REMOVAL.
H. Glenn has removed his office and the office of the Electric Light Co. to 72 Washington St.

THE QUEEN WANTS A REST.

Too Many Babies for Queen Victoria's Comfort.
LONDON, Aug. 19.—Queen Victoria will go to Balmoral after the French entertainment. There is said to be some doubt whether she will be accompanied as usual by the Battenburgs. Prince Henry and Princess Beatrice are perfectly willing to go, but the queen has of late been very much annoyed by the latest Battenburg baby, aged 2 years and 2 months. This baby is named Prince Leopold, after the queen's departed son, and like Leopold he is already showing an alarming propensity to fits. The queen thinks the infant should remain in England to be doctored and that his father and mother should stay too. Battenburg wants to go to Scotland and do some grouse shooting; as for Beatrice, she also wants to go with her mother, who has been her life-long companion. The truth is said to be that the queen is tired of the Battenburg babies, of whom there are three born in about as many years, and wants a rest.

MORE RECIPROITY.

Still Better Arrangements Between Canada and This Country.
WASHINGTON, Aug. 19.—For some time Sir Julian Pauncefote has been anxiously endeavoring to arrange a basis of negotiation with Blaine with respect to the reciprocity trade between Canada and the United States, but with indifferent success. Premier Abbott sent a secret commission, a few weeks ago, to make an effort to establish entente cordiale. This agent, when at Washington, submitted Sir Julian Pauncefote's memorandum, to the effect that the present dominion government was willing to have a reciprocity trade with such articles as are not imported into Canada in large quantities from England.
Sir Julian now feels in a position to offer the United States reciprocity in coal, grain, meats, cattle and live stock, leather of all kinds, glassware, agricultural implements, flour and meal, paper manufactures, kerosene oil, cars, carriages, fish, metal goods, vegetables, fruits, hats and caps, rubber goods, fertilizers, earthen and chinaware, and a number of other important articles.

HAD HIS WIFE DISMISSED.

Woman Official Dismissed on her Husband's Complaint.
WASHINGTON, Aug. 19.—Acting Secretary Nettleton has signed an order dispensing with the services of Mrs. Catherine McGuire as assistant keeper of the light station at Marquette, Mich. A singular feature of this case is that the woman's dismissal is based on complaints made by her husband, who is keeper of the station. He charges her with inattention to duty. In reporting on the case, the inspector of the district suggests that the appointment of a man as assistant keeper would be best for the interests of the service.

UNION PACIFIC DEPOT BURNED.

The Agent Found in the Ruins With a Revolver Lying Near Him.
CARBON, Wyo., Aug. 19.—At 6:30 this morning the Union Pacific depot, express and telegraph offices at this place were entirely destroyed by fire. The remains of John Crompton, the company's agent, with a revolver lying near, were found in the ruins. The loss to the railroad company is \$5000. Crompton had been drinking hard for some time, and it is thought he set fire to the depot and then shot himself.

Arrested After a Hard Battle.

HANOVER, N. H., Aug. 20.—Frank C. Almy, the murderer of Christie Warden, was discovered in Warden's barn this morning. Almy fired fifteen shots at his pursuers, slightly injuring one of them. They are now debating how to dislodge the murderer, who probably will be shot. The besieged man finally surrendered to the sheriff and was taken to jail.

Sharp Practice Game.

BERLIN, Aug. 19.—A Warsaw correspondent telegraphs to his paper here that the millers of that city are engaged in preparing rye flour and bran, with the object of exporting as much as possible before prohibition is enforced. Grain market closed weak, on the rumor that Russia intends to place an export duty on wheat.

Suffered the Penalty of His Crime.

LIVERPOOL, Aug. 20.—John Conway, a steamship fireman, convicted of the murder of a boy whose body was found floating in a sailor's bag in the river, was hanged this morning. The hanging was a terrible affair, the man's head being almost torn from the body by the heavy fall.

Had Better Go Slow.

BERLIN, Aug. 20.—The Tageblatt says: "England's interest lies on our side. Should France and Russia defeat the dreibund the immediate consequence would be the expulsion of the English from Egypt."

They Endorse the Platform.
LITTLE ROCK, Ark., Aug. 20.—The state farmers' alliance convention in session here endorsed the Ocala platform and sub-treasury scheme.

UGHT TO BE LYNCHED

While Dancing at a Ball a Young Lady is Brutally Shot Down by Her Partner.

A Cyclone Sweeps Across Martinique Island and Sixty Persons Lose Their Lives.

NEW ORLEANS, Aug. 19.—While dancing at a ball at Sandy Creek, in Jackson parish, last night, Miss Matilda Addison was shot by William Murray, her partner in a waltz. Murray is a young man and had been forcing his attentions on Miss Addison. He tried repeatedly to get her to dance with him, but she excused herself on various grounds. Murray became angry and told some of the young men present that if she treated him like that again he would shoot her. To pacify him, Miss Addison, toward the close of the ball, accepted him as a partner. They were in the middle of the room and had just begun waltzing, when the report of a pistol was heard and Miss Addison fell. Murray had fired the pistol without taking it from his pocket, and the latter was set on fire by the discharge. It was found the ball had struck the woman in the thigh, striking the bone and passing directly through. The young man was arrested, but denied all intention of shooting.

Twenty Vessels Lost.

PARIS, Aug. 20.—Meagre reports from Martinique Island, which was swept by a cyclone yesterday state the number of vessels lost to be over twenty.
Official advices received here this afternoon announce the calamity to be the most severe since the year 1817. So far as can be learned there is nearly if not quite sixty deaths as the result of the hurricane's visit. Numerous sugar, coffee, cotton and cocoa plantations which have undergone the force of the tornado seem to be entirely destroyed.

SOLDIER IN A QUANDARY.

Though a Deserter, He Has Fallen Heir to Considerable Money.
ST. PAUL, Minn., Aug. 19.—Thomas G. Wren, a New York city lawyer, is here today in search of Frank D. Snyder, a young man who has been in St. Paul for several weeks, masquerading under the name of Edward Jones. Snyder worked for lumbermen in Minneapolis for a month or so, and since he came to St. Paul has been doing all sorts of odd jobs. Lawyer Wren wants Snyder to go to New York and take possession of property valued at \$25,000, left by his father who died there recently. Since last Friday the young man has not been seen. It was discovered this morning that he is a deserter from Company I, First artillery, and a reward of \$60 is offered for his apprehension. Wren says Snyder joined the army as a result of quarreling with a girl to whom he was very attentive. He is well educated, and at the time of his army escapade was holding a good position in a Jersey City bank. An effort will be made to buy Snyder out of his present difficulty. If he attempts to claim his newly-acquired wealth, however, he will be arrested and tried for desertion.

In a Watery Grave.

MARSHFIELD, Ogn., Aug. 20.—Captain E. L. Marshall, a wealthy real estate man of Seattle, Wash., was lost overboard from the steamer Arago, which left San Francisco for Marshfield Monday evening. The captain was last seen Tuesday night standing by the rail on the stern of the steamer. It is supposed to be a case of suicide.

Departed by the Suicide Route.

BLOOMINGTON, Ill., Aug. 19.—John S. Wilson, jr., of this city, committed suicide in Chicago last evening. He was the son of Colonel J. S. Wilson, general superintendent of the Western Union at Chicago, and until recently the traveling auditor of the Central Bell Telephone company.

The French Government Warned.

PARIS, Aug. 20.—The Journal Des Debats warns the French government to be satisfied with the friendship of Russia and England and not to attempt the impossible task of forming another dreibund.
Thousands of Acres of Grain Destroyed.
SANBORN, N. Dak., Aug. 20.—The hailstorm which swept over a wide strip of country south of this place yesterday afternoon laid waste 7000 acres of grain.

Harvest Prospects Gloomy.

CALCUTTA, Aug. 20.—A dispatch from the capital of British Burmah state that the harvest prospects almost throughout Burmah, are of the gloomiest description.
Portland Wheat Market.
PORTLAND, Aug. 20.—Wheat—Valley, 1.50; Walla Walla, 1.45@1.47 1/2 per cental.
San Francisco Wheat Market.
SAN FRANCISCO, Aug. 20.—Wheat buyer '91, 1.73%; season, 1.79%.

INVOLVING MILLIONS.

Heavy Damages Claimed Against a Corporation.

MILWAUKEE, Aug. 19.—A suit involving several millions of dollars has been begun in the United States circuit court by the American Loan and Trust company against the Gogebic Development company. The defendant in 1887 executed to plaintiff a trust deed of a large amount of valuable mining property in Ashland county to secure the payment of 2000 of its bonds of \$1000 each, amounting in all to \$2,000,000. This mortgage provided for the payment at 9 per cent. interest semi-annually, and the principal in 1907, and also in case of default for six months in the payment of any installment and on demand of the owners of the bonds to the amount of at least \$100,000 a mortgage should be declared to the whole amount of principal and interest due and payable, and proceeded to foreclosure. The complainant alleges that the defendant sold the whole \$2,000,000 bonds at par, and that there has been such default and demand. The answer admits the execution of the bond and mortgage, and that 500 of the bonds, amounting to \$500,000, were sold and negotiated by defendant, but denies that the rest of the bonds were sold. The latter, it alleges, were wrongfully and fraudulently parceled out by the former officers of the company without any value being paid therefor, and that the present owners of them had full knowledge of such fraud.

Big Grain Yields.

The St. Paul Pioneer Press, in the first column of its first page, under big, scare headlines, the first of which is "An Immense Yield," publishes the news that a Minnesota farmer harvested 43 1/2 bushels of wheat per acre from a fifteen and a quarter acre field. Another report says the crop in a certain locality is the best in eleven years, and the wheat looks good for 30 bushels to the acre. Another report predicts 25 bushels. Another says the average for one county will be 15 bushels at least—the heaviest since 1884. In another section it will be from 15 to 18 bushels; in another, 18 to 20.

These are doubtless, good yields for Minnesota, and the first and largest mentioned, very good for any country, but for the size of the field such a crop in various parts of Oregon would not be considered worth mentioning. Scores of large fields—from 40 to 100 acres each—in the Willamette valley and in Eastern Oregon will yield this year from 35 to 45 bushels. One man last week reported a yield of 53 bushels an acre, and didn't brag much about it.
Yet Minnesota and the Dakotas along with the Pacific Northwest and other parts of the country, will raise an immense aggregate crop this year. The Pioneer Press estimates that the yield in the three states will be of wheat, 150,000,000 bushels; oats, 116,000,000; corn, 51,000,000; and other grains in lesser amounts. The total value being about \$200,000,000, of which over \$150,000,000 worth will be for export.

News From Peru.

SAN FRANCISCO, Aug. 19.—The steamer George W. Elder, which left here last month with a cargo of 1400 tons of wheat for Peru, arrived this morning after fifteen days, from Callao. Captain Lewis stated that everything was quiet at the latter port, but there was a great demand for wheat and produce, their Chilean supply being cut off. American flour was selling at the rate of \$18 a sack and potatoes brought a high figure.

He Came to it at Last.

From the New York Weekly.
Young Father—I am amazed, shocked, my dear, to hear you say you intend to give the baby some paregoric. Don't you know that paregoric is opium, and opium stunts the growth, enfeebles the constitution, weakens the brain, destroys the nerves, and produces rickets, maramus, consumption, insanity and death?

Young Mother—Horror! I never heard a word about that. I won't give the little ducky darling a drop, no, indeed. But something must be done to stop his yelling. You carry him awhile.
Young Father (after an hour's steady tramping with the squalling infant)—Where in thunder is that paregoric?

The state of Washington is indebted to the enterprise of Walla Walla citizens for its first railway. The Walla Walla and Columbia River Railroad company was organized in 1868, the work of construction commenced in 1871 and completed in 1875.

An Imposing Ceremony.

MILWAUKEE, Aug. 20.—Cardinal Gibbons conferred the pallium on Archbishop Ketzer today with most imposing ceremonies.

Chicago Market.

CHICAGO, Ill., Aug. 20.—December wheat opened one higher at 1.05; advanced to 1.06 and receded to 1.04 1/2; at 11 o'clock at 1.04 1/2.

Berlin Grain Market.

BERLIN, Aug. 20.—The grain market opened up weak this morning. Eye showed no change, while wheat was slightly lower.
A Warm Welcome.
LONDON, Aug. 20.—Most of the morning papers have editorials extending a warm welcome to the French fleet.
