carrascal, the noted bandit chief, and desperado and slayer of eight men, has added another victim to his list. Toribio Pastrango, the deputy sheriff who secured evidence showing that Carrascal was the murderer of Charles Fuchsman, sergeant of the Texas Rangers, attempted to arrest the bandit Friday night at a fandango. As the deputy sheriff advanced into the room, the bandit drew his revolver and shot him dead, after which he made his escape.

Another World to Conquer.

WEST SUPERIOR, Aug. 16.—On good authority it can be stated that the American Steel Barge Company is outlining plans for employing the whalebacks on the Mississippi River. The river cities and individual interests looking to a betterment of their commerce are co-operating to that end. These barges, with the advantages they possess over the ocean craft, as respects less draught, combined with equal carrying capacity, can traverse the river from St. Louis to the gulf.

Sixty-Five Houses Burned.

JACKSONVILLE, Fla., Aug. 18.—A terrible fire is raging here. Sixty-five houses are burned and the fire is not under control. The flames were finally exhausted for want of material. The space of two blocks wide and six blocks long was totally destroyed. Loss about \$1,000,000, partially insured.

Texas People's Party Convenes.

DALLAS, Tex., Aug. 18.—The first Texas state convention of the people's party convened here today with 100 delegates present. The convention declared in favor of the Alden land law recently passed by legislation, and adopted the Cincinnati platform.

Portland Wool Market.

PORTLAND, Aug. 18.—Wool—Eastern Oregon, 13@14 cents per pound; valley 18@20 cents per pound. Wheat—valley, 1.55; Walla Walla, 1.45 per cental.

Flour Advanced.

LEEDS, Aug. 18.—Leeds Millers' Association decided to make an advance in the price of flour of 1s, 6d.

LOOKS VERY SERIOUS.

Concerted Action to be Taken by Foreign Powers Unless China Makes Some Redress.

The Combined Fleet May be Called Upon at Any Moment to Take Effective Action.

The Wheat Markets of the World Quieter and Prices Take a Little Drop.

SHANGHAI, Aug. 17.—There is no use disguising the fact that the most serious state of affairs exist in this country over the agitation against foreigners and others. The combined fleets of the powers may be called upon at any moment to take effective action, looking to redress for the outrages by the Chinese government. At present great excitement prevails at the increasing tension between the Chinese government and the ministers of foreign powers. From all appearances the former is obstinate in its refusal to redress the injury done foreigners during the recent riots. If the Chinese authorities do not yield to the firm demands of the ministers of the powers a concerted hostile action upon the part of the vessels of the various nations represented in these waters is imminent. Such a state of affairs exists that it has just become known that the foreign ministers were compelled to inform the Chinese government that a joint naval demonstration of an effective nature, in which the French, American, British and German squadrons will take part, will be ordered in the near future, unless speedy reparation is made for the injuries, outrages and abuses complained of by the ministers of the powers.

LONDON, Aug. 17.—The Standard today says: "Should China persist in her present attitude, grave consequences are threatened and no one can see issues. This is what the shrewder of Kolao and other secret societies desire. They hope to involve the government with the foreign powers, and thus distract it, knowing that if the powers attack China the empire will probably collapse and the whole of them fall into a state of anarchy, which could not be suppressed in our time. Happily the European diplomatists understand this condition of affairs, and knowing how how desperately fragile is the imperial authority in China, will persuade the others to deal with it in a gingerly manner."

Got Eight Years in the Penitentiary.

PHILADELPHIA, Aug. 18.—Charles Lawrence, ex-assistant cashier of the Keystone bank who pleaded guilty to indictments and charging him with making false entries in the bank books was this morning sentenced to eight years imprisonment in the penitentiary and pays a fine of \$100 and costs. In the cases of Francis W. Kennedy, president, and Henry F. Kennedy, cashier of the suspended Spring Garden bank, sentence was postponed until September 8th.

A Big Fire at Boston.

BOSTON, Aug. 18.—At Cambridge this morning the Damon Iron Works burned; buildings valued at \$50,000. The entire loss of the Damon Iron company is approximated at \$200,000 on which there was partial insurance. The Kendall machine shop adjoining was also destroyed, loss \$80,000 on the contents, insurance \$50,000. The men employed at both places lost tools valued at \$10,000. The Harvard Dry Plate company suffered a loss of \$90,000.

The Railroad Commission in Session.

SALEM, Aug. 18.—The railroad commission is now meeting to consider the matter of reduced rates recommended by the board for the united pacific. No decision has yet been reached. The board will probably adopt the rates recommended unless the company shows a good cause why not. The rates are a reduction of about 25 per cent. on wheat and 16 per cent. on horses, mules, etc.

The Chicago Wheat Pit Quiet.

CHICAGO, Aug. 18.—The feeling in the wheat pit was quiet this morning, foreign markets being lower. December wheat, which closed at 1.03 yesterday, started at that price but fluctuated both ways within range of 1½¢. At the end of the first half hour it was quoted at 1.02½¢.

A Decline in Prices.

LONDON, Aug. 18.—The reaction in America and on the continent weakened the markets and there is a general decline in prices.

The President Will be There.

PHILADELPHIA, Aug. 18.—President Harrison left Cape May this morning for Bennington, Vt., to take part in the centennial festivities.

Chicago Market.

CHICAGO, Ill., Aug. 18.—Close, wheat easy; cash, 101; Sept., 100½; Dec., 112½@½¢.

VALUE OF OUR CROPS.

Expected to be a Billion Dollars More Than During Recent Years.

NEW YORK, Aug. 17.—The American Agriculturist, in its annual review of the harvests, to be published in its September issue, estimates that the farm profits this year will be \$1,000,000,000 more than during the recent years of depression. On the basis of the present prospects the corn crop of 1891 is estimated to be 2,000,000,000 bushels; wheat, 500,000,000 bushels; and oats, 622,000,000 bushels. The total yield of wheat, corn and oats on the basis of this estimate will be 28.8 per cent. greater than last year, and 16.7 per cent. above the average of the preceding eleven years. On this basis the value of the corn crop will be to the farmers, \$1,000,000,000; wheat, \$500,000,000; and oats, \$250,000,000. This is \$450,000,000 more than the value of these crops in 1880, and \$625,000,000 more than the average of these crops from 1880 to 1890 inclusive. Cotton and rice will command better prices than last season. Cattle will be worth one-third more than eighteen months ago, with other live stock in proportion. Tobacco is advancing heavily, and hops are firm at good prices. Winter fruit will command large values and all vegetables are yielding fairly, with every indication of a remunerative market. The export outlook was never better. Immensely increased sums will be sent to the United States for our produce. Of course ulterior influences may interfere with these brilliant predictions, but it is almost certain the farmers will receive better profits on their crops than ever before.

A Special Meeting of U. P. Directors.

NEW YORK, Aug. 18.—This afternoon a special meeting of the Union Pacific directors went into session. George, Gould, Sidney, Dillon, Vice President Lane, Marvin, Naughtitt, and practically all the governors of the road were present.

After the meeting adjourned the following statements was issued: "The holders of more than half the floating debt on the Union Pacific assented to a plan for extending the debt by issuing notes for three years, and the board of directors of the company today passed necessary resolutions to put that into effect. It is proposed to issue sufficient 3-year six per cent. notes to retire the entire floating debt of the company. J. Pierpont-Morgan, Edward King, John A. Stewart, Alexander Orr and Frederick L. Amer were appointed a committee to represent creditors in the settlement of the matter."

Child Insurance Money.

LONDON, Aug. 17.—Although the bill, strongly advocated by the late Archbishop Magee, to have all child insurance money paid to undertakers did not pass parliament this session, it has none the less strong advocates, and coroners throughout the United Kingdom are conducting inquiries into such deaths with more vigor than before. There seems to be no doubt that many insured children perish through intentional neglect rather than positive violence, and that it was intended to take away wholly the motive for such crime.

The Salvation Army in South Africa.

LONDON, Aug. 17.—A dispatch from South Africa says that the heads of the Salvation Army in that country are anxiously awaiting the arrival of General Booth. The Salvation Army people have acquired a desirable site in Swaziland for the foundation of a colonial farm, on the plan suggested by General Booth, and a good portion of "Darkest England" may be on the way there before the extreme severities of winter. The general will arrive soon in Capetown.

Wife-Murder and Suicide.

OTTAWA, Kan., Aug. 17.—This afternoon E. B. Preston, a lumber merchant of North Ottawa, shot and killed his wife, and then attempted suicide. The couple separated some time ago on account of a quarrel over the attentions a certain young man was paying their daughter. Mrs. Preston, however, returned to her husband. The quarrel was renewed today, with the above results. Preston will die.

Smugglers Arrested.

NEW YORK, Aug. 17.—Three smugglers were arrested on the Etruria, which arrived today. They were Joseph Zeite, of Syracuse, N. Y., and N. E. Yesner and Jacob Rosenberg, of this city. A large quantity of silk and jewels was seized. They will have a hearing before the United States commissioner tomorrow.

Father and Son Lynched.

GULLMAN, Ala., Aug. 17.—Monroe Evans and his son John were arrested a few days ago at Barletown, charged with shooting Pierce Mooney last May. Last night a crowd took the prisoners from the guards and lynched them. Mooney has recovered from his wounds.

An Encouraging Prospect.

LONDON, Aug. 18.—The Times reports an encouraging prospect ahead for English farmers, saying if given good weather for a fortnight the wheat crop of Great Britain will be a good average one.

San Francisco Wool Market.

SAN FRANCISCO, Aug. 18.—Wool, Oregon and valley, 22@24.
